Agenda item 4.2

UNAIDS/PCB (50)/22.12

# **2021 FINANCIAL REPORT**

21 – 24 June 2022 | Geneva, Switzerland UNAIDS Programme Coordinating Board Issue date: 2 June 2022 Additional documents for this item: Interim Financial Management Update for the period 1 January 2022 to 31 March 2022 (UNAIDS/PCB(50)/22.13).

Action required at this meeting – the Programme Coordinating Board is invited to: *Accept* the financial report and audited financial statements for the year ended 31 December 2021.

Cost implications for decisions: none

## PART I

## **INTRODUCTION**

- In accordance with the Programme Coordinating Board Modus Operandi, Function 5 (vi) of the Joint United Nations Programme on HIV/AIDS, the UNAIDS Secretariat is submitting the financial report for the year ended 31 December 2021 to the Programme Coordinating Board (PCB) for review, as per established procedures.
- 2. The Financial Statements, Accounting Policies, and Notes to the Financial Statements have been prepared in compliance with the International Public Sector Accounting Standards (IPSAS) and in accordance with the Financial Regulations and Rules of the World Health Organization (WHO).
- 3. This is the 10th year that UNAIDS financial statements have been prepared based on IPSAS, which continues to enhance transparency, increase accountability and improve the financial reporting of UNAIDS.
- 4. Managerial accountability, transparency and risk management are key aspects of the reform agenda in UNAIDS and progress continues in this regard. In line with the best practice a Statement of Internal Control (SIC) is included in the Audited Financial Statements. The SIC is a public accountability document signed by the Executive Director, describing the effectiveness of UNAIDS internal controls and provides details of any significant control issues and risks during the year, and actions taken in response. The SIC will continue to be reviewed each year to assure stakeholders and demonstrate accountability.
- 5. The implementation of IPSAS does not currently impact the preparation of the Unified Budget, Results and Accountability Framework (UBRAF), which continues to be prepared on a modified cash basis. As this basis differs from the accrual basis applied to the financial statements, reconciliation between the budget and the principal financial statements is provided in accordance with the requirements of IPSAS.
- 6. Highlights of revenue, expense, net assets/equity, assets and liabilities of the Programme are supplied, as is information on cash flow, liquidity and equity. This is done to provide a complete picture of the financial position of UNAIDS, as at 31 December 2021.

## Approved budget and work plan

- The 2016–2021 UBRAF was the Joint Programme's instrument to operationalize the UNAIDS Strategy for 2016–2021, which the PCB approved at its 37<sup>th</sup> meeting in October 2015. It aims to advance progress towards reaching UNAIDS' long-term vision of zero new HIV infections, zero discrimination, zero AIDS-related deaths.
- 8. At its 44th meeting in June 2019, the Programme Coordinating Board approved the 2020–2021 budget of US\$ 484 million (or an annual budget of US\$ 242 million) and the proposed allocation between the 11 Cosponsors and the Secretariat based on the revised resource mobilization and allocation model. It approved an annual core budget of US\$ 187 million and distribution of US\$ 140 million to adequately resource the UNAIDS Secretariat; allocation of US\$ 47 million to Cosponsors (US\$ 22 million with US\$ 2 million to each Cosponsor allocated centrally and a further allocation of US\$ 25 million at country level in the form of country envelopes to leverage joint action in the Fast-Track countries and in support of populations in greatest need in other countries). This includes an increase of US \$ 3 million in the form of country envelopes when compared to 2018-2019 biennium,

9. It also approved an annual allocation of additional resources in the form of supplemental funds totaling US\$ 55 million (US\$ 40 million for the Cosponsors and US\$ 15 million for the Secretariat) to address particular epidemic and country contexts, thus bringing the total resources to the level of a fully funded Unified Budget, Results and Accountability Framework to US\$ 242 million per annum or US\$ 484 million in 2020-2021 biennium.

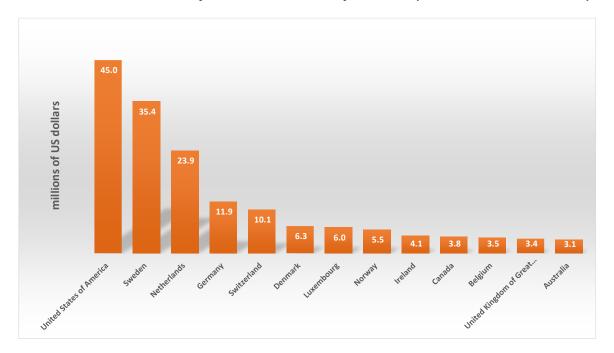

## Revenue

- 10. Total revenue (including finance revenue) for the year ended 2021 for both core and non-core funds was US\$ 244.9 million (compared to US\$ 269.5 million for 2020). A reduction of US\$ 24.6 million when compared to total funds mobilized in 2020.
- 11. Of this amount, US\$ 171.4 million was made available towards the UBRAF and US\$ 73.5 million to non-core funds. The non-core funds were made available to UNAIDS to provide support to a number of global, regional and country activities and are designated for specific countries or purposes. Table 1 provides details of revenue for 2021 and 2020.

| Deveryor                    | UBRAF Core Funds |             | Non-Core Funds |            | TOTAL       |             |
|-----------------------------|------------------|-------------|----------------|------------|-------------|-------------|
| Revenue                     | 2021             | 2020        | 2021           | 2020       | 2021        | 2020        |
| Governments                 | 165 886 216      | 192 079 177 | 65 302 871     | 65 737 033 | 231 189 087 | 257 816 210 |
| Cosponsoring organizations  | -                | -           | 5 991 574      | 6 343 310  | 5 991 574   | 6 343 310   |
| Others                      | 52 808           | 34 109      | 4 559 688      | 3 667 160  | 4 612 496   | 3 701 269   |
| Miscellaneous               | 266 607          | 227 019     | 2 874          | 14 637     | 269 481     | 241 656     |
| Sub-total operating revenue | 166 205 631      | 192 340 305 | 75 857 007     | 75 762 140 | 242 062 638 | 268 102 445 |
| Finance revenue/(cost)      | 5 153 003        | 1 718 474   | (2 329 918)    | ( 352 806) | 2 823 085   | 1 365 668   |
| Grand Total                 | 171 358 634      | 194 058 779 | 73 527 089     | 75 409 334 | 244 885 723 | 269 468 113 |

## Table 1. Details of revenue: all funds (in US dollars)

- 12. As summarized in Table 1 above, revenue totaling US\$ 171.4 million was mobilized and made available towards the core UBRAF. This represented 70.8% of the Secretariat resource mobilization target of US\$ 242 million for the year 2021 (compared to US\$ 194.1 million or 80.2% for 2020), which resulted in a shortfall of US\$ 70.6 million against the PCB-approved budget. The 2021 shortfall is US\$ 22.7 million higher than the US\$ 47.9 million shortfall in 2020.
- 13. Figure 1 (below) provides details of revenue received from UNAIDS main donors towards the UBRAF for the year 2021.

## <u>Figure 1.</u> Details of revenue received from main donors towards the Unified Budget, Results and Accountability Framework for the year 2021 (in millions of US dollars)

## Expense

14. Total expenses for the year ended 31 December 2021 amounted to US\$ 279.9 million (compared to US\$ 272.1 million for 2020), of which US\$ 182.8 million related to expenses against the core UBRAF for 2020–2021; US\$ 71.2 million represented expenses under the non-core funds; US\$ 9.4 million representing additional accrual under the After Service Health Insurance Fund (ASHI), Terminal Payments and Special Fund for Compensation based on the actuarial study and in accordance with IPSAS 39 (Employee Benefits) and US\$ 16.5 million related to provision for restructuring established in accordance with IPSAS 19, to finance the cost of staff who opted for separation by mutual agreement (SMA) and cost of termination due to abolishment of positions following the organizational alignment. Table 2 provides details of expense by fund type for 2021 and 2020.

| Expense  | 2021    |       | 2020 |         |
|--|---------|-------|------|---------|
| UBRAF core funds   | 182 811 | 787   | 179  | 313 405 |
| Non-core funds   | 71 206  | 8 992 | 52   | 210 126 |
| Prior period expense   |         | -     | 2    | 424 351 |
| Sub-total  | 254 018 | 3 779 |      | 947 882 |
| Additional accrual for staff benefits                            | 9 424   | 446   | 38   | 156 288 |
| Resturcturing fund (cost of Seperation by mutual agreement(SMAs) | 16 500  | 000   |      | -       |
| Total Expense  | 279 943 | 3 225 | 272  | 104 170 |

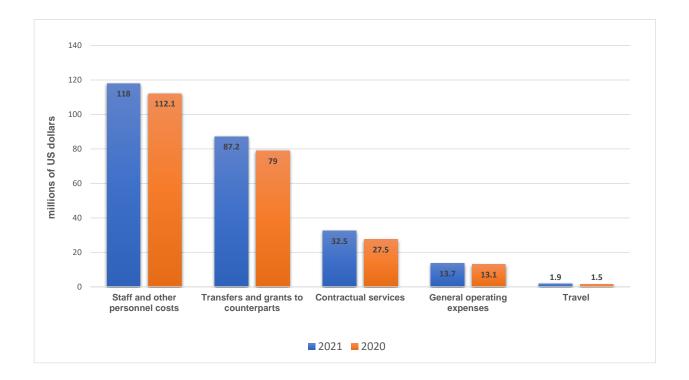

15. Through initiatives and measures put in place to reduce costs and increase cost-effectiveness and efficiency the Secretariat expense stayed within its approved share of the UBRAF of US\$ 140 million. The 2021 Secretariat core UBRAF expense and encumbrances of US\$ 140 million is in line with that of 2020 of US\$ 136.3 million.

