- 1) **Country**  
Guinea-Bissau (0)
- 2) **Name of the National AIDS Committee Officer in charge of NCPI submission and who can be contacted for questions, if any:**  
Joao José Silva Monteiro Secrétaire Exécutif
- 3) **Postal address:**  
Secretariado Nacional de Luta contra SIDA (SNLS) Hospital 3 de Agosto - Bairro Ajuda Bissau  
Guinée-Bissau
- 4) **Telephone:**  
Please include country code  
00 245 660 88 73
- 5) **E-mail:**  
huco@sida.guine-bissau.org

#### Page 3

- 6) **Describe the process used for NCPI data gathering and validation:**  
Des groupes de personnes ressources ont été identifiées pour chacune des parties du questionnaire et interviewées. Tout le questionnaire a été validé les 12 et 16 mars par l'équipe UNGASS.
- 7) **Describe the process used for resolving disagreements, if any, with respect to the responses to specific questions:**  
En cas de désaccord, c'est le consensus de l'équipe nationale UNGASS qui a prévalu
- 8) **Highlight concerns, if any, related to the final NCPI data submitted (such as data quality, potential misinterpretation of questions and the like):**

La définition de ce qu'est un plan stratégique ou une stratégie n'est pas la même pour tous, ce qui pose des problèmes pour répondre aux questions de cette nature. Certaines lois existent et ont été votées par le parlement, mais les décret d'application n'ont pas encore été publiés.

13)

**Part A, Section I: STRATEGIC PLAN****1. Has the country developed a national multisectoral strategy to respond to HIV?**

**(Multisectoral strategies should include, but are not limited to, those developed by Ministries such as the ones listed under 1.2)**

**Yes (0)****Page 7**14) **Part A, Section I: STRATEGIC PLAN****Question 1 (continued)****Period covered:**

2007-2011

15)

**1.1 How long has the country had a multisectoral strategy?****Number of Years**

3

16)

**1.2 Which sectors are included in the multisectoral strategy with a specific HIV budget for their activities?**

|                 | Included in strategy | Earmarked budget |
|-----------------|----------------------|------------------|
| Health          | Yes                  | Yes              |
| Education       | Yes                  | No               |
| Labour          | Yes                  | No               |
| Transportation  | Yes                  | No               |
| Military/Police | Yes                  | Yes              |
| Women           | Yes                  | No               |
| Young people    | Yes                  | No               |
| Other*          | Yes                  | No               |

**Page 8**

17) **Part A, Section I: STRATEGIC PLAN**

**Question 1.2 (continued)**

**If "Other" sectors are included, please specify:**

Agriculture, Tourisme

18)

**IF NO earmarked budget for some or all of the above sectors, explain what funding is used to ensure implementation of their HIV-specific activities?**

Quand il n'y a pas de budget alloué, les activités sont financées par les Nations Unies, ou le Fonds Mondial.

**Page 9**

19)

**Part A, Section I: STRATEGIC PLAN**

**1.3 Does the multisectoral strategy address the following target populations, settings and crosscutting issues?**

| Target populations                           |     |
|----------------------------------------------|-----|
| a. Women and girls                           | Yes |
| b. Young women/young men                     | Yes |
| c. Injecting drug users                      | No  |
| d. Men who have sex with men                 | No  |
| e. Sex workers                               | Yes |
| f. Orphans and other vulnerable children     | Yes |
| g. Other specific vulnerable subpopulations* | Yes |
| Settings                                     |     |

|                                              |     |
|----------------------------------------------|-----|
| h. Workplace                                 | Yes |
| i. Schools                                   | Yes |
| j. Prisons                                   | Yes |
| <b>Cross-cutting issues</b>                  |     |
| k. HIV and poverty                           | Yes |
| l. Human rights protection                   | Yes |
| m. Involvement of people living with HIV     | Yes |
| n. Addressing stigma and discrimination      | Yes |
| o. Gender empowerment and/or gender equality | Yes |

20)

**1.4 Were target populations identified through a needs assessment?**

No (0)

**Page 10**

21)

**IF NO, explain how were target populations identified?**

Un travail qualitatif d'analyse des besoins a été organisé dans les districts avec la participation des autorités en 2003 (focus groupe). En 2008, une analyse de la situation et des besoins des orphelins et enfants vulnérables a été réalisée. En 2009, une étude sur la vulnérabilité des adolescents et des jeunes en matière de santé de la reproduction/VIH SIDA a été menée.

**Page 11**

22)

**Part A, Section I: STRATEGIC PLAN****1.5 What are the identified target populations for HIV programmes in the country?**

LEs professionnelles du sexe, les jeunes, les conducteurs, les personnels en uniforme.

23)

**1.6 Does the multisectoral strategy include an operational plan?**

Yes (0)

24)

**1.7 Does the multisectoral strategy or operational plan include:**

|                                                           |     |
|-----------------------------------------------------------|-----|
| a. Formal programme goals?                                | Yes |
| b. Clear targets or milestones?                           | Yes |
| c. Detailed costs for each programmatic area?             | Yes |
| d. An indication of funding sources to support programme? | No  |
| e. A monitoring and evaluation framework?                 | Yes |

25)

**1.8 Has the country ensured “full involvement and participation” of civil society\* in the**

**development of the multisectoral strategy?**

Active involvement (0)

**Page 12**

26)

**Part A, Section I: STRATEGIC PLAN****Question 1.8 (continued)****IF active involvement, briefly explain how this was organised:**

La société civile a surtout contribué aux sessions de validation, mais a été conviée et présente à toutes les phases du processus d'élaboration du plan stratégique. Il a participé à l'élaboration des stratégies

27)

**1.9 Has the multisectoral strategy been endorsed by most external development partners (bi-laterals, multi-laterals)?**

Yes (0)

28)

**1.10 Have external development partners aligned and harmonized their HIV-related programmes to the national multisectoral strategy?**

Yes, all partners (0)

**Page 14**

29)

**Part A, Section I: STRATEGIC PLAN****2. Has the country integrated HIV into its general development plans such as in: (a) National Development Plan; (b) Common Country Assessment / UN Development Assistance Framework; (c) Poverty Reduction Strategy; and (d) sector-wide approach?**

Yes (0)

**Page 15**

30)

**Part A, Section I: STRATEGIC PLAN****2.1 IF YES, in which specific development plan(s) is support for HIV integrated?**

|                                                                    |     |
|--------------------------------------------------------------------|-----|
| a. National Development Plan                                       | N/A |
| b. Common Country Assessment / UN Development Assistance Framework | Yes |
| c. Poverty Reduction Strategy                                      | Yes |
| d. Sector-wide approach                                            | Yes |

e. Autres: insérer

31)

