Republic of Korea Report NCPI

NCPI Header

Name of the National AIDS Committee Officer in charge of NCPI submission and who can be contacted for questions, if any:
Dr. Dukhyoung Lee
Postal address:
Director of Disease Prevention Center, Korea Centers for Disease Control and Prevention (KCDC) Oson Health Technology Administration Complex, Chungbuk-do, Korea 363-951
Telephone: +82-43-719-7300
Fax: +82-43-719-7339
E-mail: leeduk0125@hanmail.net

Describe the process used for NCPI data gathering and validation:
Data from Division of HIV and TB Control, Korea Centers for Disease Control and Prevention (KCDC) that is responsible for National HIV/AIDS Control.

Describe the process used for resolving disagreements, if any, with respect to the responses to specific questions:
Discussion with persons in charge of pratical HIV/AIDS Control

Highlight concerns, if any, related to the final NCPI data submitted (such as data quality, potential misinterpretation of questions and the like):
Some parts are not applicable to Korea Public Health System.

A - I. STRATEGIC PLAN

1. Has the country developed a national multisectoral strategy to respond to HIV? (Multisectoral strategies should include, but are not limited to, those developed by Ministries such as the ones listed under 1.2):
   Yes
   IF YES, what was the period covered:
   -
   IF YES, briefly describe key developments/modifications between the current national strategy and the prior one.
   IF NO or NOT APPLICABLE, briefly explain why:
   -

   1.1 Which government ministries or agencies

   Name of government ministries or agencies [write in]:
   Korea Centers for Disease Control and Prevention

   1.2. Which sectors are included in the multisectoral strategy with a specific HIV budget for their activities?
   SECTORS

Other [write in]:
-

IF NO earmarked budget for some or all of the above sectors, explain what funding is used to ensure implementation of their HIV-specific activities?:
-

1.3. Does the multisectoral strategy address the following key populations, settings and cross-cutting issues?

- Men who have sex with men: Yes
- Migrants/mobile populations: Yes
- Orphans and other vulnerable children: No
- People with disabilities: No
- People who inject drugs: Yes
- Sex workers: Yes
- Transgendered people: Yes
- Women and girls: Yes
- Young women/young men: Yes
- Other specific vulnerable subpopulations: Yes
- Prisons: Yes
- Schools: Yes
- Workplace: Yes
- Addressing stigma and discrimination: Yes
- Gender empowerment and/or gender equality: Yes
- HIV and poverty: Yes
- Human rights protection: Yes
- Involvement of people living with HIV: Yes

IF NO, explain how key populations were identified?:
-

1.4. What are the identified key populations and vulnerable groups for HIV programmes in the country [write in]?:
-

1.5. Does the multisectoral strategy include an operational plan?: Yes

1.6. Does the multisectoral strategy or operational plan include
a) Formal programme goals?: Yes
b) Clear targets or milestones?:
Yes

c) Detailed costs for each programmatic area?:
Yes

d) An indication of funding sources to support programme implementation?:
Yes

e) A monitoring and evaluation framework?:
Yes

1.7

1.7. Has the country ensured “full involvement and participation” of civil society in the development of the multisectoral strategy?:
Active involvement

IF ACTIVE INVOLVEMENT, briefly explain how this was organised:
Korea Federation For HIV/AIDS Prevention, Korean Alliance to Defeat AIDS, The Salvation Army Korea Territory (Public Health Department), and other civil society groups including PLHIV.

1.8. Has the multisectoral strategy been endorsed by most external development partners (bi-laterals, multi-laterals)?:
Yes

1.9

1.9. Have external development partners aligned and harmonized their HIV-related programmes to the national multisectoral strategy?:
Yes, all partners

2. Has the country integrated HIV into its general development plans such as in: (a) National Development Plan; (b) Common Country Assessment / UN Development Assistance Framework; (c) Poverty Reduction Strategy; and (d) sector-wide approach?:
Yes

