14. Deadline for Submission of Proposal and Late Proposals

The Buyer may, under special and exceptional circumstances, extend this deadline for the submission of the Bids and such changes shall be notified to all Bidders before the expiration of the original period.

Any Proposal received by UNAIDS after the Deadline for Submission of Proposals shall be rejected. UNAIDS shall not be legally responsible for Proposals that arrive late due to the Bidder's problems with transmission of Proposal submissions via e-mail and/or with the courier company.

15. Modification and Withdrawal of Bids

There shall be two separate openings, the first for Technical Proposals and the second for the Financial Proposals. The Bidders' names and their Technical Proposals shall be announced at the Technical Proposal opening. The Bidders' names and the Proposal prices stated in the Financial Proposal shall be announced at the Financial Proposal opening.

No Proposal shall be rejected at the opening session of the Technical proposal, except for late proposals or envelopes received unsealed.

Proposals that are not opened and read out at the proposal opening shall not be considered further for evaluation, irrespective of the circumstances.

18. Clarification of Bids

To assist in the examination, evaluation and comparison of Bids, UNAIDS may ask Bidders for clarification of their Proposals. The request for clarification and the response shall be in writing by UNAIDS and no change in price or substance of the proposal shall be sought, offered or permitted.

19. Preliminary examination of Proposals

UNAIDS shall examine the Proposals to determine whether they are complete, whether any computational errors have been made, whether the documents are properly signed and whether the proposals are generally in order.

Arithmetical errors shall be rectified on the following basis: If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Bidder does not accept the correction of errors, its proposal shall be rejected. If there is a discrepancy between words and figures, the amount in words shall prevail.

Prior to the detailed evaluation, the Buyer will determine the substantial responsiveness of each Proposal to the Request for Proposals. For purposes of these Clauses, a substantially responsive Proposal is one which conforms to all the terms and conditions of the RFP without material deviations. The Buyer's determination of a Proposal's responsiveness is based on the contents of the Proposal itself without recourse to extrinsic evidence.

A Proposal determined as not substantially responsive will be rejected by the Buyer and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

F. Award of Contract

20. Award Criteria

The Proposals are evaluated in a two-stage procedure where the Technical and Financial Proposals are evaluated separately. The Technical Proposals will be evaluated first and given a Total Technical Score based on the Evaluation Criteria (Annex III).

The Technical Proposal will be evaluated on the basis of its responsiveness to the Terms of Reference (Annex II), the Paper samples provided and the fullness and appropriateness of the responses to the Technical Proposal Form (Annex VI). The Technical Proposal will be given a Total Technical Score based on the Evaluation Criteria (Annex III)

UNAIDS shall reject at this stage any bidder who does not achieve a Total Technical Score of 70 points or more out of a maximum possible of 100 points. The Financial Proposal of Bidders scoring less than 70 points out of 100 will not be opened for consideration.

The award of the Contract(s) will then be made to the Bidder(s) who obtain the highest score in the Financial Proposal evaluation. The Financial Proposal will be given a Total Financial Score based on the Evaluation Criteria (Annex III)

UNAIDS reserves the right to invite selected Bidders to adjust any prices in the Excel cells of the Financial Proposal which appear to fall outside of expected values.

UNAIDS reserves the right to reject any Proposal if the Bidder has previously failed to perform properly or complete on time in accordance with contracts or if the Bidder in UNAIDS perspective is not in a position to perform the contract.

UNAIDS reserves the right to annul the solicitation process and reject all Proposals at any time prior to award of the contract without thereby incurring any liability to the affected Bidder(s) or any obligation to provide information on the grounds for the Buyer's action.

A Proposal that is rejected by UNAIDS may not be made responsive by the Bidder by correction of the non-conformity. A responsive proposal is defined as one which conforms to all the terms and conditions of the UNAIDS Proposal solicitation documents without material deviations. UNAIDS shall determine the responsiveness of each Bid with the UNAIDS Proposal solicitation documents.

The Bidders waive all rights to appeal against the decision made by UNAIDS.

21. Right to Vary Requirements at Time of Award

UNAIDS reserves the right at the time of award of contract to vary the amount of services and goods specified in the RFP without any change in price or other terms and conditions.

22. Signing of the contract

The Buyer shall send the successful Bidder a contract letter, which constitutes the Notification of Award. The successful Bidder shall sign and date the contract letter, and return it to UNAIDS within 5 days of receipt of the contract. After receipt of the contract letter, the successful Bidder shall deliver the services and/or goods in accordance with the technical specifications and delivery schedules outlined in the Proposal, and the Purchase Orders which will be sent for each and every printing order carried out under this contract.

UNAIDS estimates that this category of publications will represent approximately 50 titles per annum (all language editions included) to a value of approximately 200,000 USD per annum. On the basis of the Bids received it is expected that UNAIDS will select one or two printers (three at the most) to produce all of their publications which fall in to this category for the next three years.

Proposals are invited for the production of the above documents. Contractors submitting proposals must include bids for all aspects of this category. Incomplete bids that do not cover all aspects will not be accepted.