**2.2 IF YES, which specific HIV-related areas are included in one or more of the development plans?**

| HIV-related area included in development plan(s)                                                 |     |
|--------------------------------------------------------------------------------------------------|-----|
| HIV prevention                                                                                   | Yes |
| Treatment for opportunistic infections                                                           | Yes |
| Antiretroviral treatment                                                                         | Yes |
| Care and support (including social security or other schemes)                                    | Yes |
| HIV impact alleviation                                                                           | Yes |
| Reduction of gender inequalities as they relate to HIV prevention/treatment, care and/or support | Yes |
| Reduction of income inequalities as they relate to HIV prevention/treatment, care and/or support | Yes |
| Reduction of stigma and discrimination                                                           | Yes |
| Women's economic empowerment (e.g. access to credit, access to land, training)                   | No  |
| Autres: insérer                                                                                  |     |

**Page 16**

32)

**Part A, Section I: STRATEGIC PLAN**

**3. Has the country evaluated the impact of HIV on its socioeconomic development for planning purposes?**

No (0)

**Page 17**

33)

**4. Does the country have a strategy for addressing HIV issues among its national uniformed services (such as military, police, peacekeepers, prison staff, etc)?**

Yes (0)

**Page 18**

34)

**Part A, Section I: STRATEGIC PLAN**

**4.1 IF YES, which of the following programmes have been implemented beyond the pilot stage to reach a significant proportion of the uniformed services?**

|                                  |     |
|----------------------------------|-----|
| Behavioural change communication | Yes |
| Condom provision                 | Yes |
| HIV testing and counselling      | Yes |

|                                         |     |
|-----------------------------------------|-----|
| Sexually transmitted infection services | Yes |
| Antiretroviral treatment                | Yes |
| Care and support                        | Yes |
| Autres: insérer                         |     |

**Page 19**

35)

**Part A, Section I: STRATEGIC PLAN****Question 4.1 (continued)**

**If HIV testing and counselling *is provided* to uniformed services, briefly describe the approach taken to HIV testing and counselling (e.g, indicate if HIV testing is voluntary or mandatory etc):**

Le dépistage n'est pas obligatoire. Le service est proposé par le personnel de santé militaire, et dans un service spécial pour le ministère de l'intérieur.

36)

**5. Does the country have non-discrimination laws or regulations which specify protections for most-at-risk populations or other vulnerable subpopulations?**

Yes (0)

**Page 20**

37)

**Part A, Section I: STRATEGIC PLAN****5.1 IF YES, for which subpopulations?**

|                                |     |
|--------------------------------|-----|
| a. Women                       | Yes |
| b. Young people                | Yes |
| c. Injecting drug users        | No  |
| d. Men who have sex with men   | No  |
| e. Sex Workers                 | No  |
| f. Prison inmates              | No  |
| g. Migrants/mobile populations | No  |
| Autres: insérer                |     |

38)

**IF YES, briefly explain what mechanisms are in place to ensure these laws are implemented:**

La loi sur le VIH a été validé par l'assemblée nationale mais les décrets d'application n'ont pas encore été publiés. Une révision est envisagée cette année, avec éventuellement un débat public. Des juges et des inspecteurs de police judiciaire ont cependant reçu une formation dans ce sens.

39)

**Briefly comment on the degree to which these laws are currently implemented:**

LEs conditions pour un processus d'application de la loi sont mises en place: existence d'associations de malades séropositifs, acteurs de la société civile vigilants sur la question des droits et de la discrimination.

**Page 21**

40)

**Part A, Section I: STRATEGIC PLAN**

**6. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for most-at-risk populations or other vulnerable subpopulations?**

No (0)

**Page 23**

41)

**Part A, Section I: STRATEGIC PLAN**

**7. Has the country followed up on commitments towards universal access made during the High-Level AIDS Review in June 2006?**

Yes (0)

**Page 24**

42)

**Part A, Section I: STRATEGIC PLAN**

**7.1 Have the national strategy and national HIV budget been revised accordingly?**

Yes (0)

43)

**7.2 Have the estimates of the size of the main target populations been updated?**

Yes (0)

**Page 25**

44)

**Part A, Section I: STRATEGIC PLAN**

**7.3 Are there reliable estimates of current needs and of future needs of the number of adults and children requiring antiretroviral therapy?**

Estimates of current and future needs (0)

45)

**7.4 Is HIV programme coverage being monitored?**

Yes (0)

**Page 26**

46)

**Part A, Section I: STRATEGIC PLAN**

**Question 7.4 (continued)**

**(a) IF YES, is coverage monitored by sex (male, female)?**

Yes (0)

47)

**(b) IF YES, is coverage monitored by population groups?**

Yes (0)

**Page 27**

48)

**Part A, Section I: STRATEGIC PLAN**

**Question 7.4 (b) (continued)**

**IF YES, for which population groups?**

Travailleuses du sexe, personnels en uniforme, camionneurs et transporteurs, enfants.

49)

**Briefly explain how this information is used:**

Information utilisée pour: le plaidoyer, la prise de conscience, l'aide à la décision, l'amélioration des prestations de services

**Page 28**

**50) Part A, Section I: STRATEGIC PLAN**

**Question 7.4 (continued)**

**(c) Is coverage monitored by geographical area?**

Yes (0)

**Page 29**

51)

**Part A, Section I: STRATEGIC PLAN**

**Question 7.4 (c) (continued)****IF YES, at which geographical levels (provincial, district, other)?**

Aux niveaux de prestations de services, district, et national

52)

**7.5 Has the country developed a plan to strengthen health systems, including infrastructure, human resources and capacities, and logistical systems to deliver drugs?**

Yes (0)

**Page 30**

53)

**Part A, Section I: STRATEGIC PLAN****Question 7.5 (continued)****Overall, how would you rate strategy planning efforts in the HIV programmes in 2009?**

8 (8)

54)

**Since 2007, what have been key achievements in this area:**

Mobilisations de ressources, restructuration du secrétariat national, plan de procurement pour le fonds mondial 7ième série, mise en place du comité de quantification, plan national de M&amp;E, plan commun des agences des Nations Unies.

55)

**What are remaining challenges in this area:**

Ne pas limiter la mobilisation des ressources à celles du Fonds Mondial, améliorer la fiabilité de la quantification, mieux intégrer les activités de santé reproductive, VIH/SIDA? tuberculose et les soins aux femmes enceintes.