2.1. IF YES, is support for HIV integrated in the following specific development plans?

Common Country Assessment/UN Development Assistance Framework:
Yes
National Development Plan:
Yes
Poverty Reduction Strategy:
Yes
Sector-wide approach:
Yes
Other [write in]:
Health Plan 2020

2.2. IF YES, are the following specific HIV-related areas included in one or more of the development plans?

HIV impact alleviation:
Yes
Reduction of gender inequalities as they relate to HIV prevention/treatment, care and/or support:
Yes
Reduction of income inequalities as they relate to HIV prevention/treatment, care and/or support:
Yes
Reduction of stigma and discrimination:
Yes
Treatment, care, and support (including social security or other schemes):
Yes
Women’s economic empowerment (e.g. access to credit, access to land, training):
N/A
Other [write in below]:

3. Has the country evaluated the impact of HIV on its socioeconomic development for planning purposes?:
Yes

3.1. IF YES, on a scale of 0 to 5 (where 0 is “Low” and 5 is “High”), to what extent has the evaluation informed resource allocation decisions?:
4

4. Does the country have a strategy for addressing HIV issues among its national uniformed services (such as
military, police, peacekeepers, prison staff, etc)?:
Yes
5. Has the country followed up on commitments made in the 2011 Political Declaration on HIV/AIDS?
Yes
5.1. Have the national strategy and national HIV budget been revised accordingly:
No
5.2. Are there reliable estimates of current needs and of future needs of the number of adults and children requiring antiretroviral therapy:
Estimates of Current and Future Needs
5.3. Is HIV programme coverage being monitored:
Yes
5.3 (a) IF YES, is coverage monitored by sex (male, female):
Yes
5.3 (b) IF YES, is coverage monitored by population groups:
Yes
5.3 (c) IF YES, is coverage monitored by geographical area:
Yes
5.4. Has the country developed a plan to strengthen health systems:
Yes
Please include information as to how this has impacted HIV-related infrastructure, human resources and capacities, and logistical systems to deliver medications:
14 general hospitals as HIV/AIDS treatment specialized facilities equipped with counseling service rooms designated by government have been providing professional HIV/AIDS medical services.
6. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate strategy planning efforts in the HIV programmes in 2011:
9
Since 2009, what have been key achievements in this area:
For those who require long-term care or terminal cases, a long-term care hospital designated by government has been operating since 2009.
What challenges remain in this area:
Stigma against PLHIV need to be a little more improved.

A - II. POLITICAL SUPPORT AND LEADERSHIP

1. Do the following high officials speak publicly and favourably about HIV efforts in major domestic forums at least twice a year:
   A. Government ministers:
   Yes
   B. Other high officials at sub-national level:
   Yes

1.1 (For example, promised more resources to rectify identified weaknesses in the HIV response, spoke of HIV as a human rights issue in a major domestic/international forum, and such activities as visiting an HIV clinic, etc.):
Yes
Briefly describe actions/examples of instances where the head of government or other high officials have demonstrated leadership:
2011 World AIDS Day Campaign was led by head of Korea Centers for Disease Control and Prevention including leaders of civil organizations.
2. Does the country have an officially recognized national multisectoral HIV coordination body (i.e., a National HIV Council or equivalent):
Yes
2.1. IF YES, does the national multisectoral HIV coordination body
Have terms of reference?:
Yes
Have active government leadership and participation?:
Yes
Have an official chair person?:
Yes
  IF YES, what is his/her name and position title?:
  Dr. JunMyoung Kim, Professor of Yeonsei University
Have a defined membership?:
Yes
  IF YES, how many members?:
  11
Include civil society representatives?:
Yes
  IF YES, how many?:
  1
Include people living with HIV?:
No
Include the private sector?:
Yes
  Strengthen donor coordination to avoid parallel funding and duplication of effort in programming and reporting?:
Yes

3. Does the country have a mechanism to promote interaction between government, civil society organizations, and the private sector for implementing HIV strategies/programmes?:
Yes
  IF YES, briefly describe the main achievements:
  Korea Centers for Disease Control and Prevention is promoting and coordinating interaction among civil society organizations and private sector's organizations.
  What challenges remain in this area:

4. What percentage of the national HIV budget was spent on activities implemented by civil society in the past year?:

5.
  Capacity-building:
  Yes
  Coordination with other implementing partners:
  Yes
  Information on priority needs:
  Yes
  Procurement and distribution of medications or other supplies:
  Yes
  Technical guidance:
  Yes
  Other [write in below]:

6. Has the country reviewed national policies and laws to determine which, if any, are inconsistent with the National HIV Control policies?:
Yes
  6.1. IF YES, were policies and laws amended to be consistent with the National HIV Control policies?:
Yes
  IF YES, name and describe how the policies / laws were amended:
  No discrimination against PLHIV in getting Jobs, No restriction for migration etc.
  Name and describe any inconsistencies that remain between any policies/laws and the National AIDS Control policies:

7. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the political support for the HIV programme in 2011?:
9
Since 2009, what have been key achievements in this area:
Prohibition of any discrimination against PLHIV in the workplace and revision of the Korea Immigration Service Regulation for no travel restriction against PLHIV.
What challenges remain in this area:
### A - III. HUMAN RIGHTS

#### 1.1

- People living with HIV: **Yes**
- Men who have sex with men: **Yes**
- Migrants/mobile populations: **Yes**
- Orphans and other vulnerable children: **Yes**
- People with disabilities: **Yes**
- People who inject drugs: **Yes**
- Prison inmates: **Yes**
- Sex workers: **Yes**
- Transgendered people: **Yes**
- Women and girls: **Yes**
- Young women/young men: **Yes**
- Other specific vulnerable subpopulations [write in]: **-**

#### 1.2. Does the country have a general (i.e., not specific to HIV-related discrimination) law on non-discrimination?: **Yes**

**If YES to Question 1.1. or 1.2., briefly describe the content of the laws:**

Korea Ministry of Justice’s Immigration Control Service Regulation not to prohibit any travel restrictions for peoples living with HIV.

**Briefly explain what mechanisms are in place to ensure these laws are implemented:**

Korea Ministry of Justice is implementing the regulations not to prohibit any travel restrictions for peoples living with HIV.

**Briefly comment on the degree to which they are currently implemented:**

The regulations are strictly implemented in Immigration Services at the Points of Entry (POEs)

#### 2. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for key populations and other vulnerable subpopulations?: **No**

**If YES, for which subpopulations?**

- People living with HIV: **-**
- Men who have sex with men: **-**
- Migrants/mobile populations: **-**
- Orphans and other vulnerable children: **-**
- People with disabilities: **-**
- People who inject drugs: **-**
- Prison inmates: **-**
- Sex workers: **-**
- Transgendered people: **-**
- Women and girls: **-**
- Young women/young men: **-**
Other specific vulnerable subpopulations [write in below]:

Briefly describe the content of these laws, regulations or policies:

Briefly comment on how they pose barriers:

A - IV. PREVENTION

1. Does the country have a policy or strategy that promotes information, education and communication (IEC) on HIV to the general population?:
   - Yes
   
   If YES, what key messages are explicitly promoted?
   
   Abstain from injecting drugs:
   
   Yes
   
   Avoid commercial sex:
   
   Yes
   
   Avoid inter-generational sex:
   
   No
   
   Be faithful:
   
   Yes
   
   Be sexually abstinent:
   
   No
   
   Delay sexual debut:
   
   No
   
   Engage in safe(r) sex:
   
   Yes
   
   Fight against violence against women:
   
   Yes
   
   Greater acceptance and involvement of people living with HIV:
   
   Yes
   
   Greater involvement of men in reproductive health programmes:
   
   No
   
   Know your HIV status:
   
   Yes
   
   Males to get circumcised under medical supervision:
   
   No
   
   Prevent mother-to-child transmission of HIV:
   
   Yes
   
   Promote greater equality between men and women:
   
   Yes
   
   Reduce the number of sexual partners:
   
   Yes
   
   Use clean needles and syringes:
   
   Yes
   
   Use condoms consistently:
   
   Yes
   
   Other [write in below]:
   

