Mauritania Report NCPI

**NCPI Header**

is indicator/topic relevant?: Yes
is data available?: Yes
Data measurement tool / source: NCPI
Other measurement tool / source:
From date: 01/01/2013
To date: 12/31/2013

Additional information related to entered data. e.g. reference to primary data source, methodological concerns:
Data related to this topic which does not fit into the indicator cells. Please specify methodology and reference to primary data source:
Data measurement tool / source: GARPR

Name of the National AIDS Committee Officer in charge of NCPI submission and who can be contacted for questions, if any: Dr Idoumou Ould Mohamed Vall

Postal address: Secrétariat Exécutif National de Lutte contre le Sida (SENLS) Nouakchott - Mauritanie

Telephone: 0022222412599

Fax:

E-mail: medvallidoumou@yahoo.fr

Describe the process used for NCPI data gathering and validation:

Describe the process used for resolving disagreements, if any, with respect to the responses to specific questions:

Highlight concerns, if any, related to the final NCPI data submitted (such as data quality, potential misinterpretation of questions and the like):

**NCPI - PART A [to be administered to government officials]**

**A.I Strategic plan**

1. Has the country developed a national multisectoral strategy to respond to HIV?: Yes

IF YES, what is the period covered: PSN 2011 - 2015

IF YES, briefly describe key developments/modifications between the current national strategy and the prior one. IF NO or NOT APPLICABLE, briefly explain why:
IF YES, complete questions 1.1 through 1.10; IF NO, go to question 2.

1.1. Which government ministries or agencies have overall responsibility for the development and implementation of the national multi-sectoral strategy to respond to HIV? la stratégie nationale est mise en œuvre dans le cadre d’une approche multisectorielle définissant les rôles et responsabilités de chaque partie prenante. Les missions de pilotage et de coordination sont assurées par le SENLS qui l’instance exécutive.

1.2. Which sectors are included in the multisectoral strategy with a specific HIV budget for their activities?

Education:

Included in Strategy: Yes

Earmarked Budget: Yes

Health:

Included in Strategy: Yes

Earmarked Budget: Yes

Labour:

Included in Strategy: Yes

Earmarked Budget: Yes

Military/Police:

Included in Strategy: Yes

Earmarked Budget: Yes

Social Welfare:

Included in Strategy: Yes

Earmarked Budget: Yes

Transportation:

Included in Strategy: Yes

Earmarked Budget: Yes

Women:

Included in Strategy: Yes

Earmarked Budget: Yes
Young People:

Included in Strategy: Yes

Earmarked Budget: Yes

Other: Les Ministères de la justice, de la communication, de la peche, de l'orientation islamique mettent en œuvre des plans sectoriels de lutte contre le Sida.

Included in Strategy: Yes

Earmarked Budget: No

IF NO earmarked budget for some or all of the above sectors, explain what funding is used to ensure implementation of their HIV-specific activities?

1.3. Does the multisectoral strategy address the following key populations/other vulnerable populations, settings and cross-cutting issues?

KEY POPULATIONS AND OTHER VULNERABLE POPULATIONS:

Discordant couples: Yes

Elderly persons: No

Men who have sex with men: Yes

Migrants/mobile populations: Yes

Orphans and other vulnerable children: Yes

People with disabilities: Yes

People who inject drugs: No

Sex workers: Yes

Transgender people: No

Women and girls: Yes

Young women/young men: Yes

Other specific vulnerable subpopulations: Yes

SETTINGS:

Prisons: Yes

Schools: Yes

Workplace: Yes
CROSS-CUTTING ISSUES:

Addressing stigma and discrimination: Yes

Gender empowerment and/or gender equality: Yes

HIV and poverty: Yes

Human rights protection: Yes

Involvement of people living with HIV: Yes

IF NO, explain how key populations were identified?

1.4. What are the identified key populations and vulnerable groups for HIV programmes in the country?

People living with HIV: Yes

Men who have sex with men: Yes

Migrants/mobile populations: Yes

Orphans and other vulnerable children: Yes

People with disabilities: Yes

People who inject drugs: No

Prison inmates: Yes

Sex workers: Yes

Transgender people: No

Women and girls: Yes

Young women/young men: Yes

Other specific key populations/vulnerable subpopulations [write in]: outre les groupes déjà cités, les routiers, les refugiés, les marins constituent des groupes vulnérables au VIH dans le contexte Mauritanien.