**Page 31**

56)

**Part A, Section II: POLITICAL SUPPORT****1. Do high officials speak publicly and favourably about HIV efforts in major domestic forums at least twice a year?**

|                                             |     |
|---------------------------------------------|-----|
| President/Head of government                | Yes |
| Other high officials                        | Yes |
| Other officials in regions and/or districts | Yes |

57)

**2. Does the country have an officially recognized national multisectoral AIDS coordination body (i.e., a National AIDS Council or equivalent)?**

Yes (0)

**Page 32**

58)

**2.1 IF YES, when was it created?**

Please enter the year in yyyy format

2003

59)

**2.2 IF YES, who is the Chair?**

|                |                     |
|----------------|---------------------|
| Name           | Carlos Gomes Junior |
| Position/title | Premier Ministre    |

60)

**2.3 IF YES, does the national multisectoral AIDS coordination body:**

|                                                                                                                 |     |
|-----------------------------------------------------------------------------------------------------------------|-----|
| have terms of reference?                                                                                        | Yes |
| have active government leadership and participation?                                                            | Yes |
| have a defined membership?                                                                                      | Yes |
| include civil society representatives?                                                                          | Yes |
| include people living with HIV?                                                                                 | Yes |
| include the private sector?                                                                                     | Yes |
| have an action plan?                                                                                            | Yes |
| have a functional Secretariat?                                                                                  | Yes |
| meet at least quarterly?                                                                                        | No  |
| review actions on policy decisions regularly?                                                                   | Yes |
| actively promote policy decisions?                                                                              | Yes |
| provide opportunity for civil society to influence decision-making?                                             | Yes |
| strengthen donor coordination to avoid parallel funding and duplication of effort in programming and reporting? | Yes |

**Page 34**

61)

**Part A, Section II: POLITICAL SUPPORT**

**3. Does the country have a mechanism to promote interaction between government, civil society organizations, and the private sector for implementing HIV strategies/programmes?**

Yes (0)

**Page 35**

62)

**Part A, Section II: POLITICAL SUPPORT****Question 3 (continued)****IF YES, briefly describe the main achievements:**

Il s'agit principalement de forum comme le CCM, le CNLS, et le forum technique des partenaires qui appuie les demandes de subventions. L'obtention de la subvention du Fonds Mondial de 44 millions de US\$ est un exemple.

63)

**Briefly describe the main challenges:**

Irrégularité dans la tenue des rencontres, sensibilisation au VIH/SIDA dans le secteur privé, déficit d'engagement public

64)

**4. What percentage of the national HIV budget was spent on activities implemented by civil society in the past year?**

Please enter the rounded percentage (0-100)

37

65)

**5. What kind of support does the National AIDS Commission (or equivalent) provide to civil society organizations for the implementation of HIV-related activities?**

|                                                         |     |
|---------------------------------------------------------|-----|
| Information on priority needs                           | Yes |
| Technical guidance                                      | Yes |
| Procurement and distribution of drugs or other supplies | Yes |
| Coordination with other implementing partners           | Yes |
| Capacity-building                                       | Yes |
| Autres: insérer                                         |     |

66)

**6. Has the country reviewed national policies and laws to determine which, if any, are inconsistent with the National AIDS Control policies?**

No (0)

**Page 38**

67)

**Part A, Section II: POLITICAL SUPPORT****Question 6.1 (continued)****Overall, how would you rate the political support for the HIV programmes in 2009?**

8 (8)

68)

**Since 2007, what have been key achievements in this area:**

Réalisation de la mesures des dépenses SIDA (NASA) Plan conjoint du système des Nations Unies

**Page 39**

69)

**Part A, Section III: PREVENTION****1. Does the country have a policy or strategy that promotes information, education and communication (IEC) on HIV to the *general population*?**

No (0)

**Page 40**

70)

**1.2 In the last year, did the country implement an activity or programme to promote accurate reporting on HIV by the media?**

No (0)

**Page 41**

71)

**Part A, Section III: PREVENTION****2. Does the country have a policy or strategy promoting HIV-related reproductive and sexual health education for young people?**

No (0)

72)

**2.1 Is HIV education part of the curriculum in:**

primary schools? Yes

secondary schools? Yes

teacher training? Yes

73)

**2.2 Does the strategy/curriculum provide the same reproductive and sexual health education for young men and young women?**

Yes (0)

74)

**2.3 Does the country have an HIV education strategy for out-of-school young people?**

No (0)

75)

**3. Does the country have a policy or strategy to promote information, education and communication and other preventive health interventions for most-at-risk or other vulnerable sub-populations?**

No (0)

**Page 42**

76)

**Part A, Section III: PREVENTION**

**Question 3 (continued)**

**IF NO, briefly explain:**

Il existe cependant des activités dirigées vers les groupes à risque comme: - les professionnelles du sexe - les conducteurs - les militaires - les prisonniers (distribution de condoms, conseil, dépistage, traitement des IST) Mais pas de document orientant globalement la stratégie

**Page 44**

77)

**Part A, III. PREVENTION**

**Question 3.1 (continued)**

**Overall, how would you rate the policy efforts in support of HIV prevention in 2009?**

6 (6)

78)

**Since 2007, what have been key achievements in this area:**

- des études comportementales, socio-culturelles ont permis de mieux connaître la perception du VIH chez des sous-groupes de population - bien que des émissions radio abordent la question du VIH, l'implication des médias est encore insuffisante - activités diverses de sensibilisation et d'information assez générale sur le VIH menées par différentes ONG (exemple: par l'association des vendeurs des marchés de Bissau), mais aussi par certains ministères (défense, intérieur) pour leur personnel, comme des campagnes de dépistages dans les casernes.

79)

**What are remaining challenges in this area:**

- une analyse insuffisante du rôle que peuvent jouer les médias dans la communication sur la VIH - qualité insuffisante et non maîtrisée des messages de prévention donnés par les organisations de la société civile.

**Page 45**

80)

**Part A, III. PREVENTION****4. Has the country identified specific needs for HIV prevention programmes?**

Yes (0)

**Page 46**

81)

**Part A, III. PREVENTION****Question 4 (continued)****IF YES, how were these specific needs determined?**

A partir de l'accompagnement des actions de terrain du SNLS, et à partir des résultats d'enquêtes: enquêtes sentinelles chez les professionnelles du sexe de 2009, étude CAP santé reproductive de 2008, enquête en cours chez les conducteurs, et chez les MSM. Une enquête sur le phénomène de stigmatisation dans les forces armées est envisagée, une enquête MICS est prévue en 2010.