Suggested production schedules for the publications within this category are,

- From receipt of our printing files to submission of your electronic or hard copy proofs, 1 week
- From receipt of our corrections, changes or modifications to the electronic or hard copy proofs to submission of your revised electronic or hard copy proofs, 1 week.
- From receipt of your revised electronic or hard copy proofs to our submission of “Approval to Print”, 1 to 3 weeks
- From receipt of our “Approval to Print” to your completion of order, printing and binding and up to “ready for dispatch”, 2 weeks.
- You are to state a typical shipping time in days, and state whether by truck, sea or air freight from the moment when the goods are “ready for dispatch” to the time of arrival in our storage facility. The shipping time stated must reflect the means of transport included in to the production costs. The length of shipping time will be taken into account in the Technical Proposal; shorter shipping times will be favoured.
- Provision of electronic copies of the publication in its final form, provided in two versions, 1) a low resolution PDF for web use, where all of the pages, including covers are assembled in the exact sequence that the book would be read. 2) A high

resolution PDF containing trim marks, bleeds, register marks etc, in other words ready for use by another printer. Within 1 week of our “Approval to Print”

Proposals should include your own production schedules, taking into account the above suggestions, and add in any other relevant information.

TECHNICAL REQUIREMENTS

The package is a relatively straightforward one, and comprises the following elements:

- Pre-press receipt of printing files from UNAIDS in the form of InDesign CS3 files on a PC platform, or high-resolution printer-ready PDF files. Files will be submitted to you either by e-mail attachment, on CD-ROM or uploaded to a dedicated FTP site for you to download.
- Preparation and submission of hard copy proofs and/or contract quality electronic proofs
- Receipt of our corrections, changes or modifications to the hard copy proofs and/or contract quality electronic proofs and after you have attended to these requests, submission of revised hard copy proofs and/or contract quality electronic proofs
- Receipt of our “Approval to Print” either by return of signed hard copy or by e-mail with the digital proofs returned to you.
- Printing to the specifications outlined in our confirmation of order, which will in any case be based on the broad outlines contained in these Terms of Reference
- Project management of the complete operation whilst it is in production in your factory.
- Organizing despatch and overseeing the process to the UNAIDS storage facility in Geneva until the goods are signed for. A copy of the signed delivery note (electronic or paper) will be sent to UNAIDS within 48 hours.
- Provision of electronic copies of the publication in its final form, via e-mail, CD-ROM or uploaded onto a dedicated FTP site and in two versions, 1) a low resolution PDF for web use, where all of the pages, including covers are assembled in the exact sequence that the book would be read. 2) A high resolution PDF containing trim marks, bleeds, register marks etc, in other words ready for use by another printer.

Your Technical Proposal should indicate your capabilities in each area, and indicate whether you would perform the work yourself or outsource it. If you feel you have particular strengths in any of these or other areas relevant to production of these publications please draw our attention to them in your Technical Proposal.

The price shall reflect any tax exemption to which UNAIDS is entitled by reason of the immunity it enjoys. UNAIDS is exempt from all direct taxes, customs duties and the like, except as hereinafter provided, and the contractor shall consult UNAIDS so as to avoid the imposition of such charges with respect to all goods supplied and services rendered hereunder. As regards excise duties and other indirect taxes imposed on the sales of goods, the parties agree, however, that the contractor shall list such charges on invoices as a separate item and, to the extent required, cooperate with UNAIDS to enable reimbursement thereof.

V. INSPECTION

UNAIDS reserves the right to inspect the goods and/or the work called for under this contract at any time and the contractor shall afford every facility for such inspection.

VI. PACKING

The contractor shall pack the goods with the best materials and with every care in accordance with the normal commercial standards of export packing for this type of merchandise. Such packing materials used must be adequate to safeguard the goods

while being transported. The contractor shall be responsible for any damage and/or loss which can be shown to have resulted from faulty or inadequate packing.

VII. EXPORT LICENCE

The contract is subject to the obtaining of any export licence and other governmental authorization which may be necessary. It shall be the responsibility of the contractor to obtain such licences and authorizations, but UNAIDS may, at the contractor's request, provide reasonable assistance. In the event of refusal of any required licence or other authorization, the contract shall be cancelled and all claims between the parties automatically waived.

VIII. FORCE MAJEURE

Neither party to the contract shall be responsible for delay in the fulfillment thereof in the event of circumstances outside its control (force majeure), provided, however, that such party shall immediately so notify the other party in writing. In the event the fulfillment of this contract shall be delayed by any such circumstance for an aggregate of 15 (fifteen) days, UNAIDS shall be entitled to terminate this contract, either in its entirety or with respect to certain parts thereof, in writing with immediate effect (subject to an equitable arrangement being made in respect of payment of the contractor and subject to the terms of general condition III in respect of any work product or other material so far produced).

IX. DEFAULT

In the case of default of the contractor, including, but not limited to, failure to provide the goods and/or the work in accordance with the agreed specifications or to perform within the time specified, UNAIDS may by written notice (in addition to other remedies) cancel or terminate this contract, either in its entirety, or with respect to those deliverables and/or performances as to which the contractor is in default.

X. USE OF THE UNAIDS NAME

The contractor shall not advertise, or seek promotion of, the fact that he/she is a contractor to UNAIDS. Also, the contractor shall in no other manner whatsoever use the name, emblem, or official seal of the UNAIDS in connection with his/her business or otherwise.

XI. SETTLEMENT OF DISPUTES

Any dispute relating to the interpretation or application of this Agreement shall, unless amicably settled, be subject to conciliation. In the event of failure of the latter, the dispute shall be settled by arbitration.