: Yes

1.5 Does the country have a strategy for addressing HIV issues among its national uniformed services (such as military, police, peacekeepers, prison staff, etc)? Yes

1.6. Does the multisectoral strategy include an operational plan?: Yes

1.7. Does the multisectoral strategy or operational plan include:

a) Formal programme goals?: Yes
b) Clear targets or milestones?: Yes

c) Detailed costs for each programmatic area?: Yes

d) An indication of funding sources to support programme implementation?: Yes

e) A monitoring and evaluation framework?: Yes

1.8. Has the country ensured “full involvement and participation” of civil society in the development of the multisectoral strategy?: Active involvement

IF ACTIVE INVOLVEMENT, briefly explain how this was organised.: Les OSC sont membres de tous les organes de coordination et du suivi et participent activement dans tous les processus d'élaboration des programmes et des stratégies dans le cadre des ateliers ou réunions de concertation, de formulation et de validation.

IF NO or MODERATE INVOLVEMENT, briefly explain why this was the case.: 

1.9. Has the multisectoral strategy been endorsed by most external development partners (bi-laterals, multi-laterals)?: Yes

1.10. Have external development partners aligned and harmonized their HIV-related programmes to the national multisectoral strategy?: Yes, all partners

IF SOME PARTNERS or NO, briefly explain for which areas there is no alignment/harmonization and why: L'ensemble des partenaires au développement inscrivent leurs actions dans le cadre des objectifs et des axes de la stratégie nationale.

2.1. Has the country integrated HIV in the following specific development plans?

SPECIFIC DEVELOPMENT PLANS:

Common Country Assessment/UN Development Assistance Framework: Yes

National Development Plan: Yes

Poverty Reduction Strategy: Yes

National Social Protection Strategic Plan: Yes

Sector-wide approach: Yes

Other [write in]: Stratégie nationale d'institutionnalisation du genre et composante VIH dans les projets et programmes spécifiques (infrastructures, développement rural, secteur minier, développement local)

: Yes

2.2. IF YES, are the following specific HIV-related areas included in one or more of the development plans?

HIV-RELATED AREA INCLUDED IN PLAN(S):

Elimination of punitive laws: N/A
HIV impact alleviation (including palliative care for adults and children): Yes

Reduction of gender inequalities as they relate to HIV prevention/treatment, care and/or support: Yes

Reduction of income inequalities as they relate to HIV prevention/treatment, care and/or support: Yes

Reduction of stigma and discrimination: Yes

Treatment, care, and support (including social protection or other schemes): Yes

Women’s economic empowerment (e.g. access to credit, access to land, training): Yes

Other [write in]: les activités spécifiques ciblant les OEV, implication des PVVIH dans la prise de décision (SENLS, CCM),

: Yes

3. Has the country evaluated the impact of HIV on its socioeconomic development for planning purposes?: No

3.1. IF YES, on a scale of 0 to 5 (where 0 is “Low” and 5 is “High”), to what extent has the evaluation informed resource allocation decisions?:

4. Does the country have a plan to strengthen health systems?: Yes

Please include information as to how this has impacted HIV-related infrastructure, human resources and capacities, and logistical systems to deliver medications and children:

5. Are health facilities providing HIV services integrated with other health services?

a) HIV Counselling & Testing with Sexual & Reproductive Health: Many

b) HIV Counselling & Testing and Tuberculosis: Many

c) HIV Counselling & Testing and general outpatient care: Many

d) HIV Counselling & Testing and chronic Non-Communicable Diseases: Many

e) ART and Tuberculosis: Many

f) ART and general outpatient care: Many

g) ART and chronic Non-Communicable Diseases: Many

h) PMTCT with Antenatal Care/Maternal & Child Health: Many

i) Other comments on HIV integration: :

6. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate strategy planning efforts in your country’s HIV programmes in 2013?: 8

Since 2011, what have been key achievements in this area: Élaboration du plan stratégique national de lutte contre le Sida Révision de la stratégie nationale de prise en charge Élaboration du plan national de suivi & évaluation Elaboration Plan national eTME Mise en œuvre du plan de continuité des services financé par le fonds mondial mise en œuvre du premier trimestre du financement TFM Préparation pour la soumission au Nouveau Mécanisme de Financement Étude REDES
What challenges remain in this area: faiblesse dans la décentralisation et la déconcentration des services de lutte contre le VIH/Sida Mobilité du personnel médical au niveau périphérique Difficulté de fixer ce personnel au niveau périphérique

A.II Political support and leadership

1. Do the following high officials speak publicly and favourably about HIV efforts in major domestic forums at least twice a year?

A. Government ministers: Yes

B. Other high officials at sub-national level: Yes

1.1. In the last 12 months, have the head of government or other high officials taken action that demonstrated leadership in the response to HIV?: Yes

Briefly describe actions/examples of instances where the head of government or other high officials have demonstrated leadership: Le leadership du gouvernement s'est traduit par, entre autre, l'augmentation des ressources du budget national au profit de la lutte contre le Sida, la forte prise en compte du VIH/Sida dans les consultations de l'agenda post 2015 et l'engagement des autorités publiques réaffirmé par le vice-président du CNLS à l'occasion de la célébration de la journée mondiale de lutte contre le Sida.