82)

**4.1 To what extent has HIV prevention been implemented?**

The majority of people in need  
have access

**HIV prevention component**

|                                                                                                 |             |
|-------------------------------------------------------------------------------------------------|-------------|
| Blood safety                                                                                    | Agree       |
| Universal precautions in health care settings                                                   | Agree       |
| Prevention of mother-to-child transmission of HIV                                               | Agree       |
| IEC* on risk reduction                                                                          | Agree       |
| IEC* on stigma and discrimination reduction                                                     | Don't agree |
| Condom promotion                                                                                | Agree       |
| HIV testing and counselling                                                                     | Agree       |
| Harm reduction for injecting drug users                                                         | N/A         |
| Risk reduction for men who have sex with men                                                    | N/A         |
| Risk reduction for sex workers                                                                  | Agree       |
| Reproductive health services including sexually transmitted infections prevention and treatment | Agree       |
| School-based HIV education for young people                                                     | Agree       |
| HIV prevention for out-of-school young people                                                   | Agree       |
| HIV prevention in the workplace                                                                 | Agree       |
| Autres: insérer                                                                                 |             |

**Page 47**

83)

**Part A, III. PREVENTION**

**Overall, how would you rate the efforts in the implementation of HIV prevention programmes in 2009?**

4 (4)

84)

**What are remaining challenges in this area:**

- Obtenir davantage d'informations à partir d'études précises - absence d'un document stratégique de communication et de prévention - besoin de davantage de formation pour les cadres nationaux afin d'augmenter la capacité à élaborer des documents et plan nationaux

**Page 48**

85)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**1. Does the country have a policy or strategy to promote comprehensive HIV treatment, care and support? (Comprehensive care includes, but is not limited to, treatment, HIV testing and counselling, psychosocial care, and home and community-based care).**

Yes (0)

**Page 49**

86)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**1.1 IF YES, does it address barriers for women?**

Yes (0)

87)

**1.2 IF YES, does it address barriers for most-at-risk populations?**

Yes (0)

88)

**2. Has the country identified the specific needs for HIV treatment, care and support services?**

Yes (0)

**Page 50**

89)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**Question 2 (continued)****IF YES, how were these determined?**

A partir de la demande dans les structures de prestation de services VIH

90)

**2.1 To what extent have the following HIV treatment, care and support services been implemented?**

The majority of people in need  
have access

**HIV treatment, care and support service**

|                                                                                             |             |
|---------------------------------------------------------------------------------------------|-------------|
| Antiretroviral therapy                                                                      | Agree       |
| Nutritional care                                                                            | Agree       |
| Paediatric AIDS treatment                                                                   | Don't agree |
| Sexually transmitted infection management                                                   | Don't agree |
| Psychosocial support for people living with HIV and their families                          | Don't agree |
| Home-based care                                                                             | Don't agree |
| Palliative care and treatment of common HIV-related infections                              | Don't agree |
| HIV testing and counselling for TB patients                                                 | Agree       |
| TB screening for HIV-infected people                                                        | Agree       |
| TB preventive therapy for HIV-infected people                                               | Don't agree |
| TB infection control in HIV treatment and care facilities                                   | Agree       |
| Cotrimoxazole prophylaxis in HIV-infected people                                            | Agree       |
| Post-exposure prophylaxis (e.g. occupational exposures to HIV, rape)                        | Don't agree |
| HIV treatment services in the workplace or treatment referral systems through the workplace | Don't agree |
| HIV care and support in the workplace (including alternative working arrangements)          | Don't agree |
| Autres programmes: insérer                                                                  |             |

**Page 51**

91)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT****3. Does the country have a policy for developing/using generic drugs or parallel importing of drugs for HIV?**

No (0)

92)

**4. Does the country have access to *regional* procurement and supply management mechanisms for critical commodities, such as antiretroviral therapy drugs, condoms, and substitution drugs?**

No (0)

**Page 53**

93)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**Overall, how would you rate the efforts in the implementation of HIV treatment, care and support programmes in 2009?**

7 (7)

94)

**Since 2007, what have been key achievements in this area:**

Le traitement se fait, fonctionne bien, et l'accès a déjà été amélioré.

95)

**What are remaining challenges in this area:**

Beaucoup d'abandon chez les patients sous traitement, le personnel formé abandonne, ou refuse de donner les traitement, démotivation du personnel. La composante communautaire et l'appui psychosocial sont à améliorer.

**Page 54**

96)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**5. Does the country have a policy or strategy to address the additional HIV-related needs of orphans and other vulnerable children?**

Yes (0)

**Page 55**

97)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT**

**5.1 IF YES, is there an operational definition for orphans and vulnerable children in the country?**

Yes (0)

98)

**5.2 IF YES, does the country have a national action plan specifically for orphans and vulnerable children?**

Yes (0)

99)

**5.3 IF YES, does the country have an estimate of orphans and vulnerable children being reached by existing interventions?**

Yes (0)

**Page 56**

100)

**Part A, Section IV: TREATMENT, CARE AND SUPPORT****Question 5.3 (continued)****IF YES, what percentage of orphans and vulnerable children is being reached?**

Please enter the rounded percentage (0-100)

8

101)

**Overall, how would you rate the efforts to meet the HIV-related needs of orphans and other vulnerable children in 2009?**

6 (6)

102)

**Since 2007, what have been key achievements in this area:**

Des organisations sont présentes dans trois régions, et la Caritas est présente au niveau national à travers un réseau de consultations nutritionnelles.

103)

**What are remaining challenges in this area:**

Le Ministère de lutte contre la pauvreté n'a pas les moyens de mettre des activités pour élargir la couverture des activités. Il manque la mise en oeuvre de la stratégie, et également l'appui et l'engagement du gouvernement, ainsi que des moyens pour le suivi.