1.2. In the last year, did the country implement an activity or programme to promote accurate reporting on HIV by the media?:
   
   Yes

2. Does the country have a policy or strategy to promote life-skills based HIV education for young people?:
   
   Yes

2.1. Is HIV education part of the curriculum in

   Primary schools?:
   
   Yes
   
   Secondary schools?:
   
   Yes
   
   Teacher training?:
   
   Yes
2.2. Does the strategy include age-appropriate, gender-sensitive sexual and reproductive health elements?:
Yes

2.3. Does the country have an HIV education strategy for out-of-school young people?:
Yes

3. Does the country have a policy or strategy to promote information, education and communication and other preventive health interventions for key or other vulnerable sub-populations?:
Yes

Briefly describe the content of this policy or strategy:
To provide health education and HIV Testing and Counseling Services for vulnerable sub-populations (MSM, potential sex workers, etc)

3.1. IF YES, which populations and what elements of HIV prevention does the policy/strategy address?

<table>
<thead>
<tr>
<th>IDU</th>
<th>MSM</th>
<th>Sex workers</th>
<th>Customers of Sex Workers</th>
<th>Prison inmates</th>

</table>

3.2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate policy efforts in support of HIV prevention in 2011?:
9

Since 2009, what have been key achievements in this area:
Condom Use Promotion, Prevention educations have been strengthened since 2009.

What challenges remain in this area:
-

4. Has the country identified specific needs for HIV prevention programmes?:
No

IF NO, how are HIV prevention programmes being scaled-up?:
HIV prevention Programme have been strengthened and enlarged by goverment in collaboration with HIV/AIDS oganizations.

4.1. To what extent has HIV prevention been implemented?

Blood safety:
Strongly Agree

Condom promotion:
Strongly Agree

Harm reduction for people who inject drugs:
Strongly Agree

HIV prevention for out-of-school young people:
Strongly Agree

HIV prevention in the workplace:
Agree

HIV testing and counseling:
Strongly Agree

IEC on risk reduction:
Strongly Agree

IEC on stigma and discrimination reduction:
Strongly Agree

Prevention of mother-to-child transmission of HIV:
Strongly Agree

Prevention for people living with HIV:
Strongly Agree

Reproductive health services including sexually transmitted infections prevention and treatment:
Strongly Agree

Risk reduction for intimate partners of key populations:
Strongly Agree

Risk reduction for men who have sex with men:
Strongly Agree

Risk reduction for sex workers:
Strongly Agree
A - V. TREATMENT, CARE AND SUPPORT

1. Has the country identified the essential elements of a comprehensive package of HIV treatment, care and support services?:
   Yes

If YES, Briefly identify the elements and what has been prioritized:
2. PLHIV facing economical difficulties are specially supported with necessary living commodities through NGOs by National HIV/AIDS Programme.
3. Inpatient PLHIV during staying at hospital are also given care-giver services for free.

Briefly identify how HIV treatment, care and support services are being scaled-up?:
PLHIV requiring long-term care and hospice services are being scaled-up by the government.

1.1. To what extent have the following HIV treatment, care and support services been implemented?

- Antiretroviral therapy:
  Strongly Agree

- ART for TB patients:
  Strongly Agree

- Cotrimoxazole prophylaxis in people living with HIV:
  Strongly Agree

- Early infant diagnosis:
  Agree

- HIV care and support in the workplace (including alternative working arrangements):
  Agree

- HIV testing and counselling for people with TB:
  Strongly Agree

- HIV treatment services in the workplace or treatment referral systems through the workplace:
  Agree

- Nutritional care:
  Agree

- Paediatric AIDS treatment:
  Strongly Agree

- Post-delivery ART provision to women:
  Strongly Agree

- Post-exposure prophylaxis for non-occupational exposure (e.g., sexual assault):
  Strongly Agree

- Post-exposure prophylaxis for occupational exposures to HIV:
  Strongly Agree

- Psychosocial support for people living with HIV and their families:
  Strongly Agree