2. Does the country have an officially recognized national multisectoral HIV coordination body (i.e., a National HIV Council or equivalent)?: Yes

IF NO, briefly explain why not and how HIV programmes are being managed:

2.1. IF YES, does the national multisectoral HIV coordination body:

Have terms of reference?: Yes

Have active government leadership and participation?: Yes

Have an official chair person?: Yes

IF YES, what is his/her name and position title?: Dr Moulaye Ould Mohamed Laghdaf, Premier Ministre

Have a defined membership?: Yes

IF YES, how many members?: 26

Include civil society representatives?: Yes

IF YES, how many?: 5

Include people living with HIV?: Yes

IF YES, how many?: 2

Include the private sector?: Yes
Strengthen donor coordination to avoid parallel funding and duplication of effort in programming and reporting?: Yes

3. Does the country have a mechanism to promote coordination between government, civil society organizations, and the private sector for implementing HIV strategies/programmes?: Yes

IF YES, briefly describe the main achievements: Le CNLS joue la fonction de mécanisme d’interaction entre le gouvernement, les OSC et le secteur privé.

What challenges remain in this area: Le manque de fonctionnalité effective de certains organes de coordination.

4. What percentage of the national HIV budget was spent on activities implemented by civil society in the past year?:

5. What kind of support does the National HIV Commission (or equivalent) provide to civil society organizations for the implementation of HIV-related activities?

Capacity-building: Yes

Coordination with other implementing partners: Yes

Information on priority needs: Yes

Procurement and distribution of medications or other supplies: No

Technical guidance: Yes

Other [write in]:

: No

6. Has the country reviewed national policies and laws to determine which, if any, are inconsistent with the National HIV Control policies?: No

6.1. IF YES, were policies and laws amended to be consistent with the National HIV Control policies?: No

IF YES, name and describe how the policies / laws were amended:

Name and describe any inconsistencies that remain between any policies/laws and the National AIDS Control policies:

7. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the political support for the HIV programme in 2013?: 9

Since 2011, what have been key achievements in this area: Accroissement de la part du budget de l'Etat dans le financement de la réponse de 3 à 30%. Élaboration du Plan Stratégique National de lutte contre le Sida Restructuration du SENLS dans le sens d'une plus grande efficacité Renforcement des capacités humaines du SENLS Élaboration des outils de planification stratégique: plan eTME; Révision de la stratégie nationale de prise en charge des PVVIH, Révision de la loi sur le VIH/Sida

What challenges remain in this area: - l'insuffisance de l'engagement des secteurs dans la lutte contre le Sida - la dépendance encore forte des ressources extérieures - les capacités encore limitées des structures de mise en œuvre au niveau régional.
A.III Human rights

1.1. Does the country have non-discrimination laws or regulations which specify protections for specific key populations and other vulnerable groups? Select yes if the policy specifies any of the following key populations and vulnerable groups:

People living with HIV: Yes

Men who have sex with men: No

Migrants/mobile populations: Yes

Orphans and other vulnerable children: Yes

People with disabilities: Yes

People who inject drugs: No

Prison inmates: Yes

Sex workers: No

Transgender people: No

Women and girls: Yes

Young women/young men: Yes

Other specific vulnerable subpopulations [write in]:

: No

1.2. Does the country have a general (i.e., not specific to HIV-related discrimination) law on non-discrimination?: Yes

IF YES to Question 1.1. or 1.2., briefly describe the content of the/laws:

La Mauritanie a ratifié les conventions internationales de droits de l'homme en particulier celles relatives aux droits des enfants et des femmes à la lutte contre la discrimination. des dispositions juridiques contre la discrimination sont instituées dans la constitution et les autres instruments juridiques nationaux de protection et de promotion des droits économiques sociaux et culturels.

Briefly explain what mechanisms are in place to ensure these laws are implemented:

Ces instruments sont mis en œuvre à travers des décrets d’application et leurs intégration dans l’arsenal juridique national.

Briefly comment on the degree to which they are currently implemented:

les rapports annuels de mise en œuvre de protocoles et des conventions internationales indiquent que des efforts de plus en plus importants sont entrepris pour rendre les lois plus effectives et garantir leur mise en œuvre.

2. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for key populations and vulnerable groups?: No

IF YES, for which key populations and vulnerable groups?:

People living with HIV: No
Elderly persons: No

Men who have sex with men: No

Migrants/mobile populations: No

Orphans and other vulnerable children: No

People with disabilities: No

People who inject drugs: No

Prison inmates: No

Sex workers: No

Transgender people: No

Women and girls: No

Young women/young men: No

Other specific vulnerable populations [write in]:

: No

Briefly describe the content of these laws, regulations or policies:

Briefly comment on how they pose barriers:

**A. IV Prevention**

1. Does the country have a policy or strategy that promotes information, education and communication (IEC) on HIV to the general population?: Yes

IF YES, what key messages are explicitly promoted?:

Delay sexual debut: Yes

Engage in safe(r) sex: Yes

Fight against violence against women: Yes

Greater acceptance and involvement of people living with HIV: Yes

Greater involvement of men in reproductive health programmes: Yes

Know your HIV status: Yes

Males to get circumcised under medical supervision: Yes
Prevent mother-to-child transmission of HIV: Yes

Promote greater equality between men and women: Yes

Reduce the number of sexual partners: Yes

Use clean needles and syringes: Yes

Use condoms consistently: Yes

Other [write in]: No

1.2. In the last year, did the country implement an activity or programme to promote accurate reporting on HIV by the media?: Yes

2. Does the country have a policy or strategy to promote life-skills based HIV education for young people?: Yes

2.1. Is HIV education part of the curriculum in:

Primary schools?: Yes

Secondary schools?: Yes

Teacher training?: Yes

2.2. Does the strategy include

a) age-appropriate sexual and reproductive health elements?: Yes

b) gender-sensitive sexual and reproductive health elements?: Yes

2.3. Does the country have an HIV education strategy for out-of-school young people?: No

3. Does the country have a policy or strategy to promote information, education and communication and other preventive health interventions for key or other vulnerable sub-populations?: Yes

Briefly describe the content of this policy or strategy:

3.1. IF YES, which populations and what elements of HIV prevention does the policy/strategy address?

People who inject drugs:

Men who have sex with men: Condom promotion, HIV testing and counseling, Reproductive health, including sexually transmitted infections prevention and treatment, Stigma and discrimination reduction, Targeted information on risk reduction and HIV education

Sex workers: Condom promotion, HIV testing and counseling, Reproductive health, including sexually transmitted infections prevention and treatment, Stigma and discrimination reduction, Targeted information on risk reduction and HIV education, Vulnerability reduction (e.g. income generation)
Customers of sex workers: Condom promotion, HIV testing and counseling, Stigma and discrimination reduction

Prison inmates: Condom promotion, HIV testing and counseling, Stigma and discrimination reduction

Other populations [write in]:

3.2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate policy efforts in support of HIV prevention in 2013?: 8

Since 2011, what have been key achievements in this area?:

What challenges remain in this area?:

4. Has the country identified specific needs for HIV prevention programmes?: Yes

IF YES, how were these specific needs determined?:

IF YES, what are these specific needs?:

4.1. To what extent has HIV prevention been implemented?

The majority of people in need have access to:

Blood safety: Strongly agree

Condom promotion: Agree

Economic support e.g. cash transfers: Agree

Harm reduction for people who inject drugs: Strongly agree

HIV prevention for out-of-school young people: Strongly agree

HIV prevention in the workplace: Strongly agree

HIV testing and counseling: Strongly agree

IEC on risk reduction: Strongly agree

IEC on stigma and discrimination reduction: Strongly agree

Prevention of mother-to-child transmission of HIV: Strongly agree

Prevention for people living with HIV: Strongly agree

Reproductive health services including sexually transmitted infections prevention and treatment: Agree

Risk reduction for intimate partners of key populations: Strongly agree

Risk reduction for men who have sex with men: Strongly agree
Risk reduction for sex workers: Strongly agree

Reduction of gender based violence: Strongly agree

School-based HIV education for young people: Strongly agree

Treatment as prevention: Strongly agree

Universal precautions in health care settings: Strongly agree

Other [write in]:

5. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in implementation of HIV prevention programmes in 2013?: 7

A.V Treatment, care and support

1. Has the country identified the essential elements of a comprehensive package of HIV treatment, care and support services?: Yes

If YES, Briefly identify the elements and what has been prioritized: - Promotion de la prévention, du dépistage et du traitement, - Lutte contre la stigmatisation et la discrimination, - Aide à l’insertion des PVVIH dans la vie sociale,

Briefly identify how HIV treatment, care and support services are being scaled-up?: le traitement ARV / IO, le suivi biologique, le soutien psychosocial, la prise en charge nutritionnelle,

1.1. To what extent have the following HIV treatment, care and support services been implemented?

The majority of people in need have access to:

Antiretroviral therapy: Agree

ART for TB patients: Agree

Cotrimoxazole prophylaxis in people living with HIV: Strongly agree

Early infant diagnosis: N/A

Economic support: Agree

Family based care and support: Agree

HIV care and support in the workplace (including alternative working arrangements): Agree

HIV testing and counselling for people with TB: Strongly agree

HIV treatment services in the workplace or treatment referral systems through the workplace: Strongly agree

Nutritional care: Strongly agree
Paediatric AIDS treatment: Strongly agree

Palliative care for children and adults: Strongly agree

Post-delivery ART provision to women: Strongly agree

Post-exposure prophylaxis for non-occupational exposure (e.g., sexual assault): Strongly agree