- 16. The 2021 expense of US\$ 254 million represented a net increase of US\$ 20.1 million or 8.6% compared to the expense for the year ended 2020 which amounted to US\$ 233.9 million. This is reflected in Table 3 and Figure 2 (below), which show an increase in costs of US\$ 5.9 million under the staff expense category; US\$ 8.2 million under the transfers and grants to counterparts expense category; US\$ 5.3 million under contractual services expense category and US\$ 0.6 million and US\$ 0.3 million under general operating and travel expense, respectively. The remaining expense under the other major expense categories are lower when compared to 2020.
- 17. The increase in staff costs of US\$ 5.9 million, is mainly due to the increase in core and noncore funded positions, and increase in staff costs provisions.
- 18. Transfers and grants to counterparts from US\$ 79 million in 2020 to US\$ 87.2 million in 2021 is almost entirely related to USAID non-core funded projects for the Robert Carr Funding of the Stichting AIDS Fonds network and the Treatment Action Campaign in Southern Africa, and USAID funded projects to provide essential technical support to priority cities in Fast-Track countries.
- 19. The increase in contractual services expenditures from US\$ 27.3 million in 2020 to US\$ 32.5 million in 2021 is related to the continued expansion of requests made for technical support for countries provided via the USAID funded UNAIDS Technical Support Mechanism and the increased preparatory work related to the alignment process, design and implementation of two virtual UCD Assessment Centres, change management consultancies, and a capacity assessment of the Joint Programme.
- 20. Travel expense remained low compared to the travel expense of US\$ 7.8 million in 2019. The low travel expense in 2021 and 2020 was in the most part due to restrictions resulting from the Covid 19 pandemic, but also the improved travel planning during 2021.

| Expense                              | 2021        | 2020        |
|--------------------------------------|-------------|-------------|
| Staff and other personnel costs a/   | 118 013 734 | 112 120 520 |
| Transfers and grants to counterparts | 87 202 982  | 78 971 493  |
| Contractual services                 | 32 506 982  | 27 254 494  |
| General operating expenses           | 13 725 026  | 13 136 679  |
| Travel                               | 1 856 094   | 1 509 515   |
| Equipment, furniture and vehicles    | 167 201     | 405 672     |
| Depreciation                         | 546 760     | 549 510     |
| Total Expense                        | 254 018 779 | 233 947 882 |

## Table 3. Details of expense by category (in US dollars)

<sup>a/</sup> Excludes US\$ 9.4 million for 2021 and US\$ 38.2 million for 2020 related to expense against the After Staff Health Insurance (ASHI) and Special Fund for Compensation due to movement in the actuarial liability. It also excludes US\$ 16.5 million representing provision for restructuring.

## <u>Figure 2.</u> Details of expense by major category for year 2021 and 2020 (in millions of US dollars)

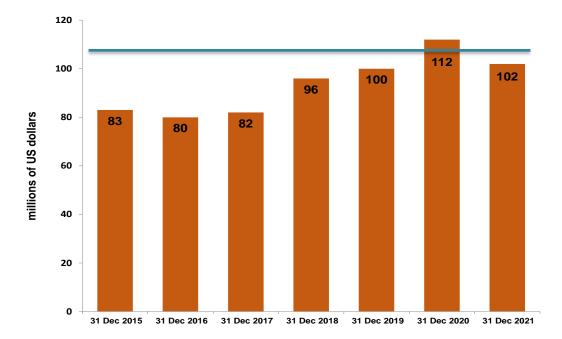

## Fund balance

- 21. The nature of UNAIDS as a voluntary funded programme requires a fund balance that serves as working capital to initiate and implement activities pending receipt of firm pledges/contributions. To ensure continuity of activities from one year to the next, including the transfer of funds to Cosponsors, a sufficient fund balance at the end of each year is necessary to ensure the smooth start up and implementation of the UBRAF in the following year/biennium.
- 22. At its 26<sup>th</sup> meeting, held in Geneva from 22–24 June 2010, the PCB approved a maximum level for the UBRAF net fund balance equivalent to 35% (i.e. US\$ 170.0 million) of the UNAIDS biennial budget. Furthermore, at its 36<sup>th</sup> meeting, held in Geneva from 30 June to 2 July 2015, the Board approved the minimum level for UNAIDS net fund balance equivalent to 22% (i.e. US\$ 107 million) of the UNAIDS biennial budget.
- 23. As of 31 December 2021, the net fund balance of the UBRAF stood at US\$ 101.8 million or 21% of the biennial budget<sup>1</sup> (compared to US\$ 112 million or 23.1% at 31 December 2020 and US\$ 100.3 million or 20.7% at 31 December 2019). This is below the minimum level of 22% (or US\$ 107 million) of the biennial budget as approved by the Board in June 2015.
- 24. The net fund balance of the UBRAF at 31 December 2021 is below the approved minimum level by US\$ 5.2 million and represents a decrease of US\$ 10.2 million when compared to fund balance at 31 December 2020 of US\$ 112 million.

<sup>&</sup>lt;sup>1</sup> In addition to the expense of US\$ 182.8 million in 2021 under the 2020–2021 UBRAF, US\$2.3 million was encumbered during 2021 (representing firm commitments of goods and services to be delivered in 2022). As a result, the net fund balance as at 31 December 2021 under the UBRAF to cover 2020 UBRAF activities was US\$ 101.8 million (US\$ 104.1 million less US\$ 2.3 million reserved for 2021 encumbrances).

25. As highlighted under paragraph 18, the fund balance of the UBRAF is the Joint Programme's working capital. It enables the transfer of funds to the Cosponsors at the beginning of each year and enables the Joint Programme to operate without interruption. However, given that the level of the fund balance as of 31 December 2021 remains below the minimum level established by the PCB, the Secretariat will continue monitor the fund balance closely and intensify the mobilization of resources to ensure the fund balance is maintained at a level that enables the effective implementation of the UBRAF.

## PART II

## **2021 STATEMENT OF INTERNAL CONTROL**

## Scope of responsibility

As Executive Director of the Joint United Nations Programme on HIV/AIDS (UNAIDS), I am accountable, in accordance with the responsibilities assigned to me, in particular, Financial Regulation 12.1, for maintaining a sound system of internal control to "ensure the accomplishment of established objectives and goals for operations; the economical and efficient use of resources; the reliability and integrity of information; compliance with policies, plans, procedures, rules and regulations; and the safeguarding of assets."

## Purpose of internal control

The system of internal control is designed to reduce and manage rather than eliminate the risk of failure to achieve the UNAIDS Secretariat's objectives and related policies. Therefore, it can only provide reasonable and not absolute assurance of effectiveness. It is an ongoing process designed to identify the principal risks, evaluate the nature and extent of those risks, and to manage them efficiently, effectively, and economically.

Internal control is a process, effected by the Programme Coordinating Board, the Executive Director, senior management and other personnel, and designed to provide reasonable assurance on the achievement of the following objectives:

- effectiveness and efficiency of operations and safeguarding of assets;
- reliability of financial reporting; and
- compliance with applicable rules and regulations.

From an operational perspective, UNAIDS' internal control system operates continually at all levels of the Secretariat through internal control processes to ensure the above objectives.

My current statement on UNAIDS' internal control processes, as described above, applies for the year ended 31 December 2021, and up to the date of the approval of the Organization's 2021 financial statements.

## **UNAIDS** operating environment

UNAIDS operates in challenging environments and is therefore exposed to situations with a high level of inherent risk, including in terms of the security of its employees and, in some cases, its ability to maintain the highest standards of internal control. The security situation in each country in which UNAIDS (and the United Nations in general) operates is closely monitored, and strategic decisions are taken where necessary to adapt UNAIDS' operations and to manage and mitigate the risk exposure of its personnel. All risks are captured in a formal risk register which is subject to regular review by managers.

## The Internal Control Framework and Risk Management

UNAIDS' Management Accountability Framework operates in tandem with the Risk Management Framework and the Internal Control Framework. These frameworks are critical to the accomplishment of the Joint Programme's objectives and goals with enhanced accountability and greater transparency.