- Sexually transmitted infection management:
  Agree

- TB infection control in HIV treatment and care facilities:
  Strongly Agree

- TB preventive therapy for people living with HIV:
  Strongly Agree

- TB screening for people living with HIV:
  Strongly Agree

- Treatment of common HIV-related infections:
  Strongly Agree

Other [write in]:

2. Does the government have a policy or strategy in place to provide social and economic support to people infected/affected by HIV?:

9
Please clarify which social and economic support is provided:
1. Korea government covers all expenses of HIV/AIDS treatment at medical facilities (90% by National Health Insurance and 10% by National HIV/AIDS Control Budget). 2. PLHIV experiencing economical difficulties are specially supported with neccessary living commodities through NGOs by National HIV/AIDS Programme. 3. Inpatient PLHIV during staying at hospital are also given care-giver services for free.

3. Does the country have a policy or strategy for developing/using generic medications or parallel importing of medications for HIV?:

4. Does the country have access to regional procurement and supply management mechanisms for critical commodities, such as antiretroviral therapy medications, condoms, and substitution medications?:

5. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV treatment, care, and support programmes in 2011?:

Since 2009, what have been key achievements in this area:
All expenses of HIV/AIDS treatment at the medical facilities are covered 100% by the national HIV/AIDS Policy (90% by National Health Insurance System and 10% by National HIV/AIDS Control Budget).

What challenges remain in this area:

6. Does the country have a policy or strategy to address the additional HIV-related needs of orphans and other vulnerable children?:

7. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts to meet the HIV-related needs of orphans and other vulnerable children in 2011?:

Since 2009, what have been key achievements in this area:

What challenges remain in this area:

A - VI. MONITORING AND EVALUATION

1. Does the country have one national Monitoring and Evaluation (M&E) plan for HIV?:

Briefly describe any challenges in development or implementation:

1.1 IF YES, years covered:
since 2004

1.2 IF YES, have key partners aligned and harmonized their M&E requirements (including indicators) with the national M&E plan?:

Briefly describe what the issues are:

2. Does the national Monitoring and Evaluation plan include?

- A data collection strategy:
- Behavioural surveys:
- Evaluation / research studies:
- HIV Drug resistance surveillance:
- HIV surveillance:
- Routine programme monitoring:
- A data analysis strategy:
- A data dissemination and use strategy:
- A well-defined standardised set of indicators that includes sex and age disaggregation (where appropriate):
Guidelines on tools for data collection:
Yes

3. Is there a budget for implementation of the M&E plan?:
Yes
3.1. IF YES, what percentage of the total HIV programme funding is budgeted for M&E activities?:
10%

4. Is there a functional national M&E Unit?:
Yes
Briefly describe any obstacles:

4.1. Where is the national M&E Unit based?
In the Ministry of Health?:
Yes
In the National HIV Commission (or equivalent)?:
-
Elsewhere [write in]?:
-

Permanent Staff [Add as many as needed]

<td>10</td>
<td>2004</td>
</tr>
</tbody>
</table>

4.3. Are there mechanisms in place to ensure that all key partners submit their M&E data/reports to the M&E Unit for inclusion in the national M&E system?:
Yes
Briefly describe the data-sharing mechanisms:
Since 2004, Korea established and has been operating real time Web-based HIV/AIDS Surveillance System to figure out incidence and mortality of HIV/AIDS. According to Korea HIV/AIDS Prevention Law, all medical doctor are obliged to report HIV cases to their jurisdictional Public Health officers and all data electronically is being transmitted to HIV/AIDS Surveillance Center of Korea CDC at the central level.

What are the major challenges in this area:
-

5. Is there a national M&E Committee or Working Group that meets regularly to coordinate M&E activities?:
Yes

6. Is there a central national database with HIV-related data?:
Yes
IF YES, briefly describe the national database and who manages it:
HIV/AIDS Surveillance Center of Korea CDC at the central level manage national HIV/AIDS database.