**Page 57**

104)

**Part A, Section V: MONITORING AND EVALUATION****1. Does the country have *one* national Monitoring and Evaluation (M&E) plan?**

Yes (0)

**Page 58**

105)

**1.1 IF YES, years covered:****Please enter the start year in yyyy format below**

2009

106)

**1.1 IF YES, years covered:**

Please enter the end year in yyyy format below

2013

107)

**1.2 IF YES, was the M&E plan endorsed by key partners in M&E?**

Yes (0)

108)

**1.3 IF YES, was the M&E plan developed in consultation with civil society, including people living with HIV?**

Yes (0)

109)

**1.4 IF YES, have key partners aligned and harmonized their M&E requirements (including indicators) with the national M&E plan?**

Yes, all partners (0)

**Page 60**

110)

**Part A, Section V: MONITORING AND EVALUATION**

**2. Does the national Monitoring and Evaluation plan include?**

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| a data collection strategy                                          | Yes |
| a well-defined standardised set of indicators                       | Yes |
| guidelines on tools for data collection                             | Yes |
| a strategy for assessing data quality (i.e., validity, reliability) | Yes |
| a data analysis strategy                                            | Yes |
| a data dissemination and use strategy                               | Yes |

**Page 61**

111)

**Part A, Section V: MONITORING AND EVALUATION**

**Question 2 (continued)**

**If you check "YES" indicating the national M&E plan include a data collection strategy, then does this data collection strategy address:**

routine programme monitoring Yes

|                               |     |
|-------------------------------|-----|
| behavioural surveys           | Yes |
| HIV surveillance              | Yes |
| Evaluation / research studies | Yes |

112)

**3. Is there a budget for implementation of the M&E plan?**

Yes (0)

**Page 62**

113)

**3.2 IF YES, has full funding been secured?**

No (0)

**Page 64**

114)

**Part A, Section V: MONITORING AND EVALUATION****Question 3.2 (continued)**

**IF you answer "NO" i.e., indicating the full funding has NOT been secured, briefly describe the challenges:**

Les informations sur les financements disponibles sont parfois difficiles à obtenir, la planification annuelle des partenaires ne permet pas une vision sur le long terme.

115)

**4. Are M&E priorities determined through a national M&E system assessment?**

Yes (0)

**Page 65**

116)

**Part A, Section V: MONITORING AND EVALUATION****Question 4 (continued)**

**IF YES, briefly describe how often a national M&E assessment is conducted and what the assessment involves:**

Les priorités sont définies avec le Plan Stratégique, le système de suivi évaluation répond aux priorités et aux indicateurs du plan. Une réunion annuelle d'évaluation du système est prévue, mais elle n'a pas encore eu lieu depuis le début du nouveau plan stratégique.

117)

**5. Is there a functional national M&E Unit?**

Yes (0)

**Page 66**

118)

**5.1 IF YES, is the national M&E Unit based**

|                                                                                                                                                          |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>in the National AIDS Commission (or equivalent)? Yes<br/>                 in the Ministry of Health? No<br/>                 ailleurs ? (insérer)</p> |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|

119) **Number of permanent staff:**

Please enter an integer greater than or equal to 0  
 5

120) **Number of temporary staff:**

Please enter an integer greater than or equal to 0  
 0

**Page 67**

121)

**Part A, Section V: MONITORING AND EVALUATION**

**Question 5.2 (continued)**

**Please describe the details of all the permanent staff:**

|                    | Position                        | Full time/Part time? | Since when? (please enter the year in yyyy format) |
|--------------------|---------------------------------|----------------------|----------------------------------------------------|
| Permanent staff 1  | Directeur                       | Full time            | 2009                                               |
| Permanent staff 2  | Responsable de suivi/évaluation | Full time            | 2009                                               |
| Permanent staff 3  | Responsable de suivi/évaluation | Full time            | 2009                                               |
| Permanent staff 4  | Gestionnaire de données         | Full time            | 2009                                               |
| Permanent staff 5  | Responsable partenariat         | Full time            | 2009                                               |
| Permanent staff 6  |                                 |                      |                                                    |
| Permanent staff 7  |                                 |                      |                                                    |
| Permanent staff 8  |                                 |                      |                                                    |
| Permanent staff 9  |                                 |                      |                                                    |
| Permanent staff 10 |                                 |                      |                                                    |
| Permanent staff 11 |                                 |                      |                                                    |
| Permanent staff 12 |                                 |                      |                                                    |
| Permanent staff 13 |                                 |                      |                                                    |
| Permanent staff 14 |                                 |                      |                                                    |

Permanent staff  
15

**Page 68**

122)

**Part A, Section V: MONITORING AND EVALUATION**

**5.3 IF YES, are there mechanisms in place to ensure that all major implementing partners submit their M&E data/reports to the M&E Unit for inclusion in the national M&E system?**

Yes (0)

**Page 69**123) **Part A, Section V: MONITORING AND EVALUATION****Question 5.3 (continued)**

**IF YES, briefly describe the data-sharing mechanisms:**

Collecte directe des informations auprès des ONG. Points focaux responsables de la transmission des informations pour les ministères publics Pour le Ministère de la santé, système d'information sanitaire de routine. Pour les centres de prestation de soins, collecte directe et à travers les directions régionales de la santé

124)

**What are the major challenges?**

Démotivation du personnel, retard dans la transmission de l'information de faible qualité.

**Page 70**

125)

**Part A, Section V: MONITORING AND EVALUATION**

**6. Is there a national M&E Committee or Working Group that meets regularly to coordinate M&E activities?**

Yes, meets regularly (0)

126)

**6.1 Does it include representation from civil society?**

No (0)

**Page 71**

127)

**7. Is there a central national database with HIV- related data?**

No (0)

**Page 73**

128)

**7.3 Is there a functional\* Health Information System?**

|                      |     |
|----------------------|-----|
| At national level    | Yes |
| At subnational level | Yes |

**Page 74**129) **Part A, Section V: MONITORING AND EVALUATION**

**For Question 7.2, you have checked "Yes, but only some of the above", please specify what the central database has included.**

**For Question 7.3, you have indicated "Yes" to "subnational level", please specify at what level(s)?**

Au niveau des régions sanitaires (équivalent des districts)

130)

**8. Does the country publish at least once a year an M&E report on HIV, including HIV surveillance data?**

No (0)

131)

**9. To what extent are M&E data used**

**9.1 in developing / revising the national AIDS strategy?:**

4 (4)

132)

**Provide a specific example:**

La stratégie PTME a été réorientée au niveau communautaire après analyse des difficultés et l'identification du facteur de pression sociale.

133)

**What are the main challenges, if any?**

Le problème de manque de qualité des données. Flux d'information irrégulier, fonctionnant uniquement sous la pression. MANque de dissémination des données, et absence de feedback aux structures qui produisent l'information.

**Page 75****134) Part A, Section V: MONITORING AND EVALUATION****9.2 To what extent are M&E data used for resource allocation?**

4 (4)

135)

**Provide a specific example:**

Un centre avec une grande activité reçoit plus d'appui en raison de son nombre élevé de bénéficiaires.

