UNAIDS 2016–2021 Strategy: targets, goals, vision

**Targets for 2020**

**Target 1**
90% of people living with HIV know their status, 90% of people living with HIV who know their status are receiving treatment, and 90% of people on treatment have suppressed viral load.

**Target 2**
Zero new HIV infections among children, and mothers are alive and well.

**Target 3**
90% of young people are empowered with the skills, knowledge and capability to protect themselves from HIV.

**Target 4**
90% of young people, especially young women and those in high-prevalence settings, have access to integrated sexual and reproductive health services.

**Target 5**
27 million additional men in high-prevalence settings are voluntarily medically circumcised, as part of integrated sexual and reproductive health services.

**Target 6**
90% of key populations, including sex workers, men who have sex with men, people who inject drugs, transgender people and prisoners, as well as migrants, have access to HIV combination prevention services.

**Target 7**
90% of women and girls live free from gender inequality and violence.

**Target 8**
90% of people living with, at risk of and affected by HIV, who are in need, benefit from HIV-sensitive social protection.

**Target 9**
Overall financial resources for the AIDS response in low- and middle-income countries reach at least US$ 30 billion, with continued increase from the current levels of investments in public sources.

**Target 10**
27 million additional men in high-prevalence settings are voluntarily medically circumcised, as part of integrated sexual and reproductive health services.

**Strategic Milestones for 2020**

- Fewer than 500,000 new HIV infections
- Fewer than 500,000 AIDS-related deaths

**End the AIDS epidemic**

**Key AIDS-Related SDGs for 2030**

- **SDG 3**
  Good health and well-being

- **SDG 5**
  Gender equality

- **SDG 10**
  Reduced inequalities

- **SDG 16**
  Peace, justice and strong institutions

- **SDG 17**
  Partnerships for the goals

**Targets for 2030**

- **SDG AIDS**
  Target for 2030

- **ZERO**
  New HIV infections

- **ZERO**
  Discrimination

- **ZERO**
  AIDS-related deaths

**Strategic Milestones for 2020**

- Zero new HIV infections
- Zero discrimination
- Zero AIDS-related deaths

**End the AIDS epidemic**

**Fewer than 500,000 AIDS-related deaths**

**Elimination of HIV-related discrimination**

**SDG AIDS Target for 2030**