6.1. IF YES, does it include information about the content, key populations and geographical coverage of HIV services, as well as their implementing organizations?:
Yes, all of the above
6.2. Is there a functional Health Information System?
At national level:
Yes
At subnational level:
Yes
IF YES, at what level(s)?: Real time web-based HIV/AIDS Surveillance System enable whole levels to be networked for data reporting process. Nationwide 253 Public Health Centers at local level(county/district), 16 Provincial Public Health Department at subnational level, 1 HIV/AIDS Surveillance Center at national level

7. Does the country publish an M&E report on HIV, including HIV surveillance data at least once a year?:
Yes

8. How are M&E data used?
For programme improvement?:
Yes
In developing / revising the national HIV response?:
Briefly provide specific examples of how M&E data are used, and the main challenges, if any:
HIV/AIDS Surveillance Data are analyzed by epidemiological variables such as person(sex, age), time(week, month, year) and place(county,district, province, whole country) and disseminated to HIV/AIDS related workers.

9. In the last year, was training in M&E conducted
   At national level?:
     Yes
   IF YES, what was the number trained:
     50
   At subnational level?:
     Yes
   IF YES, what was the number trained:
     300
   At service delivery level including civil society?:
     Yes
   IF YES, how many?:
     5

9.1. Were other M&E capacity-building activities conducted other than training?:
   Yes
   IF YES, describe what types of activities:
   Workshop for capacity-building of public health center’s HIV/AIDS workers

10. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the HIV-related monitoring and evaluation (M&E) in 2011?:
   9

Since 2009, what have been key achievements in this area:
Increase of data completeness and accuracy
What challenges remain in this area:

B - I. CIVIL SOCIETY INVOLVEMENT

1. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) has civil society contributed to strengthening the political commitment of top leaders and national strategy/policy formulations?:
   4
   Comments and examples:

2. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) have civil society representatives been involved in the planning and budgeting process for the National Strategic Plan on HIV or for the most current activity plan (e.g. attending planning meetings and reviewing drafts?)?:
   3
   Comments and examples:
   Some groups of main organizations such as Korea Federation for HIV/AIDS Prevention (KHAP), Korean Alliance to Defeat AIDS (KADA) etc have been involved in participating in the planning and budgeting process every year.

   a. The national HIV strategy?:
   -
   b. The national HIV budget?:
   -
   c. The national HIV reports?:
   -
   Comments and examples:
   Korean CDC’s report has been updated and shared together.

4.
   a. Developing the national M&E plan?:
   -
   b. Participating in the national M&E committee / working group responsible for coordination of M&E activities?
   -
5. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) is the civil society sector representation in HIV efforts inclusive of diverse organizations (e.g. organisations and networks of people living with HIV, of sex workers, and faith-based organizations)?
4
Comments and examples:

6. To what extent (on a scale of 0 to 5 where 0 is “Low” and 5 is “High”) is civil society able to access
a. Adequate financial support to implement its HIV activities?:
3
b. Adequate technical support to implement its HIV activities?:
3
Comments and examples:

7. What percentage of the following HIV programmes/services is estimated to be provided by civil society?

<table>
<thead>
<tr>
<th>People living with HIV:</th>
<th>&gt;75%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Men who have sex with men:</td>
<td>&gt;75%</td>
</tr>

<td>People who inject drugs:</td>
<td>51-75%</td>
</tr>
<tr>
<td>Sex workers:</td>
<td>&gt;75%</td>
</tr>
<tr>
<td>Transgendered people:</td>
<td>25-50%</td>
</tr>
<tr>
<td>Testing and Counselling:</td>
<td>&gt;75%</td>
</tr>
<tr>
<td>Reduction of Stigma and Discrimination:</td>
<td>&gt;75%</td>
</tr>
<tr>
<td>Clinical services (ART/OI)*:</td>
<td>25-50%</td>
</tr>
<tr>
<td>Home-based care:</td>
<td>&gt;75%</td>
</tr>
<tr>
<td>Programmes for OVC**:</td>
<td>-</td>
</tr>
</tbody>
</table>

8. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts to increase civil society participation in 2011?