The risk management framework aims to embed a systematic and effective approach to identifying, assessing and managing risks and opportunities. Senior Management have identified the high-level risks and opportunities which have been compiled into a UNAIDS Risk Universe. Department, Regional, Liaison and Country Office Directors/Managers develop risk registers, including mitigating action plans, based on their risk analysis. Quality assurance of registers is undertaken prior to their evaluation by the Risk Committee.

In addition to a set of rules, procedures and processes, the internal control framework comprises mechanisms for assessing its overall effectiveness. On an annual basis, managers with delegated financial and administrative authorities, complete a Self-Assessment checklist to assess and monitor the overall internal controls, as well as the key functional control areas, across their respective Offices or Departments. Results of the self-assessment checklists are analyzed in light of recurrent audit findings and top risks identified to feed into an overall review of effectiveness and continuous improvement action plans.

## Review of the effectiveness of internal controls

My review of the effectiveness of the system of internal control is mainly informed by:

- My senior managers, in particular Deputy Executive Directors, Regional Support Team and Liaison Office Directors, Country Office Directors, Department and Functional Directors, who play important roles and are accountable for results, performance, controlling activities under their purview and the resources entrusted to them.
- I derive assurance from the Attestations of Internal Control signed by the Department/Regional Directors. These letters confirm the importance of ensuring that adequate internal controls are in place, along with other assurances.
- The internal control self-assessment checklist completed by managers. The 2021 selfassessment exercise deemed internal controls to be adequate overall. The operational control area of risk management was considered to have the most room for improvement. For the functional control areas, human resources and security, in particular succession planning and occupational health and safety, were also listed as in need of strengthening. The results of the self-assessment exercise will be reviewed carefully, and action plans developed to address areas for improvement, if applicable.
- The risk assessments completed by managers. The 2021 exercise deemed that the top risks in terms of occurrence relate to political, human resources, programmatic, funding and governance risks.
- Reports issued by the Office of Internal Oversight, which include independent and objective information on the adequacy and effectiveness of UNAIDS' system of internal controls together with recommendations for improvement.
- Reports issued by the External Auditor that provide an independent oversight and reporting on UNAIDS' compliance with financial rules and regulations. The External Auditor presents an update of its work and key findings to the Programme Coordinating Board.
- The Programme Coordinating Board's observations.

## UNAIDS alignment exercise – a new organizational structure for the Secretariat

A major alignment exercise was launched in 2021 to ensure that UNAIDS' financial and human resources are deployed in the best possible way to respond to the current challenges and those of the future of the AIDS response.

The alignment process was driven by the following 5 core objectives:

- UNAIDS is aligned with the new AIDS strategy and achieving its highest impact;
- UNAIDS is financially sustainable and more cost effective;
- UNAIDS is diverse and inclusive and therefore legitimate and credible;
- UNAIDS is knowledge driven and optimizes the world-wide expertise and staff of its secretariat through the use of digital technologies in its work;
- UNAIDS is aligned with the UN Reform, principally within its work on pandemic preparedness.

On 12 July 2021, UNAIDS' senior leadership endorsed a high-level organizational structure and staffing proposals for the new structure were approved on 23 November 2021.

The new structure builds on UNAIDS' unique added value, increases emphasis and resources on the priority areas of the Global AIDS strategy for 2021-2026, provides a shift to a knowledgebased organization and allows for better collaboration with Cosponsors. Decentralized global service hubs ensure UNAIDS is closer to the needs of people living with and affected by HIV and better equipped to deliver on its mandate.

The implementation of the new organizational structure will commence mid-2022 and will be carried out in a phased manner. Particular attention will made to ensure business continuity, that staff needs are taken into account and diversity and gender equality are increased. In addition to dedicated support to staff affected, a change-management team has been established to support the changes.

## Significant risk issues noted

After Departments, Regional and Country Offices completed the risk register in 2021, the consolidated findings were reviewed and endorsed by senior management. The most significant risks currently facing the Organization are as summarized below.

| Top risks   | Examples of ongoing or planned mitigation activities  |
|---|---|
| Insufficient financing to reach<br>targets and commitments at<br>country and regional level<br>(decreased donor funding for<br>AIDS and UNAIDS, reduced<br>funding both at national and<br>regional level due to negative<br>economic and fiscal outlook) | <ul> <li>An enhanced Resource Mobilization strategy to achieve a fully resourced UBRAF, calibrated to deliver UNAIDS's full comparative advantage in supporting countries.</li> <li>Follow up on the 2021 structured funding dialogue (SFD) and plan for the 2022 SFD and the alignment of donor contributions to the new strategy and UBRAF.</li> <li>Continue efforts to expand and diversify conventional donor base and explore innovative financing including private sector funding.</li> <li>Support for a strong and effective Global Fund replenishment. Deepened Global Fund collaboration, including financing agreement, to help align work and expectations, and increase the visibility of UNAIDS' contributions to the impact and sustainability of Global Fund investments.</li> <li>Continue to work closely with PEPFAR, according to areas of comparative advantage, guiding investments in line with the global AIDS strategy, and supporting country ownership and the sustainability of results.</li> </ul> |

| Top risks  | Examples of ongoing or planned mitigation activities  |
|--|---|
|  | <ul> <li>Reinforce donor confidence through enhanced<br/>transparency, and reporting on management accountability<br/>actions (e.g., quality Performance Monitoring Reporting,<br/>up to date Results and Transparency Portal, continued<br/>compliance with International Aid Transparency Initiative<br/>(IATI) and reporting on SDG Funding Compact).</li> <li>Positive conclusions of donor-led assessments,<br/>demonstrating utility and impact of the Joint Programme.</li> </ul>  |
| UNAIDS is slow or unable to<br>align staffing and human<br>capacity with priority objectives<br>and emerging needs   | <ul> <li>Strong oversight from Senior Leadership towards the alignment exercise to ensure structures and competencies/skills are introduced on time and fit to deliver on the Strategy.</li> <li>Enhance recruitment practices to attract people with the appropriate skills and experience.</li> <li>Review and redesign the staff mobility policy, workforce planning and career development modalities.</li> <li>Enhance delegations of authority and the role of the regional team in human resource and operational support to Country Offices.</li> <li>Continue efforts to develop new ways of working, simplify processes and use ICTs for efficiency gains.</li> <li>Planned capacity assessment of Cosponsors to identify recommendations to optimize human and other capacities to deliver on the Strategy.</li> <li>Simplification of consultancy and project staff selection process.</li> </ul> |

## Statement

Internal control, while operating effectively, has inherent limitations, including the possibility of circumvention, no matter how well designed, and therefore can provide only reasonable assurance. Furthermore, because of changes of conditions, the effectiveness of internal control may vary over time.

I am committed to addressing any weaknesses in internal controls that may be noted during the year and brought to my attention.

Based on the above, I conclude that, to the best of my knowledge and information, there are no material weaknesses that would prevent the external auditor from providing an unqualified opinion on UNAIDS financial statements, nor are there other significant matters arising that would need to be raised in the present document for the year ended 31 December 2021 and up to the date of approval of the financial statements.

Winnie Byanyima Executive Director

Geneva, 29 March 2022

## PART III

## FINANCIAL STATEMENTS, SCHEDULES AND NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2021

This section of the financial report presents the overall financial position of UNAIDS as of and for the year ended 31 December 2021. The relevant financial statements, accompanying notes and supporting schedules have been prepared in compliance with the requirements of the WHO Financial Regulations, Financial Rules and the International Public Sector Accounting Standards (IPSAS). The schedules provide background details and explanations in support of individual funds and accounts administered by UNAIDS, through the WHO financial systems, for the year ended 31 December 2021.

## Certification of Financial Statements for the year ended 31 December 2021

The financial statements, accounting policies and notes to the financial statements have been prepared in compliance with International Public Sector Accounting Standards (IPSAS). The financial statements are also prepared in accordance with the Financial Regulations and Financial Rules of WHO, which provides administration in support of UNAIDS as per ECOSOC resolution 1994/24, and Article XI of the Memorandum of Understanding among Cosponsors establishing UNAIDS.

The financial statements for the year ended 31 December 2021, together with the notes to the statements and supporting schedules are approved.

## LETTER OF TRANSMITAL

Krishna Subramaniam Director External Audit World Health Organisation M 19, World Health Organisation Avenue Appia, 1211 Geneva

30 May 2022

## Letter of Transmittal

Dear Sir,

I have the honour to present to the Programme Coordinating Board, the External Auditor's Audit Report and Opinion on the financial statements of the Joint United Nations Programme on HIV/AIDS (UNAIDS) for the financial year ended 31 December 2021.

I record my appreciation to the Programme Coordinating Board for the honour and privilege to serve as the External Auditor of UNAIDS

Yours Sincerely

K Subramaniam

The Chair Programme Coordinating Board Joint United Nations Programme on HIV/AIDS Geneva, Switzerland

## **REPORT OF THE EXTERNAL AUTIOR**

## Chapter I

## Report of the External Auditor on the financial statements: Audit opinion

## Opinion

We have audited the financial statements of the Joint United Nations Programme on HIV/AIDS (UNAIDS), which comprise the statement of financial position (statement I) as at 31 December 2021, the statement of financial performance (statement II), the statement of changes in net assets/equity (statement III), the statement of cash flow (statement IV) and the statement of comparison of budget and actual amount (statement V) for the year then ended, as well as the notes to the financial statements, including summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of UNAIDS as at 31 December 2021 and its financial performance and cash flows for the year then ended in accordance with the International Public Sector Accounting Standards (IPSAS).