136)

**What are the main challenges, if any?**

Le manque d'information épidémiologique sur les groupes cibles peut handicaper l'allocation des ressources (exemple pour le groupe des MSM).

**Page 76**

137)

**Part A, Section V: MONITORING AND EVALUATION****9.3 To what extent are M&E data used for programme improvement?:**

4 (4)

138)

**Provide a specific example:**

L'étude sentinelle sur les professionnelles du sexe en 2007 a permis la mise en place d'initiatives programmatiques nouvelles. Les centres de traitement ambulatoires se sont développés également ainsi.

**Page 77****139) Part A, Section V: MONITORING AND EVALUATION****10. Is there a plan for increasing human capacity in M&E at national, subnational and service-delivery levels?:**

Yes, at all levels (0)

**Page 78**

140)

**10.1 In the last year, was training in M&E conducted**

|                                                    |     |
|----------------------------------------------------|-----|
| At national level?                                 | Yes |
| At subnational level?                              | Yes |
| At service delivery level including civil society? | No  |

**Page 79****141) Part A, Section V: MONITORING AND EVALUATION****Question 10.1 (continued)****Please enter the number of people trained at national level.**

Please enter an integer greater than 0

15

**142) Please enter the number of people trained at subnational level.**

Please enter an integer greater than 0

22

**Page 80**

143)

**Part A, Section V: MONITORING AND EVALUATION****10.2 Were other M&E capacity-building activities conducted other than training?**

No (0)

**Page 82****144) Part A, Section V: MONITORING AND EVALUATION****Question 10.2 (continued)****Overall, how would you rate the M&E efforts of the HIV programme in 2009?**

9 (9)

145)

**Since 2007, what have been key achievements in this area:**

Rédaction et validation du plan de suivi et évaluation. Amélioration des fiches de recueil de données. Comité National suivi et évaluation s'est réuni régulièrement

146)

**What are remaining challenges in this area:**

Opérationnaliser davantage le plan: des activités prévues n'ont pas encore été mises en place.

**Page 83**

147)

**Part B, Section I: HUMAN RIGHTS**

**1. Does the country have laws and regulations that protect people living with HIV against discrimination? (including both general non-discrimination provisions and provisions that specifically mention HIV, focus on schooling, housing, employment, health care etc.)**

Yes (0)

**Page 84**

148)

**Part B, Section I. HUMAN RIGHTS**

**1.1 IF YES, specify if HIV is specifically mentioned and how or if this is a general nondiscrimination provision:**

Il s'agit d'une disposition non discriminatoire générale.

149)

**2. Does the country have non-discrimination laws or regulations which specify protections for most-at-risk populations and other vulnerable subpopulations?**

Yes (0)

**Page 85**

150)

**Part B, Section I. HUMAN RIGHTS**

**2.1 IF YES, for which subpopulations?**

|                                |     |
|--------------------------------|-----|
| a. Women                       | Yes |
| b. Young people                | Yes |
| c. Injecting drug users        | No  |
| d. Men who have sex with men   | No  |
| e. Sex Workers                 | No  |
| f. prison inmates              |     |
| g. Migrants/mobile populations | Yes |
| Autre: insérer                 |     |

151)

**IF YES, briefly explain what mechanisms are in place to ensure these laws are implemented:**

En fait, les mécanismes d'application sont méconnus.

152)

**Briefly describe the content of these laws:**

La loi sur la prévention, le traitement et le contrôle du VIH et SIDA votée en 2007 aborde les thématiques suivantes: (i) l'éducation en matière de VIH/SIDA dans les écoles publiques et privées, (ii) l'éducation en matière de VIH/SIDA sur le lieu de travail, (iii) les moyens de protection, procédures, médecine traditionnelle, test de dépistage et conseil, services de santé et d'assistance, confidentialité, actes discriminatoires, transmission volontaire du VIH. Politique nationale sur le genre en cours d'élaboration

153)

**Briefly comment on the degree to which they are currently implemented:**

Les décrets d'application de la loi sur le VIH n'ont pas encore été publiés.

**Page 86**

154)

**Part B, Section I. HUMAN RIGHTS**

**3. Does the country have laws, regulations or policies that present obstacles to effective HIV prevention, treatment, care and support for most-at-risk populations and other vulnerable subpopulations?**

Yes (0)

**Page 87**

155)

**Part B, Section I. HUMAN RIGHTS**

**3.1 IF YES, for which subpopulations?**

a. Women  
 b. Young people  
 c. Injecting drug users  
 d. Men who have sex with men  
 e. Sex Workers  
 f. prison inmates  
 g. Migrants/mobile populations  
 femmes enceintes Yes

156)

**IF YES, briefly describe the content of these laws, regulations or policies:**

La loi rend obligatoire le test VIH pour les femmes enceintes.

157)

**Briefly comment on how they pose barriers:**

Certaines femmes enceintes séropositives subissent des brimades de la part de leurs partenaires.

**Page 88****158) Part B, Section I. HUMAN RIGHTS**

**4. Is the promotion and protection of human rights explicitly mentioned in any HIV policy or strategy?**

Yes (0)

**Page 89****159)****Part B, Section I. HUMAN RIGHTS****Question 4 (continued)**

**IF YES, briefly describe how human rights are mentioned in this HIV policy or strategy:**

Dans le plan stratégique, « la personne humaine au centre des préoccupations » fait partie des principes de base cités en préambule des objectifs. A partir d'une approche qui respecte les droits humains, se distinguera une attention spécifique aux populations vulnérables, incluant les femmes, les orphelins et les enfants, les personnes vivant en zones défavorisées. Les PVVIH doivent bénéficier d'une protection sociale adéquate. La lutte contre le SIDA doit être vue comme une question de protection sociale et de garantie des droits des citoyens.

**160)**

**5. Is there a mechanism to record, document and address cases of discrimination experienced by people living with HIV, most-at-risk populations and/or other vulnerable subpopulations?**

No (0)

**Page 90****161)**

**6. Has the Government, through political and financial support, involved people living with HIV, most-at-risk populations and/or other vulnerable subpopulations in governmental HIV-policy design and programme implementation?**

Yes (0)

**Page 91****162)****Part B, Section I. HUMAN RIGHTS**

**Question 6 (continued)****IF YES, describe some examples:**

Les associations de PVVIH ont été associées à toutes les étapes d'élaboration du plan stratégique.