Since 2009, what have been key achievements in this area:

What challenges remain in this area:

B - II. POLITICAL SUPPORT AND LEADERSHIP

1. Has the Government, through political and financial support, involved people living with HIV, key populations and/or other vulnerable sub-populations in governmental HIV-policy design and programme implementation?:
Yes
IF YES, describe some examples of when and how this has happened:

B - III. HUMAN RIGHTS

1.1.

People living with HIV:
Yes
Men who have sex with men:
Yes
Migrants/mobile populations:
Yes
Orphans and other vulnerable children:
Yes
People with disabilities:
Yes
People who inject drugs:
Yes
Prison inmates:
Yes
Sex workers:
Yes
Transgendered people:
Yes
Women and girls:
Yes
Young women/young men:
Yes
Other specific vulnerable subpopulations [write in]:
-

1.2. Does the country have a general (i.e., not specific to HIV-related discrimination) law on non-discrimination?:
Yes
If YES to Question 1.1 or 1.2, briefly describe the contents of these laws:
Korea HIV/AIDS Control Act.
Briefly explain what mechanisms are in place to ensure that these laws are implemented:
No discrimination in treatment, working places and travel etc.
Briefly comment on the degree to which they are currently implemented:
Strictly implemented.

2. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for key populations and other vulnerable subpopulations?:
No

2.1. IF YES, for which sub-populations?
People living with HIV:
No
Men who have sex with men:
No
Migrants/mobile populations:
No
Orphans and other vulnerable children:
No
People with disabilities:
No
People who inject drugs:
No
Prison inmates:
No
Sex workers:
No
Transgendered people:
No
Women and girls:
No
Young women/young men:
No
Other specific vulnerable subpopulations [write in]:
-

Briefly describe the content of these laws, regulations or policies:
-
Briefly comment on how they pose barriers:
-

3. Does the country have a policy, law or regulation to reduce violence against women, including for example, victims of sexual assault or women living with HIV?:
Yes
Briefly describe the content of the policy, law or regulation and the populations included:
Korea HIV/AIDS Control Act.

4. Is the promotion and protection of human rights explicitly mentioned in any HIV policy or strategy?:
Yes

IF YES, briefly describe how human rights are mentioned in this HIV policy or strategy:

5. Is there a mechanism to record, document and address cases of discrimination experienced by people living with HIV, key populations and/or other vulnerable sub-populations?:
Yes

IF YES, briefly describe this mechanism:

6. Does the country have a policy or strategy of free services for the following?

<table>
<thead>
<tr>
<th>Provided free-of-charge to all people in the country</th>
<th>Provided free-of-charge to some people in the country</th>
<th>Provided, but only at a cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>-</td>
<td>-</td>
<td>-</td>
</tr>
<tr>
<td>-</td>
<td>-</td>
<td>-</td>
</tr>
<tr>
<td>-</td>
<td>-</td>
<td>-</td>
</tr>
</tbody>
</table>

If applicable, which populations have been identified as priority, and for which services?

7. Does the country have a policy or strategy to ensure equal access for women and men to HIV prevention, treatment, care and support?:
Yes

7.1. In particular, does the country have a policy or strategy to ensure access to HIV prevention, treatment, care and support for women outside the context of pregnancy and childbirth?:
Yes

8. Does the country have a policy or strategy to ensure equal access for key populations and/or other vulnerable sub-populations to HIV prevention, treatment, care and support?:
Yes

IF YES, Briefly describe the content of this policy/strategy and the populations included:

8.1

8.1. IF YES, does this policy/strategy include different types of approaches to ensure equal access for different key populations and/or other vulnerable sub-populations?:

9. Does the country have a policy or law prohibiting HIV screening for general employment purposes (recruitment, assignment/relocation, appointment, promotion, termination)?:
Yes

IF YES, briefly describe the content of the policy or law:

10. Does the country have the following human rights monitoring and enforcement mechanisms?

a. Existence of independent national institutions for the promotion and protection of human rights, including human rights commissions, law reform commissions, watchdogs, and ombudspersons which consider HIV-related issues within their work:
Yes

b. Performance indicators or benchmarks for compliance with human rights standards in the context of HIV efforts:

IF YES on any of the above questions, describe some examples:

11. In the last 2 years, have there been the following training and/or capacity-building activities

a. Programmes to educate, raise awareness among people living with HIV and key populations concerning their rights (in the context of HIV)?:
Yes

b. Programmes for members of the judiciary and law enforcement on HIV and human rights issues that may come up in the context of their work?:
Yes

12. Are the following legal support services available in the country?
a. Legal aid systems for HIV casework:

Yes

b. Private sector law firms or university-based centres to provide free or reduced-cost legal services to people living with HIV:

No

13. Are there programmes in place to reduce HIV-related stigma and discrimination?:

Yes

IF YES, what types of programmes?

- Programmes for health care workers:
- Programmes for the media:
- Programmes in the work place:
- Other [write in]:

14. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the policies, laws and regulations in place to promote and protect human rights in relation to HIV in 2011?:

8

Since 2009, what have been key achievements in this area:

- What challenges remain in this area:

15. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the effort to implement human rights related policies, laws and regulations in 2011?:

8

Since 2009, what have been key achievements in this area:

- What challenges remain in this area:

B - IV. PREVENTION

1. Has the country identified the specific needs for HIV prevention programmes?:

Yes

IF YES, how were these specific needs determined?:

- 1.1 To what extent has HIV prevention been implemented?

- Blood safety:
- Condom promotion:
- Harm reduction for people who inject drugs:
- HIV prevention for out-of-school young people:
- HIV prevention in the workplace:
- HIV testing and counseling:
- IEC on risk reduction:
- IEC on stigma and discrimination reduction:
- Prevention of mother-to-child transmission of HIV:
- Prevention for people living with HIV:
- Reproductive health services including sexually transmitted infections prevention and treatment:
- Risk reduction for intimate partners of key populations:
- Risk reduction for men who have sex with men:
Risk reduction for sex workers:
- School-based HIV education for young people:
- Universal precautions in health care settings:
- Other [write in]:

2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV prevention programmes in 2011?:

8

Since 2009, what have been key achievements in this area:
- What challenges remain in this area:
- 

B - V. TREATMENT, CARE AND SUPPORT

1. Has the country identified the essential elements of a comprehensive package of HIV and AIDS treatment, care and support services?:
   Yes

IF YES, Briefly identify the elements and what has been prioritized:
- Briefly identify how HIV treatment, care and support services are being scaled-up?:
   Yes

1.1. To what extent have the following HIV treatment, care and support services been implemented?

- Antiretroviral therapy:
- ART for TB patients:
- Cotrimoxazole prophylaxis in people living with HIV:
- Early infant diagnosis:
- HIV care and support in the workplace (including alternative working arrangements):
- HIV testing and counselling for people with TB:
- HIV treatment services in the workplace or treatment referral systems through the workplace:
- Nutritional care:
- Paediatric AIDS treatment:
- Post-delivery ART provision to women:
- Post-exposure prophylaxis for non-occupational exposure (e.g., sexual assault):
- Post-exposure prophylaxis for occupational exposures to HIV:
- Psychosocial support for people living with HIV and their families:
- Sexually transmitted infection management:
- TB infection control in HIV treatment and care facilities:
- TB preventive therapy for people living with HIV:
- TB screening for people living with HIV:
- Treatment of common HIV-related infections:
- Other [write in]:

1.2. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts in the implementation of HIV treatment, care and support programmes in 2011?:

  8

Since 2009, what have been key achievements in this area:

- What challenges remain in this area:

Since 2009, what have been key achievements in this area:

- What challenges remain in this area:

2. Does the country have a policy or strategy to address the additional HIV-related needs of orphans and other vulnerable children?:

No

3. Overall, on a scale of 0 to 10 (where 0 is “Very Poor” and 10 is “Excellent”), how would you rate the efforts to meet the HIV-related needs of orphans and other vulnerable children in 2011?:

  3

Since 2009, what have been key achievements in this area:

- What challenges remain in this area:
