Sustainability

People receiving services they need that are effective, ethical, free of stigma and undue financial burden

Political commitment

- Provide services for all who need them

Policies & Programmes

- Comprehensive
- Sound
- Rights based

Financing & Services

- Affordable
- Effective
- Embedded in country systems

Civil society and communities- key to all this

Challenges are common across the themes

- Political will and commitment
- Vulnerable populations are still being left behind
- Continuing high levels of donor dependency on many programme areas
- Insufficient data across the themes
- Organisational and individual capacities need strengthening