163)

**7. Does the country have a policy of free services for the following:**

|                                               |     |
|-----------------------------------------------|-----|
| a. HIV prevention services                    | Yes |
| b. Antiretroviral treatment                   | Yes |
| c. HIV-related care and support interventions | Yes |

**Page 92**

164)

**Part B, Section I. HUMAN RIGHTS****Question 7 (continued)**

**IF YES, given resource constraints, briefly describe what steps are in place to implement these policies and include information on any restrictions or barriers to access for different populations:**

- Aide alimentaire - Appui scolaire aux orphelins et enfants vulnérables - Traitement ARV gratuit - Examens de suivi des personnes sous traitement ARV gratuits

165)

**8. Does the country have a policy to ensure equal access for women and men to HIV prevention, treatment, care and support?**

Yes (0)

**Page 93**

166)

**Part B, Section I. HUMAN RIGHTS**

**8.1 In particular, does the country have a policy to ensure access to HIV prevention, treatment, care and support for women outside the context of pregnancy and childbirth?**

Yes (0)

167)

**9. Does the country have a policy to ensure equal access for most-at-risk populations and/or other vulnerable subpopulations to HIV prevention, treatment, care and support?**

Yes (0)

**Page 94**

168)

**Part B, Section I. HUMAN RIGHTS****Question 9 (continued)****IF YES, briefly describe the content of this policy:**

La politique est implicite aux orientations du plan stratégique de lutte contre le SIDA (voir l'extrait précédent), et ces éléments ont été repris dans le Plan National de Développement Sanitaire 2.

169)

**9.1 IF YES, does this policy include different types of approaches to ensure equal access for different most-at-risk populations and/or other vulnerable sub-populations?**

Yes (0)

**Page 95**

170)

**Part B, Section I. HUMAN RIGHTS****Question 9.1 (continued)****IF YES, briefly explain the different types of approaches to ensure equal access for different populations:**

- Stratégie mobile pour les programmes en faveur des professionnelles du sexe - prestations de service ssur le lieu de travail.

171)

**10.Does the country have a policy prohibiting HIV screening for general employment purposes (recruitment, assignment/relocation, appointment, promotion, termination)?**

No (0)

172)

**11.Does the country have a policy to ensure that HIV research protocols involving human subjects are reviewed and approved by a national/local ethical review committee?**

No (0)

**Page 97**

173)

**– Existence of independent national institutions for the promotion and protection of human rights, including human rights commissions, law reform commissions, watchdogs, and ombudspersons which consider HIV-related issues within their work**

Yes (0)

174)

– **Focal points within governmental health and other departments to monitor HIV-related human rights abuses and HIV-related discrimination in areas such as housing and employment**

No (0)

175)

– **Performance indicators or benchmarks for compliance with human rights standards in the context of HIV efforts**

No (0)

## Page 99

176)

### **Part B, Section I. HUMAN RIGHTS**

**13. In the last 2 years, have members of the judiciary (including labour courts/ employment tribunals) been trained/sensitized to HIV and human rights issues that may come up in the context of their work?**

No (0)

177)

– **Legal aid systems for HIV casework**

No (0)

178)

– **Private sector law firms or university-based centres to provide free or reduced-cost legal services to people living with HIV**

No (0)

179)

– **Programmes to educate, raise awareness among people living with HIV concerning their rights**

Yes (0)

180)

**15. Are there programmes in place to reduce HIV-related stigma and discrimination?**

Yes (0)

## Page 100

181)

**Part B, Section I. HUMAN RIGHTS****Question 15 (continued)****IF YES, what types of programmes?**

|                                                       |     |
|-------------------------------------------------------|-----|
| Media                                                 | Yes |
| School education                                      | Yes |
| Personalities regularly speaking out                  | Yes |
| A travers le travail des ONGs au sein des communautés | Yes |

**Page 101**

182)

**Part B, Section I. HUMAN RIGHTS****Question 15 (continued)****Overall, how would you rate the policies, laws and regulations in place to promote and protect human rights in relation to HIV in 2009?**

3 (3)

183)

**Since 2007, what have been key achievements in this area:**

Existence d'associations et de réseaux de PVVIH. Programmes de sensibilisation et d'éducation. Alphabétisation des femmes infectées.

184)

**What are remaining challenges in this area:**

Interventions d'envergure encore très réduite. Faiblesses dans la coordination. Faiblesse des ressources mobilisées.

**Page 102**

185)

**Part B, Section I. HUMAN RIGHTS****Question 15 (continued)****Overall, how would you rate the efforts to enforce the existing policies, laws and regulations in 2009?**

2 (2)

186)

**Since 2007, what have been key achievements in this area:**

Politique Nationale du genre en cours d'élaboration, lutte contre les violences basées sur le genre.

187)

**What are remaining challenges in this area:**

Absence de mécanismes (décrets d'application) pour pouvoir appliquer certaines lois.

**Page 103**

188)

**Part B, Section II: CIVIL SOCIETY\* PARTICIPATION****1. To what extent has civil society contributed to strengthening the political commitment of top leaders and national strategy/policy formulations?**

4 (4)

189)

**Comments and examples:**

Suite à une marche de plus de 5000 personnes organisée par la société civile, la loi sur le VIH a été approuvée par le parlement.

**Page 104**

190)

**Part B, Section II. CIVIL SOCIETY PARTICIPATION****2. To what extent have civil society representatives been involved in the planning and budgeting process for the National Strategic Plan on HIV or for the most current activity plan (e.g. attending planning meetings and reviewing drafts)?**

4 (4)

191)

**Comments and examples:**

La société civile est en partie prenante dans toutes les activités du Secrétariat National de Lutte contre le SIDA.

**Page 105**

192)

**a. the national AIDS strategy?**

4 (4)

193)

**b. the national AIDS budget?**

3 (3)

194)

**c. national AIDS reports?**

4 (4)

195)

**Comments and examples:**

Le rapport sur l'accès universel en 2009 mentionne clairement la contribution de la société civile dans la prestation de soins. Les sites de traitements du secteur privé sont pris en compte dans la base de données nationales.

**Page 106**

196)

**a. developing the national M&E plan?**

4 (4)

197)

**b. participating in the national M&E committee / working group responsible for coordination of M&E activities?**

4 (4)

198)

**c. M&E efforts at local level?**

3 (3)

199)

**Comments and examples:**

Les rapports des activités menées par certaines organisations de la société civile au niveau local (communication, prévention) ne sont pas transmis systématiquement et régulièrement, et donc ne sont pas pris en compte dans la base de données du SNLS.

**Page 107****200) Part B, Section II. CIVIL SOCIETY PARTICIPATION****5. To what extent is the civil society sector representation in HIV efforts inclusive of diverse organizations (e.g. networks of people living with HIV, organizations of sex workers, faith-based organizations)?**

4 (4)

201)

**Comments and examples:**

Pas d'exemples donnés

**Page 108**

202)

**a. adequate financial support to implement its HIV activities?**

2 (2)

203)

**b. adequate technical support to implement its HIV activities?**

2 (2)

204)

**Comments and examples:**

Il y a eu des difficultés d'accès au financement du Fonds Mondial.

**Page 109**205) **Part B, Section II. CIVIL SOCIETY PARTICIPATION****7. What percentage of the following HIV programmes/services is estimated to be provided by civil society?**

|                                                |        |
|------------------------------------------------|--------|
| Prevention for youth                           | 25-50% |
| <b>Prevention for most-at-risk-populations</b> |        |
| - Injecting drug users                         |        |
| - Men who have sex with men                    |        |
| - Sex workers                                  | >75%   |
| Testing and Counselling                        | 25-50% |
| Reduction of Stigma and Discrimination         | 25-50% |
| Clinical services (ART/OI)*                    | 25-50% |
| Home-based care                                | <25%   |
| Programmes for OVC**                           | 25-50% |

**Page 110**

206)

**Part B, Section II. CIVIL SOCIETY PARTICIPATION****Question 7 (continued)****Overall, how would you rate the efforts to increase civil society participation in 2009?**

7 (7)

207)

**Since 2007, what have been key achievements in this area:**

Renforcement des capacités des organisations de la société civile et appui institutionnel.

208)

**What are remaining challenges in this area:**

Faible nombre d'organisations recevant un appui, et financements limités.

**Page 111**

209)

**Part B, Section III: PREVENTION**

**1. Has the country identified the specific needs for HIV prevention programmes?**

No (0)

**Page 112**

210)

**IF NO, how are HIV prevention programmes being scaled-up?**

La revue à mi-parcours du plan stratégique II est prévue durant l'année 2010.

211)

**1.1 To what extent has HIV prevention been implemented?**

The majority of people in need  
have access

**HIV prevention component**

|                                                                                                 |             |
|-------------------------------------------------------------------------------------------------|-------------|
| Blood safety                                                                                    | Agree       |
| Universal precautions in health care settings                                                   | Don't agree |
| Prevention of mother-to-child transmission of HIV                                               | Don't agree |
| IEC* on risk reduction                                                                          | Don't agree |
| IEC* on stigma and discrimination reduction                                                     | Don't agree |
| Condom promotion                                                                                | Don't agree |
| HIV testing and counselling                                                                     | Don't agree |
| Harm reduction for injecting drug users                                                         | N/A         |
| Risk reduction for men who have sex with men                                                    | N/A         |
| Risk reduction for sex workers                                                                  | Don't agree |
| Reproductive health services including sexually transmitted infections prevention and treatment | Don't agree |
| School-based HIV education for young people                                                     | Don't agree |
| HIV prevention for out-of-school young people                                                   | Don't agree |
| HIV prevention in the workplace                                                                 | Don't agree |
| Autres: insérer                                                                                 |             |

**Page 113**

212)

**Part B, Section III: PREVENTION****Question 1.1 (continued)**

**Overall, how would you rate the efforts in the implementation of HIV prevention programmes in 2009?**

3 (3)

213)

**Since 2007, what have been key achievements in this area:**

Les projets financés l'ont été tardivement.

214)

**What are remaining challenges in this area:**

Absence d'un plan national de communication sur le VIH/SIDA

**Page 114**

215)

**Part B, Section IV: TREATMENT, CARE AND SUPPORT**

**1. Has the country identified the specific needs for HIV treatment, care and support services?**

No (0)

**Page 115**

216)

**IF NO, how are HIV treatment, care and support services being scaled-up?**

L'absence de données fiables sur la prévalence entraîne des difficultés d'estimation des besoins et de planification.

217)

**1.1 To what extent have the following HIV treatment, care and support services been implemented?**

The majority of people in need  
have access

**HIV treatment, care and support service**

|                                           |             |
|-------------------------------------------|-------------|
| Antiretroviral therapy                    | Don't agree |
| Nutritional care                          | Don't agree |
| Paediatric AIDS treatment                 | Don't agree |
| Sexually transmitted infection management | Don't agree |

|                                                                                             |             |
|---------------------------------------------------------------------------------------------|-------------|
| Psychosocial support for people living with HIV and their families                          | Don't agree |
| Home-based care                                                                             | Don't agree |
| Palliative care and treatment of common HIV-related infections                              | Don't agree |
| HIV testing and counselling for TB patients                                                 | Don't agree |
| TB screening for HIV-infected people                                                        | Don't agree |
| TB preventive therapy for HIV-infected people                                               | Don't agree |
| TB infection control in HIV treatment and care facilities                                   | Don't agree |
| Cotrimoxazole prophylaxis in HIV-infected people                                            | Don't agree |
| Post-exposure prophylaxis (e.g. occupational exposures to HIV, rape)                        | Don't agree |
| HIV treatment services in the workplace or treatment referral systems through the workplace | Don't agree |
| HIV care and support in the workplace (including alternative working arrangements)          | Don't agree |
| Autres: insérer                                                                             |             |

**Page 116**

218)

**Part B, Section IV: TREATMENT, CARE AND SUPPORT****Question 1.1 (continued)**

**Overall, how would you rate the efforts in the implementation of HIV treatment, care and support programmes in 2009?**

3 (3)

219)

**What are remaining challenges in this area:**

Ruptures de stock d'ARV et de réactifs de laboratoire.

**Page 117**

220)

**Part B, Section IV: TREATMENT, CARE AND SUPPORT**

**2. Does the country have a policy or strategy to address the additional HIV-related needs of orphans and other vulnerable children?**

Yes (0)

**Page 118**

221)

**Part B, Section IV: TREATMENT, CARE AND SUPPORT**

**2.1 IF YES, is there an operational definition for orphans and vulnerable children in the country?**

Yes (0)

222)

**2.2 IF YES, does the country have a national action plan specifically for orphans and vulnerable children?**

Yes (0)

**Page 119**

223)

**Overall, how would you rate the efforts to meet the HIV-related needs of orphans and other vulnerable children in 2009?**

2 (2)

224)

**What are remaining challenges in this area:**

Le plan d'action national pour la prise en charge des orphelins et enfants vulnérables n'est pas encore mis en oeuvre.
