The XXth International AIDS Conference will be held in Melbourne, Australia, 20-25 July 2014 at the Melbourne Convention and Exhibition Center (MCEC) located in 1 Convention Centre Pl, South Wharf 3006, Melbourne. The exhibition space during the conference will be open to the public from Sunday 20 July to Thursday 24 July 2014. An estimated 18,000 delegates will visit the exhibition area over the five conference days.

UNAIDS Secretariat is responsible for coordinating the engagement of UNAIDS at the conference and seeks to commission the **design, production, management and dismantling** of an exhibition booth to accommodate publications, electronic media and other display materials of the eleven Cosponsoring organizations and the UNAIDS Secretariat. A floor space of **100 square meters** will be allocated for the booth. The shape of the allocated space is not yet confirmed therefore the design could be either rectangle or square. **Flexibility** in the design and cost are highly recommended.

1.3.1 Key requirements

1.3.1.1 Design of Interior

- The interior of the exhibition space needs to provide the eleven Cosponsoring organizations and the Secretariat facilities to adequately display their activities in an interactive way. This must include space to accommodate no less than 13 workstations to show case videos and computer files.
- The area for the 11 cosponsors and UNAIDS Secretariat should be equipped to allow for multiple downloads of preloaded publications to be made from any station at the same time by multiple users.
- Each individual area will include a comfortable chair and a desk with ample display space.
- Access to electricity sockets (local socket is Australian) (at least three free sockets) should be widely available.
- The twelve individual spaces should be clearly 'signposted' with the logos of the eleven that agencies and the Secretariat (to be provided) within the interior of the booth.
- The contractor must provide the IT equipment and maintenance necessary for all spaces to be used by UNAIDS and co-sponsors during the duration of the event. The IT equipment to be provided is:
 - 13 workstations to be located one at each of the spaces of co-sponsors and 2 at the UNAIDS space. The minimum technical features are: Desktop computer (could be All-in-One) with a 4GB of RAM minimum, 22" LCD screen or Touchscreen and easily accessible USB Ports configured with Windows 7 or 8, MS Office 2010, VLC player, internal DVD player, Adobe Reader X, updated Antivirus, to be connected by Wi-Fi
 - Publications should be preloaded on the hard drives of the workstations provided by the bidder
 - 1 configured Wi-Fi router to enable downloads over Wi-Fi.
- A technician needs to be available to both help set up, dismantle, and to provide technical support throughout the conference.

1.3.1.2 Design of Exterior

- The exterior panels (could be build-up walls or hanging from ceiling) will be designed to highlight the work of the eleven Cosponsoring organizations and the Secretariat and may include photos and text. The bidder, therefore, should include printing, design and other display costs for at least twenty-four photo-posters (approximately 1m x 1.5m), with short text and agency logos (to be supplied) in the design bid.

1.3.1.3 Final Design Development

- The bidder will provide their proposed mockup(s) for the design of the booth as part of their technical offer. Electronic version is recommended. These will be costed as part of the financial offer.
- One focal point identified by each Cosponsoring organization will form a working group to collaborate closely with the booth design firm. This Booth Working Group will agree the final design, the allocation of the individual spaces in the interior (see below), and the final design and layout of the exterior panels.
- As part of design development, a period of consultation will need to be built into the process to incorporate feedback and input from the Booth Working Group. To facilitate this, draft designs will need to be presented electronically at times specified below. The design development stage is expected to have several phases.
- Feedback from the Booth Working Group will be incorporated into the design of the winning bid. A design incorporating feedback from the Booth Working Group will be provided for final comment with the winning bidder.

1.3.1.4 Shipping and Handling

The bidder is expected to cater for the shipping and handling of the booth to and from the venue. The bidder may need to further work in conjunction with the official designated shipping and handling agency for the conference to clear the booth consignment for entry into the conference venue. All cost associated with this will be covered by the bidder.

1.3.1.5 Other Considerations

The booth needs to be accessible from all sides. The exterior panels will be used to explore and highlight the collective work of the Joint Programme through poster-photos (see Previous Booth Samples provided). In addition the booth must be able to provide for delegates to download material from various points within the booth. (A photo gallery of the Joint UNAIDS Booths at past two international conferences is attached)

1.3.1.6 Technical and Infrastructural Requirements

- Technical guidance is available from two manuals, “Exhibitors Manuals” and “General Information”, produced by the AIDS 2014 Conference Secretariat. The manuals include information on the support the Conference Secretariat provides to exhibitors and can be found on the IAS Satellite and Exhibition Tracker (ISET) <http://iset.aids2014.org>

The bidder's withdrawal notice shall be prepared and dispatched to be received before the closing date in accordance with section 2.10.