Post-exposure prophylaxis for occupational exposures to HIV: Strongly agree

Psychosocial support for people living with HIV and their families: Strongly agree

Sexually transmitted infection management: Strongly agree

TB infection control in HIV treatment and care facilities: Strongly agree

TB preventive therapy for people living with HIV: Agree

TB screening for people living with HIV: Strongly agree

Treatment of common HIV-related infections: Strongly agree

Other [write in]:

2. Does the government have a policy or strategy in place to provide social and economic support to people infected/affected by HIV?: No

Please clarify which social and economic support is provided:

3. Does the country have a policy or strategy for developing/using generic medications or parallel importing of medications for HIV?: Yes

4. Does the country have access to regional procurement and supply management mechanisms for critical commodities, such as antiretroviral therapy medications, condoms, and substitution medications?:

IF YES, for which commodities?

5. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV treatment, care, and support programmes in 2013?: 6

Since 2011, what have been key achievements in this area:

What challenges remain in this area:

6. Does the country have a policy or strategy to address the needs of orphans and other vulnerable children?: Yes

6.1. IF YES, is there an operational definition for orphans and vulnerable children in the country?: Yes

6.2. IF YES, does the country have a national action plan specifically for orphans and vulnerable children?: Yes
7. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts to meet the HIV-related needs of orphans and other vulnerable children in 2013?: 7

Since 2011, what have been key achievements in this area?:

What challenges remain in this area?:

A.VI Monitoring and evaluation

1. Does the country have one national Monitoring and Evaluation (M&E) plan for HIV?: Yes

Briefly describe any challenges in development or implementation: Irrégularité du système de reporting. Faiblesse des capacités des structures de mise en œuvre dans le SE Insuffisance des ressources financières allouées au SE Limite du système national d'information (SNIS) surtout en terme de complétude et de promptitude. Insuffisance dans la coordination entre les différentes productrices d'information

1.1. IF YES, years covered: 2011 - 2015

1.2. IF YES, have key partners aligned and harmonized their M&E requirements (including indicators) with the national M&E plan?: Yes, all partners

Briefly describe what the issues are:

2. Does the national Monitoring and Evaluation plan include?

A data collection strategy: Yes

IF YES, does it address:

Behavioural surveys: Yes

Evaluation / research studies: Yes

HIV Drug resistance surveillance: No

HIV surveillance: Yes

Routine programme monitoring: Yes

A data analysis strategy: Yes

A data dissemination and use strategy: Yes

A well-defined standardised set of indicators that includes sex and age disaggregation (where appropriate): Yes

Guidelines on tools for data collection: Yes

3. Is there a budget for implementation of the M&E plan?: Yes

3.1. IF YES, what percentage of the total HIV programme funding is budgeted for M&E activities?:

4. Is there a functional national M&E Unit?: Yes
Briefly describe any obstacles: Insuffisance du budget pour la mise en œuvre du plan SE

4.1. Where is the national M&E Unit based?

In the Ministry of Health? No

In the National HIV Commission (or equivalent)? Yes

Elsewhere? No

If elsewhere, please specify:

4.2. How many and what type of professional staff are working in the national M&E Unit?

<table>
<thead>
<tr>
<th>POSITION [write in position titles]</th>
<th>Fulltime or Part-time?</th>
<th>Since when?</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Chef du département de SE;</td>
<td>Temps plein</td>
<td>2011</td>
</tr>
<tr>
<td>1 Chargé SE</td>
<td>Temps plein</td>
<td>2013</td>
</tr>
<tr>
<td>Deux Assistants</td>
<td>Temps plein</td>
<td>2013</td>
</tr>
</tbody>
</table>

4.3. Are there mechanisms in place to ensure that all key partners submit their M&E data/reports to the M&E Unit for inclusion in the national M&E system? Yes

Briefly describe the data-sharing mechanisms: Les données santé remontent à l'unité via le canal du SNIS. Les OSC produisent des rapports d'activité et les transmettent au SENLS. Les rapports d'activité des partenaires sont utilisés par le SENLS dans son système de suivi et évaluation et dans l'élaboration de son rapport annuel de la riposte.

What are the major challenges in this area: Irrégularité des rapports et retards dans leur transmission. Non systématisation du partage et de la diffusion de l'information.

5. Is there a national M&E Committee or Working Group that meets regularly to coordinate M&E activities? Yes

6. Is there a central national database with HIV-related data? Yes

IF YES, briefly describe the national database and who manages it: Le SENLS dispose d'une équipe qui gère la base de données. cette base est récente est entrain d'être alimentée. d'autres part, il existe un logiciel de gestion des dossiers médicaux au niveau des structures de prise en charge.

6.1. IF YES, does it include information about the content, key populations and geographical coverage of HIV services, as well as their implementing organizations?

IF YES, but only some of the above, which aspects does it include: La base de données est en cours d'installation.

6.2. Is there a functional Health Information System?

At national level: Yes

At subnational level: Yes

IF YES, at what level(s): Le SNIS existe à tous les niveaux de la pyramide sanitaire, du niveau primaire au tertiaire.

7.1. Are there reliable estimates of current needs and of future needs of the number of adults and children requiring antiretroviral therapy?: Estimates of Current and Future Needs
7.2. Is HIV programme coverage being monitored?: Yes
(a) IF YES, is coverage monitored by sex (male, female)?: Yes
(b) IF YES, is coverage monitored by population groups?: Yes
IF YES, for which population groups?: femmes, jeunes, populations clés.

Briefly explain how this information is used: Ces informations sont utilisées pour une meilleure connaissance de
l'épidémie et la conception et la mise en œuvre des programmes répondant aux besoins et aux priorités nationales et le suivi
de ces programmes.

(c) Is coverage monitored by geographical area?: Yes

IF YES, at which geographical levels (provincial, district, other)?: Le système de surveillance actuel couvre le niveau
régional (provincial).

Briefly explain how this information is used: Ces informations sont utilisées pour mieux connaître la distribution spatiale
de l'épidémie et la planification des interventions selon les situations des régions.

8. Does the country publish an M&E report on HIV, including HIV surveillance data at least once a year?: Yes

9. How are M&E data used?

For programme improvement?: Yes

In developing / revising the national HIV response?: Yes

For resource allocation?: Yes

Other [write in]:

: No

Briefly provide specific examples of how M&E data are used, and the main challenges, if any:

10. In the last year, was training in M&E conducted

At national level?: No

IF YES, what was the number trained:

At subnational level?: No

IF YES, what was the number trained:

At service delivery level including civil society?: No

IF YES, how many?:

10.1. Were other M&E capacity-building activities conducted other than training?: Yes
IF YES, describe what types of activities: Deux cadres du SENLS ont bénéficié d’une formation organisée à Dakar.

11. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the HIV-related monitoring and evaluation (M&E) in 2013?: 6

Since 2011, what have been key achievements in this area: Élaboration du plan national de suivi & évaluation Renforcement de l’équipe de SE par des nouveaux cadres Élaboration d’outils consensuels sur le SE Mise en place d’une base de données

What challenges remain in this area: Absence d’un mécanisme fonctionnel de remontée de l’information.

B.I Civil Society involvement

1. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) has civil society contributed to strengthening the political commitment of top leaders and national strategy/policy formulations?: 4

Comments and examples: Participation active dans le dispositif institutionnel de coordination et de pilotage Structuration des OSC en réseaux de lutte contre le Sida Plaidoyer de la société civile pour la prise en compte du VIH/Sida dans les politiques Engagement des religieux dans la lutte contre le Sida

2. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) have civil society representatives been involved in the planning and budgeting process for the National Strategic Plan on HIV or for the most current activity plan (e.g. attending planning meetings and reviewing drafts)?: 5

Comments and examples:

3. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) are the services provided by civil society in areas of HIV prevention, treatment, care and support included in:

   a. The national HIV strategy?: 4

   b. The national HIV budget?: 4

   c. The national HIV reports?: 4

Comments and examples:

4. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) is civil society included in the monitoring and evaluation (M&E) of the HIV response?

   a. Developing the national M&E plan?: 4

   b. Participating in the national M&E committee / working group responsible for coordination of M&E activities?: 4

   c. Participate in using data for decision-making?: 4

Comments and examples:

5. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) is civil society representation in HIV efforts inclusive of diverse organizations (e.g. organisations and networks of people living with HIV, of sex workers, community based organisations, and faith-based organizations)?: 4

Comments and examples:
6. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) is civil society able to access:

a. Adequate financial support to implement its HIV activities?: 4

b. Adequate technical support to implement its HIV activities?: 4

Comments and examples:

7. What percentage of the following HIV programmes/services is estimated to be provided by civil society?

**Prevention for key-populations:**

People living with HIV: >75%

Men who have sex with men: >75%

People who inject drugs:

Sex workers: >75%

Transgender people:

**Palliative care**: <25%

Testing and Counselling: <25%

**Know your Rights/ Legal services**: 25–50%

**Reduction of Stigma and Discrimination**: 51–75%

**Clinical services (ART/OI)**: <25%

**Home-based care**: <25%

**Programmes for OVC**: 25-50%

8. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts to increase civil society participation in 2013?: 7

Since 2011, what have been key achievements in this area:

What challenges remain in this area:

**B.II Political support and leadership**

1. Has the Government, through political and financial support, involved people living with HIV, key populations and/or other vulnerable sub-populations in governmental HIV-policy design and programme implementation?: Yes
IF YES, describe some examples of when and how this has happened: les PVVIH et les groupes vulnérables sont membres des instances de prise de décision (CNLS, CCM où ils sont vice président) et participent à la planification, la conception, la mise en œuvre et le suivi évaluation des programmes.

