**58th Meeting of the UNAIDS Programme Coordinating Board
Geneva, Switzerland**

30 June – 2 July 2026

Draft Decisions as proposed in the PCB Papers

The UNAIDS Programme Coordinating Board,

Recalling that all aspects of UNAIDS work are directed by the following guiding principles:

- Aligned to national stakeholders' priorities;
- Based on the meaningful and measurable involvement of civil society, especially people living with HIV and populations most at risk of HIV infection;
- Based on human rights and gender equality;
- Based on the best available scientific evidence and technical knowledge;
- Promoting comprehensive responses to AIDS that integrate prevention, treatment, care and support; and
- Based on the principle of non-discrimination;

Intersessional Decisions:

Recalling that, it has decided through the intersessional procedure (see decisions in UNAIDS/PCB(58)/26.3:

- 5.2 *Requests* Member States, in collaboration with community-led HIV organizations and other relevant HIV-related organizations, with the support of the Joint Programme, to:
 - a. Ensure the inclusion of long-acting antiretrovirals in the national HIV prevention and treatment monitoring framework, based on the global WHO guidelines and recalling the HIV prevention and treatment targets and goals of the Global AIDS Strategy 2026-2031;
 - b. Promote equitable access to long acting antiretrovirals including through reaffirming the World Trade Organization Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS Agreement) as amended, and also reaffirms the 2001 WTO Doha Declaration on the TRIPS Agreement and Public Health, which recognizes that intellectual property rights should be interpreted and implemented in a manner supportive of the right of Member States to protect public health and, in particular, to promote access to essential health tools for all, and notes the need for appropriate incentives in the development of new health products;
 - c. Explore local and/or regional pharmaceutical manufacturing capacities and implement mechanisms to foster technology transfer on mutually agreed terms for long-acting products;
 - d. Use pooled procurement mechanisms to support accurate demand forecasting and market shaping as well as improve national regulatory systems for continued and accelerated national regulatory approvals;

- e. Strengthen primary prevention ensuring that all effective prevention options are available to all, and integrate long-acting antiretrovirals into national health systems, both in national health facilities and through differentiated service delivery;
- f. Ensure equitable access to affordable and high-quality long acting antiretrovirals, including through ensuring an enabling legal and policy environment that effectively addresses HIV-related stigma and discrimination;
- g. Utilize the existing scientific evidence on U=U to address legal, socio-cultural and economic barriers that prevent people living with HIV from accessing and sustaining treatment and attaining the highest achievable quality of life;
- h. Provide support and resources to communities of people living with, affected by, or most at risk of HIV to increase community leadership across programme and policy design, implementation and accountability, including demand creation of long-acting antiretrovirals, acknowledging the role of communities in reaching HIV targets;