- Email for withdrawal of proposal: Bids@UNAIDS.org

However, if you submitted your technical and financial proposals using the option for Electronic Submission in section 2.8, then your withdrawal notice must also be submitted to these email addresses with the reference number and the word WITHDRAWAL clearly indicated in the subject line.

The request for clarification and the response shall be in writing. No change in price or substance of the proposal shall be sought, offered or permitted during this exchange.

3.3 Preliminary Examination of Proposals

UNAIDS will examine the proposals to determine whether: (i) they are complete, (ii) any computational errors have been made, (iii) the documents have been properly signed, and (iv) the proposals are generally in order.

Please note that UNAIDS is not bound to select any of the firms/institutions submitting proposals. Furthermore, since a contract would be awarded in respect of the proposal which is considered most responsive to the needs of the project concerned, due consideration being given to UNAIDS' general principles, including economy and efficiency, UNAIDS does not bind itself in any way to select the firm/institution offering the lowest price.

3.4 Technical Evaluation of Proposals

A two-stage procedure will be utilized in evaluating the proposals, with technical evaluation of the proposal being completed prior to any evaluation of the Financial Proposal.

The technical evaluation of proposals will be accomplished by a selection panel. The selection panel will evaluate all proposals which have passed the preliminary examination of proposals according to:

- creativity and innovative design (**30 Points**)
- the integration of new technologies and use of green materials (**25 Points**)
- the management strategy/plan detailed in the document (**20 Points**);
- the quality of the overall proposal (**15 Points**);
- the experience of the firm in carrying out related projects (**10 Points**);

The obtainable number of points specified for each evaluation criterion indicates the relative significance or weight of the item in the overall evaluation process. The points allocated to the technical proposal correspond to 60% of the total obtainable points.

3.5 Financial Proposal Evaluation

The financial proposal will only be evaluated if the technical proposal achieves a minimum of 60% of the total allocable points for the technical evaluation. Proposals failing to obtain this minimum threshold will not be eligible for further consideration.

The maximum number of points for the price component is 40% of the total obtainable points.

This maximum number of points will be allocated to the lowest price proposal. All other price proposals will receive points in inverse proportion according to the following formula:

Points for the price component of a proposal being evaluated = ([Maximum number of points for the price component] x [Lowest price]) / [Price of proposal being evaluated]

3.6 Bidders' Presentations

At the discretion of UNAIDS, selected bidders may be invited to supply additional information on the contents of their proposal during the evaluation period. Such bidders could be asked to give a presentation of their proposal (possibly with an emphasis on a topic of UNAIDS's choice) followed by a question and answer session. If UNAIDS determines that there is such a need, the presentation will be held at UNAIDS Headquarters in Geneva, or by videoconference/Internet. Bidders will be given reasonable time to prepare for the presentation.

NOTE: Presentations or other individual contact is expressly prohibited before the closing date for proposal submission.

UNAIDS reserves the right to, at any time during the proposal process, modify the scope of services and goods specified in the RFP. At any time in the selection process, UNAIDS reserves the right to issue an amendment to the RFP detailing the change which should be notified only to bidders who have not been officially eliminated due to technical reasons at that point in time.

Within 30 days of receipt of the contract the successful bidder shall sign and date the contract and return it to UNAIDS according to the instructions provided at that time. If the bidder does not accept the contract terms without changes, then UNAIDS has the right not to proceed with the selected bidder and instead contract with another bidder of its choice.

The award of contract will be published in the UNAIDS public website, after all internal clearances and acceptance of the contract by the selected bidder.

5. GENERAL AND CONTRACTUAL CONDITIONS

The contract between UNAIDS and the selected bidder ("the Contract") will, unless otherwise explicitly agreed in writing, include the provisions as set forth in this section, and will otherwise inter alia address the following issues:

5.1 Conditions of Contract

Any and all of the Contractor's (general and/or special) conditions of contract are hereby explicitly excluded from the Contract, i.e., regardless of whether such conditions are included in the Contractor's offer, or printed or referred to on the Contractor's letterhead, invoices and/or other material, documentation or communications.

5.2 Responsibility

The Contractor will be responsible to ensure that the work performed under the Contract meets the agreed specifications and is completed within the time prescribed. The Contractor shall facilitate the operational audit related to the execution of the work and the compliance with the obligations set forth in the Contract, by persons so designated by UNAIDS. Thus the Contractor shall be solely responsible for the manner in which the work is carried out.