B.III Human rights

1.1. Does the country have non-discrimination laws or regulations which specify protections for specific key populations and other vulnerable subpopulations? Circle yes if the policy specifies any of the following key populations:

KEY POPULATIONS and VULNERABLE SUBPOPULATIONS:

People living with HIV: Yes

Men who have sex with men: No

Migrants/mobile populations: Yes

Orphans and other vulnerable children: Yes

People with disabilities: Yes

People who inject drugs: No

Prison inmates: Yes

Sex workers: No

Transgender people: No

Women and girls: Yes

Young women/young men: Yes

Other specific vulnerable subpopulations [write in]:

: No

1.2. Does the country have a general (i.e., not specific to HIV-related discrimination) law on non-discrimination?: Yes

IF YES to Question 1.1 or 1.2, briefly describe the contents of these laws:

Briefly explain what mechanisms are in place to ensure that these laws are implemented:

Briefly comment on the degree to which they are currently implemented:

2. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for key populations and other vulnerable subpopulations?: No

2.1. IF YES, for which sub-populations?
KEY POPULATIONS and VULNERABLE SUBPOPULATIONS:

People living with HIV: No

Men who have sex with men: No

Migrants/mobile populations: No

Orphans and other vulnerable children: No

People with disabilities: No

People who inject drugs: No

Prison inmates: No

Sex workers: No

Transgender people: No

Women and girls: No

Young women/young men: No

Other specific vulnerable populations [write in]: No

Briefly describe the content of these laws, regulations or policies:

Briefly comment on how they pose barriers:

3. Does the country have a policy, law or regulation to reduce violence against women, including for example, victims of sexual assault or women living with HIV?: Yes

Briefly describe the content of the policy, law or regulation and the populations included.: Dispositions de la Convention internationale de l’élimination de toutes les formes de discriminations à l’égard des femmes Code de la famille

4. Is the promotion and protection of human rights explicitly mentioned in any HIV policy or strategy?: Yes

IF YES, briefly describe how human rights are mentioned in this HIV policy or strategy.: La constitution garantie les droits politiques politique, économiques et sociaux. Il existe un plan national de promotion et de protection de droits de l’homme. Le PSN inclut une composante environnement juridique favorable.

5. Is there a mechanism to record, document and address cases of discrimination experienced by people living with HIV, key populations and other vulnerable populations?: Yes

IF YES, briefly describe this mechanism:

6. Does the country have a policy or strategy of free services for the following? Indicate if these services are provided free-of-charge to all people, to some people or not at all (circle “yes” or “no” as applicable).
Antiretroviral treatment:

Provided free-of-charge to all people in the country: Yes

Provided free-of-charge to some people in the country: No

Provided, but only at a cost: No

HIV prevention services:

Provided free-of-charge to all people in the country: Yes

Provided free-of-charge to some people in the country: No

Provided, but only at a cost: No

HIV-related care and support interventions:

Provided free-of-charge to all people in the country: Yes

Provided free-of-charge to some people in the country: No

Provided, but only at a cost: No

If applicable, which populations have been identified as priority, and for which services?:

7. Does the country have a policy or strategy to ensure equal access for women and men to HIV prevention, treatment, care and support?: Yes

7.1. In particular, does the country have a policy or strategy to ensure access to HIV prevention, treatment, care and support for women outside the context of pregnancy and childbirth?: Yes

8. Does the country have a policy or strategy to ensure equal access for key populations and/or other vulnerable sub-populations to HIV prevention, treatment, care and support?: Yes

IF YES, Briefly describe the content of this policy/strategy and the populations included: Il existe un plan stratégique national de lutte contre le Sida, une stratégie nationale de prise en charge des PVVIH, un Plan eTME et une stratégie nationale des OEV.

8.1. IF YES, does this policy/strategy include different types of approaches to ensure equal access for different key populations and/or other vulnerable sub-populations?: Yes

IF YES, briefly explain the different types of approaches to ensure equal access for different populations:

9. Does the country have a policy or law prohibiting HIV screening for general employment purposes (recruitment, assignment/relocation, appointment, promotion, termination)?: No

IF YES, briefly describe the content of the policy or law:

10. Does the country have the following human rights monitoring and enforcement mechanisms?
a. Existence of independent national institutions for the promotion and protection of human rights, including human rights commissions, law reform commissions, watchdogs, and ombudspersons which consider HIV-related issues within their work: Yes

b. Performance indicators or benchmarks for compliance with human rights standards in the context of HIV efforts: No

IF YES on any of the above questions, describe some examples: La commission nationale de droits de l'homme Le commissariat aux droits de l'homme à l'action humanitaire et relation avec la société civile

11. In the last 2 years, have there been the following training and/or capacity-building activities:

a. Programmes to educate, raise awareness among people living with HIV and key populations concerning their rights (in the context of HIV)?: Yes

b. Programmes for members of the judiciary and law enforcement on HIV and human rights issues that may come up in the context of their work?: No

12. Are the following legal support services available in the country?

a. Legal aid systems for HIV casework: No

b. Private sector law firms or university-based centres to provide free or reduced-cost legal services to people living with HIV: No

13. Are there programmes in place to reduce HIV-related stigma and discrimination?: Yes

IF YES, what types of programmes?:

Programmes for health care workers: Yes

Programmes for the media: Yes

Programmes in the work place: Yes

Other [write in]:

: No

14. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the policies, laws and regulations in place to promote and protect human rights in relation to HIV in 2013?: 7

Since 2011, what have been key achievements in this area:

What challenges remain in this area:

15. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the effort to implement human rights related policies, laws and regulations in 2013?: 7

Since 2011, what have been key achievements in this area:

What challenges remain in this area:
B.IV Prevention

1. Has the country identified the specific needs for HIV prevention programmes?: Yes

IF YES, how were these specific needs determined?: La sensibilisation de la population générale, la promotion de la fidélité et/ou de l'abstinence, la sensibilisation des groupes à haut risque, la promotion du préservatif, la sécurisation du sang, la PTME, le traitement des couples discordants, la prévention et le traitement des IST.

IF YES, what are these specific needs?

1.1 To what extent has HIV prevention been implemented?

The majority of people in need have access to....:

Blood safety: Strongly agree

Condom promotion: Agree

Harm reduction for people who inject drugs: N/A

HIV prevention for out-of-school young people: Agree

HIV prevention in the workplace: Agree

HIV testing and counseling: Agree

IEC on risk reduction: Strongly agree

IEC on stigma and discrimination reduction: Strongly agree

Prevention of mother-to-child transmission of HIV: Strongly agree

Prevention for people living with HIV: Strongly agree

Reproductive health services including sexually transmitted infections prevention and treatment: Strongly agree

Risk reduction for intimate partners of key populations: Strongly agree

Risk reduction for men who have sex with men: Strongly agree

Risk reduction for sex workers: Strongly agree

School-based HIV education for young people: Strongly agree

Universal precautions in health care settings: Strongly agree

Other [write in]:

:

2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV prevention programmes in 2013?: 6
Since 2011, what have been key achievements in this area:

What challenges remain in this area:

**B.V Treatment, care and support**

1. Has the country identified the essential elements of a comprehensive package of HIV treatment, care and support services?: Yes

**If yes, briefly identify the elements and what has been prioritized:**
Le conselling, l'ETP, le diagnostic et traitement IO, le traitement ARV, le traitement des IST, le suivi clinique et biologique, soins nutritionnels, le soutien aux OEV, le soutien économique aux personnes infectées et affectées.

Briefly identify how HIV treatment, care and support services are being scaled-up?

1.1. To what extent have the following HIV treatment, care and support services been implemented?

The majority of people in need have access to...

- **Antiretroviral therapy:** Strongly agree
- **ART for TB patients:** Strongly agree
- **Cotrimoxazole prophylaxis in people living with HIV:** Strongly agree
- **Early infant diagnosis:** N/A
- **HIV care and support in the workplace (including alternative working arrangements):** Agree
- **HIV testing and counselling for people with TB:** Strongly agree
- **HIV treatment services in the workplace or treatment referral systems through the workplace:** Strongly agree
- **Nutritional care:** Strongly agree
- **Paediatric AIDS treatment:** Strongly agree
- **Post-delivery ART provision to women:** Strongly agree
- **Post-exposure prophylaxis for non-occupational exposure (e.g., sexual assault):** Strongly agree
- **Post-exposure prophylaxis for occupational exposures to HIV:** Strongly agree
- **Psychosocial support for people living with HIV and their families:** Strongly agree
- **Sexually transmitted infection management:** Strongly agree
- **TB infection control in HIV treatment and care facilities:** Strongly agree
- **TB preventive therapy for people living with HIV:** Agree
TB screening for people living with HIV: Strongly agree

Treatment of common HIV-related infections: Strongly agree

Other [write in]:

1.2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV treatment, care and support programmes in 2013?: 6

Since 2011, what have been key achievements in this area: Formation du personnel Équipement de trois unités de prise en charge du VIH/Sida au niveau régional en comptage lymphocytaire Identification des quatre nouvelles unités à ouvrir

What challenges remain in this area:

2. Does the country have a policy or strategy to address the needs of orphans and other vulnerable children?: Yes

2.1. IF YES, is there an operational definition for orphans and vulnerable children in the country?: Yes

2.2. IF YES, does the country have a national action plan specifically for orphans and vulnerable children?: Yes

3. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV treatment, care and support programmes in 2013?: 6

Since 2011, what have been key achievements in this area:
