

Geneva, 25 May 2012

**Responses to Questions received on:  
RFP-2012-14  
Develop a package of cost-effective gender transformative interventions**

---

- I would like inquire about the timeframe of the contract for which you have requested proposals (RFP-2012-14). In particular, when would you expect the research output to be delivered?

*ANSWER: As set out in the RFP, it was anticipated that all work shall be completed by 13 July 2012, including the research output. However, given the extension to the deadline to bid, published on UNAIDS website on 16 May, it is now expected that the deadline for the delivery of work will also be extended, to the beginning of August 2012.*