## **Basis for opinion**

We conducted our audit in accordance with the International Standards on Auditing. Our responsibilities under those standards are described in the section below entitled "Auditor's responsibilities for the audit of the financial statements". We are independent of UNAIDS in accordance with the ethical requirements relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence that we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Information other than the financial statements and the auditor's report thereon

The Management is responsible for the other information, which comprises the Management Information for the year ended 31 December 2021, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, on the basis of the work that we have performed, we conclude that there is a material misstatement in the other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of management and those charged with governance for the financial statements

The Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS and for such internal control as the Management

determines to be necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the ability of UNAIDS to continue as a going concern, disclosing, as applicable, matters related to the going concern and using the going-concern basis of accounting unless the Management intends either to liquidate UNAIDS or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the financial reporting process of UNAIDS.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement in the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation or the overriding of internal control;
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of UNAIDS;
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- (d) Draw conclusions as to the appropriateness of the Management's use of the going-concern basis of accounting and, on the basis of the audit evidence obtained, whether a material uncertainty exists in relation to events or conditions that may cast significant doubt on the ability of UNAIDS to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of

our auditor's report. However, future events or conditions may cause UNAIDS to cease to continue as a going concern;

(e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on other legal and regulatory requirements

Furthermore, in our opinion, the transactions of UNAIDS that have come to our notice or that we have tested as part of our audit have, in all significant respects, been in accordance with the WHO Financial Regulations.

In accordance with Regulation XIV of the WHO Financial Regulations, we will also issue longform report on our audit of UNAIDS.

Girish Chandra Murmu Comptroller and Auditor General of India

30 May 2022

## NOTES TO THE FINANCIAL STATEMENTS

## 1. STATEMENT OF OBJECTIVES

The Joint United Nations Programme on HIV/AIDS (UNAIDS) was established through the Economic and Social Council (ECOSOC) resolution 1994/24 of 26 July 1994 to "undertake a joint and co-sponsored United Nations Programme on HIV/AIDS on the basis of co-ownership, collaborative planning and execution, and an equitable sharing of responsibility". UNAIDS currently consists of eleven United Nations organizations referred to as Cosponsors.<sup>2</sup>

The Programme is headed by an Executive Director, appointed by the UN Secretary-General upon the recommendation of the Cosponsors, who reports to the Programme Coordinating Board which serves as the governing board of the Programme.

The objectives of UNAIDS, are contained in the Memorandum of Understanding among Cosponsors establishing UNAIDS and in the Economic and Social Council of the United Nations (ECOSOC) resolutions 1994/24 and 1995/2.

The objectives of UNAIDS were further refined and updated in UNAIDS new vision and mission statement which were endorsed by the UNAIDS Programme Coordinating Board at its 26th meeting held in Geneva, from 22-24 June 2010. These are:

- **Uniting efforts** of the UN, civil society, governments, the private sector, global institutions and people living with and most affected by HIV;
- **Speaking out in solidarity** with the people most affected by HIV in defence of human dignity, human rights and gender equality;
- **Mobilizing resources** (political, technical, scientific and financial) and holding ourselves and others accountable for results;
- **Empowering agents of change** with strategic information and evidence to influence and ensuring that resources are targeted where they deliver the greatest impact;
- **Supporting inclusive country leadership** for sustainable responses that are integral to and integrated with national health and development efforts.

## 2. BASIS OF PREPARATION AND PRESENTATION

The accounts of UNAIDS are maintained in accordance with the Financial Regulations and Financial Rules of WHO, which provides administration in support of UNAIDS as per ECOSOC resolution 1994/24, and Article XI of the Memorandum of Understanding among Cosponsors establishing UNAIDS. The accounting policies and financial reporting practices applied by UNAIDS are therefore based upon the WHO Financial Regulations and Financial Rules.

The financial statements have been prepared on an accrual and going concern basis and in accordance with the requirements of International Public Sector Accounting Standards (IPSAS) using the historical cost convention. Investments and loans, are however recorded at fair value or amortized cost. Where a specific matter is not covered by IPSAS, the appropriate International Financial Reporting Standards (IFRS) have been applied.

<sup>&</sup>lt;sup>2</sup> When UNAIDS was established in 1994 the Joint Programme consisted of six UN system organizations: UNDP, UNICEF, UNFPA, WHO, UNESCO and the World Bank. Since that time, a further five UN agencies, namely UNODC, ILO, WFP, UNHCR and UN Women, have become UNAIDS Cosponsors.

The financial statements and notes are presented in United States dollars and all values are rounded to the nearest US dollar.

## Financial period

The Programme's financial period for budgetary purposes is a biennium consisting of two consecutive years. The financial statements are prepared annually. **Functional currency and translation of foreign currencies** 

The functional and reporting currency of the Programme is United States dollar.

The foreign currency transactions are translated into United States dollars at the prevailing United Nations Operational Rate of Exchange, which approximates to the exchange rates at the dates of the transaction. The Operational Rates of Exchange are set once a month and revised midmonth if there are significant exchange rate fluctuations relating to individual currencies.

Assets and liabilities in currencies other than United States dollars are translated into United States dollars at the prevailing United Nations Operational Rates of Exchange year-end closing rate. Resulting gains or losses are accounted for in the Statement of Financial Performance.

## Materiality and the use of judgements and estimates

Materiality is central for the preparation of UNAIDS financial statements. The process for reviewing accounting materiality provides a systematic approach to the identification, analysis, evaluation, endorsement, and periodic review of decisions taken involving the materiality of information spread over numerous areas of accounting.

The financial statements include amounts based on judgement, estimates and assumptions by the management. Changes in estimates are reflected in the period they become known. Estimates include, but are not limited to, defined benefit medical insurance and other post-employment benefit obligations (the value of which is calculated by an independent actuary); financial risk on accounts receivable accrued charges and the degree of impairment of fixed assets. Actual results could differ from these estimates.

## **Financial Statements**

In accordance with IPSAS 1, a complete set of financial statements has been prepared as follows:

- Statement of Financial Position
- Statement of Financial Performance
- Statement of Changes in Net Assets/Equity
- Statement of Cash Flow
- Statement of Comparison of Budget and Actual Amounts: and
- Notes to the financial statements, comprising a description of the basis of preparation and presentation of the statements, a summary of significant accounting policies, and other relevant information.

The accounting policies set out below have been consistently applied in the preparation of the financial statements throughout the period.

## 3. SIGNIFICANT ACCOUNTING POLICIES

## 3.1 Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits in transit, cash in bank and balances held by WHO on behalf of UNAIDS. These balances are held centrally by WHO and invested on

behalf of UNAIDS in accordance with WHO's rules and practices. UNAIDS has adopted the disclosure notes of WHO to reflect the accounting policies for investments.

<u>Financial instruments</u> are recognized when WHO/UNAIDS becomes a party to the contractual provisions of the instrument until such time when the rights to receive cash flows from those assets have expired or have been transferred and WHO/UNAIDS has substantially transferred all the risks and rewards of ownership. Investments can be classified as financial assets or financial liabilities at fair value through surplus or deficit, held-to-maturity, available for sale and bank deposits and other receivables. All purchases and sales of investments are recognized on the basis of their trade date.

<u>Financial assets or financial liabilities at fair value through surplus or deficit</u> are financial instruments that meet either of the following conditions: (i) they are held for trading; or (ii) they are designated by the entity upon initial recognition at fair value through surplus or deficit. Financial instruments that belong to this category are measured at fair value and any gains and losses arising from changes in the fair value are accounted for through surplus or deficit and included within the Statement of Financial Performance of WHO/UNAIDS in the period in which they arise. All derivative instruments, such as swaps, currency forward contracts and options are classified as held for trading except for designate and effective hedging instruments defined under IPSAS 29. Financial assets in the externally managed portfolios designated upon initial recognition as at fair value through surplus or deficit, are classified as current assets or non-current assets according to the time horizon of the investment objectives of each portfolio. If the time horizon is less than or equal to one year, they are classified as current assets, and if it is more than one year, they are classified as non-current assets.

<u>Held-to-maturity investments</u> are non-derivative financial assets with fixed or determinable payments and fixed maturity that WHO has both the intention and ability to hold to maturity. Held-to-maturity investments are stated at amortized cost using the effective interest rate method, with interest revenue being recognized on an effective yield basis in the Statement of Financial Performance.

<u>Available-for-sale investments</u> are classified as being available-for-sale where WHO has not designated them either as held for trading or as held-to-maturity. Available-for-sale items are stated at fair value (including transaction costs that are directly attributable to the acquisition of the financial asset) with value changes recognized in net assets/equity. Impairment charges and interest calculated using the effective interest rate method are recognized in the Statement of Financial Performance of WHO. As at 31 December 2021, no available-for-sale financial assets were held by WHO.

<u>Bank deposits and other receivables</u> are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Accrued revenue related to interest and dividend and pending cash to be received from investments to settle are included herein. Bank deposits and receivables are stated at amortized cost calculated using the effective interest rate method, less any impairment. Interest revenue is recognized on the effective interest rate basis, with the exception of short-term receivables for which the recognition of interest would be immaterial. The interest accrued is held globally by WHO which includes UNAIDS portion attributable due to the share in the portion of bank deposits held by WHO on UNAIDS behalf.

## 3.2 Accounts receivable

Accounts receivable are recorded at their estimated net realizable value after providing for allowances for non-recovery and after careful review of the outstanding receivable. Current receivables are for amounts due within twelve months of the reporting date, while non-current receivables are due more than twelve months from the reporting date of the financial statements.

An allowance for doubtful accounts receivable is recognized when there is a risk that the receivable may be impaired. Changes in allowance for doubtful accounts receivable are recognized in the Statement of Financial Performance.

## 3.3 Inventories

UNAIDS inventory only comprises of publications on hand held for distribution, free of cost, and has no value.

## 3.4 Prepayments

Prepayments relate to amounts paid to suppliers for goods and services not yet received. Advances are made to UNDP to cover payments made on behalf of UNAIDS in accordance with the "Working Arrangement between the United Nations Development Programme (UNDP) and the Joint United Nations Programme on HIV/AIDS (UNAIDS) covering the provision of administrative support services by UNDP" signed in April 1996 and updated in June 2008. In addition, advances to UNAIDS Cosponsors could be made to enable them to carry out their mandates under the UNAIDS 2016-2021 Unified Budget, Results and Accountability Framework when necessary.

## 3.5 Property, plant and equipment (PP&E)

Property, plant and equipment (PP&E) with a value of US\$ 5 000 and above are recognized as non-current assets in the Statement of Financial Position. They are initially recognized at cost, unless acquired through a non-exchange transaction, in which case they are recognized at fair value at the date of acquisition. PP&E is stated at historical costs less accumulated depreciation and impairment. Heritage assets have not been valued and are not considered in the financial statements.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount of the asset and are included in the Statement of Financial Performance. Impairment reviews are undertaken for all PP&E annually and all losses are recognized in the Statement of Financial Performance. Impairment indicators also include the obsolescence and deterioration of PP&E.

Depreciation is calculated on a straight-line basis over the asset's useful life except for land, which is not subject to depreciation. Property, plant and equipment are reviewed annually for impairment to ensure that the carrying amount is still considered to be recoverable. The estimated useful lives of the asset classes that make up property, plant and equipment are provided in the table below.

| Asset Class              | Estimated Useful<br>Life (in years) |  |
|--------------------------|-------------------------------------|--|
| Land                     | N/A                                 |  |
| Buildings - Permanent    | 60                                  |  |
| Buildings - Mobile       | 5                                   |  |
| Fixtures and fittings    | 5                                   |  |
| Vehicles and transport   | 5                                   |  |
| Office equipment         | 3                                   |  |
| Communications equipment | 3                                   |  |
| Audio Visual equipment   | 3                                   |  |
| Computer equipment       | 3                                   |  |
| Network equipment        | 3                                   |  |
| Security equipment       | 3                                   |  |
| Other equipment          | 3                                   |  |

Improvements are capitalized over the remaining life of the asset when the improvement results in an increase in the useful life of the asset or adds usable space. The residual value of the asset and the cost of the improvement will be amortized over the adjusted useful life (remaining life). Normal repair and maintenance costs are expensed in the year when the costs are incurred.

## 3.6 Intangible assets

Intangible assets are carried at cost less accumulated amortization and impairment. UNAIDS only recognizes intangible assets if the useful life of the asset is more than one year and the value is above US\$ 100 000. Intangible assets are amortized over their estimated useful lives using the straight-line method. The estimated useful life of 'software acquired externally' is between two to six years.

Intangible assets are assumed to have a residual value of zero as intangible assets are not sold or transferred at the end of their useful life. Intangible assets are reviewed annually for impairment.

## 3.7 Leases

A lease is an agreement whereby the lessor conveys to the lessee, in return for a payment or series of payments, the right to use an asset for an agreed period of time. UNAIDS reviews all leases on an annual basis to determine whether these constitute a finance or operating lease.

## 3.8 Contributions received in advance

Contributions received in advance arise from legally binding agreements between UNAIDS and its donors whereby the funds are received in advance of the amounts concerned falling due to the Organization.

## 3.9 Accounts payable and accrued liabilities

Accounts payable are liabilities for goods and services received by the Programme but which have not yet been paid for. Accrued liabilities are liabilities where goods and services have been received by the Programme but have not been paid and for which an invoice for payment to be made has not yet been received. Accounts payable and accrued liabilities are recognized at cost due to the discounting being considered not to be material.

## 3.10 Employee benefits

UNAIDS recognizes the following categories of employee benefits:

- short-term employee benefits which fall due wholly within 12 months after the end of the accounting period in which employees render the related service;
- post-employment benefits;
- other long-term employee benefits; and
- termination benefits

## 3.10a Short-term employee benefits

Liabilities are established for short-term employee benefits including items such as wages, salaries and social security contributions, paid annual leave and paid sick leave, and non-monetary benefits (such as medical care) for current employees. Actuarial assumptions and valuations have been used to measure accumulated annual leave. In addition, liabilities are established for the value of accumulated leave, deferred home leave and overtime earned but unpaid at the reporting date and for education grants payable at the reporting date that have not been included in current expenditure.

## 3.10b Post-employment benefits

Post-employment benefits include pension plans, post-employment medical care and postemployment insurance. Also included are benefits to which eligible staff members are entitled on termination of their contracts and include repatriation grants, repatriation removal and repatriation travel. Post-employment benefits under defined benefit plans are measured at the present value of the defined benefit obligation (DBO) adjusted for unrecognized actuarial gains and losses and unrecognized past service costs.

## United Nations Joint Staff Pension Fund

UNAIDS is a member organization participating in the United Nations Joint Staff Pension Fund (UNJSPF), which was established by the United Nations General Assembly to provide retirement, death, disability and related benefits to staff. The Pension Fund is a funded, multi-employer defined benefit plan. As specified by Article 3(b) of the Regulations of the Fund, membership in the Fund shall be open to the specialized agencies and to any other international, intergovernmental organization which participates in the common system of salaries, allowances and other conditions of service of the United Nations and the specialized agencies.

The plan exposes participating organizations to actuarial risks associated with the current and former staff of other organizations participating in the Fund, with the result that there is no consistent and reliable basis for allocating the obligation, plan assets, and costs to individual organizations participating in the plan. UNAIDS and the UNJSPF, in line with the other participating organizations in the Fund, are not in a position to identify UNAIDS's proportionate share of the defined benefit obligation, the plan assets and the costs associated with the plan with sufficient reliability for accounting purposes. Hence UNAIDS has treated this plan as if it was a defined contribution plan in line with the requirements of IPSAS 39 (Employee Benefits). UNAIDS contributions to the plan during the financial period are recognized as expenses in the Statement of Financial Performance.

## 3.11 Borrowing costs

UNAIDS has taken an interest free loan from the Swiss Government and Canton de Genève jointly with WHO for the construction of the UNAIDS/WHO building in Geneva. There are no

borrowing costs associated with this loan. Borrowings are currently stated at amortized cost; any difference between the proceeds and the redemption value is recognized in the Statement of Financial Performance over the period of the borrowings using the effective interest method. As the loan received by UNAIDS is an interest-free loan, the benefit to UNAIDS of this arrangement has been treated as an in-kind contribution.

## 3.12 Deferred revenue

Deferred revenue is recognized when legally binding agreements between the Programme and its donors, (including governments, international organizations and private and public institutions) are confirmed and the funds are earmarked and due in the future periods. Deferred revenue which is due after one year from the reporting date has been classified as non-current.

## 3.13 Provisions and contingent liabilities

Provisions are recognized for future liabilities and charges where UNAIDS has a present legal or constructive obligation as a result of past events and it is probable that the Programme will be required to settle the obligation. Provisions are recorded as expense in the Statement of Financial Performance and a corresponding liability is established in the Statement of Financial Position when the occurrence of the obligation for settlement has been ascertained and can reasonably be estimated.

Other commitments which do not meet the recognition criteria for liabilities, are disclosed in the notes to the financial statements as contingent liabilities when their existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not wholly within the control of UNAIDS.

## 3.14 Contingent assets

Contingent assets will be disclosed when an event gives rise to a probable inflow of economic benefits or service potential and there is sufficient information to assess the probability of the inflow of economic benefits or service potential.

## 3.15 Revenue recognition

**Voluntary contributions** - UNAIDS receives only voluntary contributions. Voluntary contributions are recorded on an accrual basis. Voluntary contributions which are supported by formal funding agreements signed by both parties are recognized as revenue at the time the agreement becomes binding and when control over the underlying asset is obtained. Where there are no payment terms specified by the contributor or payment terms are in the current accounting year, revenue is recognized immediately.

Agreements which are subject to conditions such as performance and/or receipt of funds are conditional on a certain future date, such agreements are established recognizing a receivable and a corresponding deferred revenue as a liability. Revenue is recognized when the condition is discharged.

**Contributions in-kind and in-service** - Contributions of goods or services in-kind or in-service are recorded in the period in which the contribution was received by UNAIDS. They are recognized and reflected as revenue and expense under the non-core funds at the best estimate of fair value.

## 3.16 Expense recognition

UNAIDS recognizes expense at the point when goods have been delivered or services rendered and not when cash or its equivalent is paid.

## 3.17 Segment reporting-fund accounting

Fund accounting is a method of segregating resources into categories, (i.e. funds) to identify both the source and use of funds. Establishment of such funds helps ensure better reporting of revenue and expenses along with a distinguishable group of activities for achieving its objectives and making decisions for future allocation of resources. The five types of funds for UNAIDS are core Unified Budget, Results and Accountability Framework funds, supplementary Unified Budget, Results and Accountability Framework funds, common fund and staff benefits and other funds. Any transfers between funds that would result in duplication of revenue and/or expense (including Programme Support Costs) are eliminated during consolidation. UNAIDS' assets and liabilities are not allocated to individual funds since ownership rests with the Programme, however, the balances against the respective funds and working capital reserve are recognized.

## 3.18 Statement of cash flow

The Statement of Cash Flow (Statement IV) is prepared using the indirect method.

## 3.19 Budget comparison

The Unified Budget, Results and Accountability Framework continues to be prepared on a modified cash basis and is presented in the financial statements as Statement V, Statement of Comparison of Budget and Actual Amounts. The Programme Coordinating Board provides approval of the Unified Budget, Results and Accountability Framework and the UNAIDS financial statements encompass all activities of the Programme.

As stipulated in IPSAS 24, the actual amounts presented on a comparable basis to the budget shall, where the financial statements and the budget are not prepared on a comparable basis, be reconciled to the actual amounts presented in the financial statements, identifying separately any basis, timing, presentation and entity differences. There may also be differences in formats and classification schemes adopted for the presentation of financial statements and the budget. As the bases used to prepare the budget and financial statements differ, and in order to facilitate a comparison between the budget and the financial statements, reconciliation between the actual amounts presented in Statement V to the actual amounts presented in Statement II and Statement IV are included in the notes to the financial statements.

## 4. SUPPORTING INFORMATION TO THE STATEMENT OF FINANCIAL POSITION

## 4.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, imprest bank account balances, petty cash, cash deposits in transit and balances held by WHO on behalf of UNAIDS. Cash and cash equivalents are held for meeting short-term cash commitments rather than for investment or other purposes. The balance also reflects cash and cash equivalents held in the portfolios managed by investment managers.

The total cash and cash equivalents stood at US\$ 176 226 258 as at 31 December 2021 (US\$ 198 093 402 as at 31 December 2020).

|   | 31 December 2021 | 31 December 2020 |  |
|---|------------------|------------------|--|
|   | (in US dollars)  | (in US dollars)  |  |
| Cash on hand and at bank (imprest accounts) | 109 715          | 114 703          |  |
| Cash held on behalf of UNAIDS by WHO        | 176 116 543      | 197 978 699      |  |
| Total cash and cash equivalents held by WHO | 176 226 258      | 198 093 402      |  |

## Investments

Details of significant accounting policies and methods adopted criteria for recognition and derecognition, basis of measurement and basis on which gains, and losses are recognized are set out in the Accounting Policies.

The main objectives for investments are the preservation of capital, the maintenance of sufficient liquidity to meet all payments of liabilities on time and the optimization of income return. The Investment Policy reflects the nature of funds, which may be held for the short-term, pending programme implementation, or for the longer term in order to meet liabilities under the other long-term funds of the Organization.

<u>Short-term investments</u> are funds related to pending programme implementation, which are invested in cash and high-quality, short-term, government, agency, corporate bonds and time deposits as defined in the approved Investment Policy. Investments included within 'financial assets at fair value through surplus and deficit' include fixed income securities and derivatives instruments held to cover projected liabilities and unexpected cash requirements. Financial assets in the externally managed portfolios designated upon initial recognition as at fair value through surplus or deficit are classified as short-term investments where the investment time horizon objective of these portfolios is less than or equal to a year. For short-term tactical investment reasons, the external managers of these portfolios to slightly longer than one year. This will not change the short-term classification of these financial assets unless the investment time horizon objective of the portfolio and the duration of its benchmark have been changed to more than one year. The investments in the' held-to-maturity' portfolio with a duration of less than one year are classified as current assets in the category 'financial assets at amortized costs'.

<u>Long-term investments</u> are for funds managed under the Terminal Payments Account as defined in the approved Investment Policy and are invested in high-quality, medium-dated and long-dated, government, agency and corporate bonds. The financial assets at fair value through surplus or deficit upon initial recognition in the Terminal Payments Fund investment portfolio are classified as long-term investments in accordance with the investment time horizon objective of the portfolio and the duration of its benchmark which are both greater than one year.

## **Risk exposure**

UNAIDS shares the risk of WHO which is exposed to financial risks including credit risk, interest rate risk, foreign currency exchange risk and investment price risk. Derivative financial instruments are used to hedge some of its risk exposures. In accordance with WHO Financial Regulations, funds not required for immediate use may be invested. All investments are carried out within the framework of the investment policy approved by the WHO Director General. Some portfolios are managed by external managers appointed by WHO to manage funds in accordance with a defined mandate. The Advisory Investment Committee reviews regularly the investment policies, the investment performance and the investment risk for each investment portfolio. The Committee is composed of external investment specialists who can make investment recommendations to the Director General of WHO.

#### Credit risk

UNAIDS shares similar credit risks to those of WHO and makes full disclosures with respect to the same. The WHO's investments are widely diversified in order to limit its credit risk exposure to any individual investment counterparty. Investments are placed with a wide range of counterparties using minimum credit quality limits and maximum exposure limits by counterparty (and by groups of related counterparties) established in investment mandates. These limits are applied both to the portfolios managed internally by the WHO Treasury Unit, and also to the portfolios managed by external investment managers. The WHO Treasury Unit monitors the total exposure to counterparties across all internally and externally managed portfolios to ensure that total counterparty exposure across portfolios are tracked and managed.

The credit and liquidity risk for cash and cash equivalents are minimized by investing only in major financial institutions that have received strong investment grade credit ratings from primary credit rating agencies. The WHO Treasury Unit regularly reviews the credit ratings of the approved counterparties and takes prompt action whenever a credit rating is downgraded.

#### Interest rate risk

UNAIDS is exposed to interest rate risk through short-term and long-term fixed income investments. The investment duration is a measure of sensitivity to changes in market interest rates, and the effective average duration of WHO's investment as at 31 December 2021 was 0.8 year for short-term investments (excluding bank deposits) and 7 years for the long-term investments. An increase of 1 % in the interest rate would cause a decrease of 0.8% in the value of the short-term investments (excluding bank deposits) and a decrease of 7% in the value of the long-term investments. The interest rates on short-term bank deposits are fixed at the time of investment; their values are not affected by any subsequent movement in interest rates.

Fixed income derivatives may be used by external investment managers to manage interest rate risk under strict investment guidelines. Typically, the interest rate instruments are used for portfolio duration management and strategic interest rate positioning.

#### Foreign exchange currency risk

UNAIDS receives voluntary contributions and makes payments in currencies other than US dollars and it is exposed to foreign exchange currency risk arising from fluctuations in the currency exchange rates. Exchange gains and losses on the purchase and sale of currencies, revaluation of cash book balances and all other exchange differences are adjusted against the funds and accounts eligible to receive interest under the interest apportionment programme. Translation into US dollars of transactions expressed in other currencies is performed at the United Nations Operational Rates of Exchange prevailing at the date of transaction. Assets and liabilities that are denominated in foreign currencies are translated at the United Nations Operational Rates of Exchange year end closing rate. Forward foreign exchange contracts are transacted to hedge foreign currency exposures and to manage short-term cash flows. Realized and unrealized gains and losses resulting from settlement and revaluation of foreign currency transactions are recognized in the Statement of Financial Performance (Statement II).

#### Hedging foreign exchange exposures on future payroll costs

The value of non-dollar (i.e. Swiss Franc) payroll expenditures in 2021 has been protected from the impact of movements in foreign exchange rates against the US dollar. Protection has been affected through the transaction of forward currency contracts during 2021. As at 31 December 2021 the forward foreign currency exchange hedging contracts were CHF 17.6 million. Unrealized net gain on these contracts amounted to US\$ 0.03 million as at 31 December 2021 (unrealized gain of US\$ 0.8 million as at 31 December 2020). Realized gains or losses on these contracts will be recorded on maturity of the contracts and applied during 2022.

#### Hedging foreign exchange exposures on receivables and payables

Currency exchange risk arises as a result of differences in the exchange rates at which foreign currency receivables or payables are recorded, and the exchange rates at which the cash receipt or payment is subsequently recorded. A monthly programme of currency hedging is in place to protect against this foreign currency risk. On a monthly basis the exposures in respect of accounts receivable and accounts payable exposures are netted by currency and each significant net foreign currency exposure is bought or sold forward using a forward foreign exchange contract equal and opposite to the net currency exposure.

These exposures are re-balanced at each month end to coincide with the settings of the monthly United Nations Operational Rates of Exchange. Through this process the exchange gains or losses realized on the forward foreign currency contracts match the corresponding unrealized exchange losses and gains on the movements in the net accounts receivable and accounts payable. As at 31 December 2021 the total forward foreign currency hedging contracts by currency for UNAIDS were as follows:

| Currency forward sold | Sum amount | Sum amount   | Net unrealized |
|-----------------------|------------|--------------|----------------|
|                       | sold       | bought       | gain/(loss)    |
|                       |            | (US dollars) | (US dollars)   |
| Australian dollar     | 4 500 000  | 3 258 261    | ( 13 913)      |
| Euro                  | 9 750 000  | 11 060 862   | 19 887         |
| Total                 |            | 14 319 123   | 5 974          |

#### 4.2 Accounts receivable

As at 31 December 2021, US\$ 118 million in contributions receivable was outstanding (US\$ 112.9 million as at 31 December 2020). A total of US\$ 100 million of this receivable is due to letters of credit outstanding with the Government of the United States of America; and US\$ 18 million represents receivables due in future financial periods (broken down between current, 2023 and beyond).

|   | 31 Decembe | er 2021 | 31 Decembe | r 2020  |
|---|------------|---------|------------|---------|
| Accounts receivable - current                             |            |         |            |         |
| Unified Budget, Results and Accountability Framework      | 52         | 495 532 | 68         | 085 292 |
| Supplementary Funds                                       | 44         | 044 582 | 39         | 406 973 |
| Extra-budgetary Funds                                     | 10         | 091 688 | 2          | 245 208 |
| Allowance for doubtful debt against Extra-budgetary Funds |            | -       |            | -       |
| Total accounts receivable - current                       | 106        | 631 802 | 109        | 737 473 |

#### 4.3 Staff receivables

In accordance with WHO's Staff Rules and Regulations, staff members are entitled to certain advances including salary, rent, education grant and travel advances. Advances are recovered periodically from staff salaries through payroll except for education grants which are settled at the end of the scholastic year. International staff members are eligible to receive an advance equal to the estimated amount of education grant for each child at the beginning of the scholastic year and are settled at the end of the scholastic year.

As at 31 December 2021, US\$ 2.1 million in staff receivables was outstanding including salary advances, rental advances, travel advances and education grant advances (US\$ 2.2 million as at 31 December 2020). The education grant advances represent the advances made to staff members for the scholastic year 2021-2022.

|  | 31 December 2021 | 31 December 2020 |
|--|------------------|------------------|
| Staff receivables                          | (in US dollars)  | (in US dollars)  |

#### 4.4 Prepayments

The total value of prepayments as at 31 December 2021 was US\$ 1.0 million (US\$ 1.0 million as at 31 December 2020). Out of this amount US\$ 0.5 million represents payments to suppliers in advance of receipt of goods or services which will be charged to expense in 2022. The remaining amount of US\$ 0.5 million relates to advances made to UNDP to cover payments made on behalf of UNAIDS.

|                       | 31 December 2021 | 31 December 2020 |  |
|-----------------------|------------------|------------------|--|
| Prepayments           | (in US dollars)  | (in US dollars)  |  |
| Advances to UNDP      | 417 361          | 493 133          |  |
| Advances to Suppliers | 534 806          | 523 591          |  |
| Total prepayments     | 952 167          | 1 016 724        |  |

#### 4.5 Other current receivables

As at 31 December 2021, US\$ 0.4 million in other receivables was outstanding (US\$ 0.3 million as at 31 December 2020) representing mainly value added tax (VAT) receivables.

#### 4.6 Inventories

The Secretariat only held publication for distribution with no realizable value. The cost of publications expensed during 2021 was zero.

#### 4.7 Intangibles

The Secretariat has no intangible assets to report.

#### 4.8 Property, plant and equipment (PP&E)

#### **Building**

The carrying value of the UNAIDS building at headquarters has been calculated at cost less depreciation. The building was constructed jointly with WHO and ownership is recognized at the 50% value with WHO. The land upon which the building has been constructed was made available by the Swiss Government at no cost. The value of the land has therefore not been valued and disclosed in the financial statements. The estimated useful life of the building has been determined at 60 years and has been depreciated using the straight-line method.

#### Plant and equipment

UNAIDS has capitalized all plant and equipment purchased in 2021 with a value of US\$ 5 000 or above.

As at 31 December 2021, the total value of recognized property, plant and equipment (net of accumulated depreciation) was US\$ 19.6 million (US\$ 19.9 million as at 31 December 2020). Out of which total value of property (net of accumulated depreciation) was US\$ 19.2 million (US\$ 19.6 million as at 31 December 2020) and the total value of equipment (net of accumulated depreciation) was US\$ 0.4 million (US\$ 0.24 million as at 31 December 2020).

Assets value purchased during 2021 amounted to US\$ 284 926 and have been depreciated for an amount of US\$ 27 207 prorated to their date placed in the service using the straight-line method. Equipment with original cost value totalling US\$ 1.6 million has been fully depreciated and are still in use by the Secretariat.

| Total - staff payables | 307 968          | 240 768          |

#### 4.11 Accrued staff benefits

Accrued staff benefits include terminal payments, staff health insurance and illness insurance and liabilities due to service-incurred death or disability (Special Fund for Compensation). In addition it includes provision for restructuring.

UNAIDS staff benefits liabilities (excluding restructuring fund) are determined by professional actuaries. The actuarial studies commissioned determined various liabilities to be established to cover different staff benefits in accordance with IPSAS for WHO, UNAIDS and the other non-consolidated entities as at 31 December 2021. The professional actuarial studies were calculated based on personnel data and past payment experience.

#### **Terminal Payments**

The Terminal Payments Fund was established to finance the terminal emoluments of staff members, including repatriation grants, accrued annual leave, repatriation travel and removal on repatriation. It is funded by a salary and post adjustment budgetary provision.

Liabilities arising from repatriation benefits and annual leave are determined by independent consulting actuaries. However, the accrued leave is calculated on a walk-away basis – that is, as if all staff separated immediately – and, therefore, is not discounted.

The actuarial study as at 31 December 2021 has estimated the total liability for terminal payments (excluding annual leave) to be US\$ 12.7 million (US\$ 12.5 million as at 31 December 2020). This calculation did not include cost of end of service grant and separation by mutual agreement.

The annual leave entitlements stood at US\$ 10.9 million as at 31 December 2021 (US\$ 9.9 million as at 31 December 2020) representing an increase of US\$ 1 million.

#### After Service Health Insurance

UNAIDS participates in a health insurance scheme which is managed as a separate entity, WHO Staff Health Insurance, and which has its own governance. It provides for the reimbursement of expenses for medically recognized health care incurred by staff members, recognized dependents and retired staff. It is financed from the contributions made by the participants and the Programme.

UNAIDS has recognized staff health insurance liabilities as a Post-Employment Benefit. Actuarial gains and losses are recognized in the net assets / equity in accordance with IPSAS 39 (Employee Benefits).

The defined benefit obligations as at 31 December 2021 determined by professional actuaries based on personnel data and past payments experience provided by WHO stood at US\$ 236.4 million (US\$ 252 million as at 31 December 2020) of which US\$ 115.1 million is funded (including incurred-but-not-paid reserve) resulting in net unfunded liability of US\$ 121.3 million which is reflected in the Statement of Financial Position (Statement I). Further details on Staff Health Insurance can be found in the Staff Health Insurance Annual Report.

In accordance with IPSAS 39 (Employee Benefits), the actuarial gain of US\$ 38.5 million was transferred directly to net assets / equity in 2021 and an additional accrual of US\$ 9.1 million was charged to staff costs in the Statement of Financial Performance (Statement II).

It should be noted that whilst the ASHI actuarial study reflects an unfunded liability of US\$ 121.3 million as at 31 December 2021, following the Programme Coordinating Board decision at its 30<sup>th</sup> meeting (held in June 2012) to fully fund the organizational staff-related liabilities from the fund balance, a total of US\$ 25.1 million has so far been attributed towards funding the ASHI liability. Therefore, the unfunded ASHI liability as at 31 December 2021 stood at US\$ 96.2 million (i.e. US\$ 121.3 million as per actuarial study less the funding of US\$ 25.1 million).

#### Special Fund for Compensation

In the event of a death or disablement attributable to the performance of official duties of an eligible staff member, the Special Fund for Compensation covers all reasonable medical, hospital, and directly related costs, as well as funeral expenses. In addition, the fund will also provide compensation to the disabled staff member (for the duration of the disability) or the surviving family members.

UNAIDS accounts for the Special Fund for Compensation as a post-employment benefit. Actuarial gains and losses are recognized in the net assets / equity in accordance with IPSAS 39 (Employee Benefits).

As per the actuarial study, the total liability was US\$ 2.7 million at 31 December 2021 (US\$ 2.4 million as at 31 December 2020). In accordance with IPSAS 39, the actuarial loss of US\$ 0.004 million was transferred directly to net assets / equity in 2021 and an additional accrual of US\$ 0.3 million has been recognized by nature of expenses in the Statement of Financial Performance (Statement II).

#### **Restructuring Fund**

A provision for restructuring was established in accordance with IPSAS 19, to finance the cost of staff who opted for separation by mutual agreement (SMAs) and cost of termination due to abolishment of positions following the organizational alignment. The provision for restructuring amounted to US\$ 16.5 million broken down between current and non-current.

#### Actuarial methods and assumptions

Each year, the Programme identifies and selects assumptions and methods that will be used by actuaries in the year-end valuation to determine the expense and contribution requirements for the Programme's staff benefits. Actuarial assumptions are required to be disclosed in the financial statements in accordance with IPSAS 39. In addition, each actuarial assumption is required to be disclosed in absolute terms.

#### Actuarial Method

| Repatriation Travel and Removal on Repatriation                                | Calculated using projected unit credit with service prorate, with an attribution period from the<br>"entry on duty date" to separation. Plus 2% increase is applied for incurred but not yet paid<br>benefits (IBNP)  |
|--|---|
| Repatriation Grant, Termination Indemnity, and Grant in Case of Death          | Calculated using the projected unit credit method with accrual rate proration. Plus 2% increase is applied for incured but not yet paid benefits (IBNP)   |
| Accrued Leave  | The liability is set equal to the walk-away liability as if all staff separated immediately. Plus 2% increase is applied for incured but not yet paid benefits (IBNP)   |
| Abolition of Post, End-of-Service Grant, and<br>Separation by Mutual Agreement | These benefits are considered termination benefits under IPSAS 39 and, therefore, excluded from the valuation.  |
| Special Fund for Compensation  | Calculated using projected unit credit, with an attribution period from the "entry on duty date" to separation.   |
| After- Service Health Insurance  | Liabilities are attributed using the projected unit credit method linearly from the "entry on duty date" to the earlier of the full eligibility date (the latest of age 55, 10 years of service, and five years of continuous service) and retirement date. |

#### **United Nations Joint Staff Pension Fund**

UNAIDS is a member organization participating in the United Nations Joint Staff Pension Fund (the "Fund"), which was established by the United Nations General Assembly to provide retirement, death, disability and related benefits to employees. The Fund is a funded, multiemployer defined benefit plan. As specified in Article 3(b) of the Regulations of the Fund, membership in the Fund shall be open to the specialized agencies and to any other international, intergovernmental organization which participates in the common system of salaries, allowances and other conditions of service of the United Nations and the specialized agencies.

The Fund exposes participating organizations to actuarial risks associated with the current and former employees of other organizations participating in the Fund, with the result that there is no consistent and reliable basis for allocating the obligation, plan assets and costs to individual organizations participating in the Fund. UNAIDS and the Fund, in line with the other participating organizations in the Fund, are not in a position to identify the UNAIDS's proportionate share of the defined benefit obligation, the plan assets and the costs associated with the plan with sufficient reliability for accounting purposes. Hence, UNAIDS has treated this plan as if it were a defined contribution plan in line with the requirements of IPSAS 39, Employee Benefits. UNAIDS's contributions to the Fund during the financial period are recognized as expenses in the Statement of Financial Performance.

The Fund's Regulations state that the Pension Board shall have an actuarial valuation made of the Fund at least once every three years by the Consulting Actuary. The practice of the Pension Board has been to carry out an actuarial valuation every two years using the Open Group Aggregate Method. The primary purpose of the actuarial valuation is to determine whether the current and estimated future assets of the Fund will be sufficient to meet its liabilities.

UNAIDS' financial obligation to the UNJSPF consists of its mandated contribution, at the rate established by the United Nations General Assembly (7.9% for participants and 15.8% for member organizations) together with any share of any actuarial deficiency payments under Article 26 of the Regulations of the Pension Fund. Such deficiency payments are only payable if and when the United Nations General Assembly has invoked the provision of Article 26, following determination that there is a requirement for deficiency payments based on an assessment of the actuarial sufficiency of the Pension Fund as of the valuation date. Each member organization

shall contribute to this deficiency an amount proportionate to the total contributions which each paid during the three years preceding the valuation date.

The latest actuarial valuation for the Fund was completed as of 31 December 2019, and the valuation as at 31 December 2021 is currently being performed. A roll forward of the participation data as of 31 December 2019 to 31 December 2020 will be used by the Fund for its 2020 financial statements.

The actuarial valuation as of 31 December 2019 resulted in a funded ratio of actuarial assets to actuarial liabilities, assuming no future pension adjustments, of 144.2% (139.2% in the 2017 valuation). The funded ratio was 107.1% (102.7% in the 2017 valuation) when the current system of pension adjustments was taken into account.

After assessing the actuarial sufficiency of the Fund, the Consulting Actuary concluded that there was no requirement, as of 31 December 2019, for deficiency payments under Article 26 of the Regulations of the Fund as the actuarial value of assets exceeded the actuarial value of all accrued liabilities under the plan. In addition, the market value of assets also exceeded the actuarial value of all actuarial value of all accrued liabilities as of the valuation date. At the time of this report, the General Assembly has not invoked the provision of Article 26.

Should Article 26 be invoked due to an actuarial deficiency, either during the ongoing operation or due to the termination of the UNJSPF pension plan, deficiency payments required from each member organization would be based upon the proportion of that member organization's contributions to the total contributions paid to the Fund during the three years preceding the valuation date. Total contributions paid to the UNJSPF during the preceding three years (2018, 2019 and 2020) amounted to USD 7,993.15 million, of which 0.78% was contributed by the Agency.

During 2021, contributions paid to UNJSPF amounted to US\$ 22.9 million (2020 US\$ 22 million). Expected contributions due in 2022 are approximately US\$ 22.9 million.

Membership of the Fund may be terminated by decision of the United Nations General Assembly, upon the affirmative recommendation of the Pension Board. A proportionate share of the total assets of the Fund at the date of termination shall be paid to the former member organization for the exclusive benefit of its staff who were participants in the Fund at that date, pursuant to an arrangement mutually agreed between the organization and the Fund. The amount is determined by the United Nations Joint Staff Pension Board based on an actuarial valuation of the assets and liabilities of the Fund on the date of termination; no part of the assets which are in excess of the liabilities are included in the amount.

The United Nations Board of Auditors carries out an annual audit of the Fund and reports to the Pension Board and to the United Nations General Assembly on the audit every year. The Fund publishes quarterly reports on its investments, and these can be viewed by visiting the Fund at www.unjspf.org.

#### 4.12 Deferred revenue

As at 31 December 2021 deferred revenue amounted to US\$ 17.5 million (US\$ 24.1 million as at 31 December 2020). This represents multi-year pledges made in 2021 for which the revenue recognition has been deferred to future financial periods. Out of this amount, US\$ 8.1 million represents non-current deferred revenue for 2022 and future financial periods.

|  | 31 December 2021 | 31 December 2020 |
|--|------------------|------------------|
|  | (in US dollars)  | (in US dollars)  |
| Deferred revenue - current                           |                  |                  |

| Total deferred revenue - non-current                 | 8 143 267        | 3 109 883        |
| Total deferred revenue                               | 17 463 945       | 24 117 428       |

#### 4.13 Long-term borrowings

At its 12<sup>th</sup> meeting in May 2004, the Programme Coordinating Board endorsed UNAIDS' negotiation of a direct loan with the Swiss Confederation for the construction of a new building in Geneva for UNAIDS and WHO at an estimated cost of CHF 66 million, of which UNAIDS' share was estimated at CHF 33 million. In December 2003, the Swiss Confederation agreed to provide an interest-free loan of CHF 59.8 million, of which UNAIDS' share is CHF 29.9 million. The repayment over a 50-year period of UNAIDS' share of the interest-free loan provided by the Swiss Confederation is made through the reallocation of funds otherwise expended on the rental of office space with effect from the first year of the completion of the building. The building was completed in November 2006. The amount under Buildings includes US\$ 25.6 million which represents the 50% share of UNAIDS' expense incurred on the building up to 31 December 2007.

The Swiss Confederation 30-year bonds rate was -0.095% at December 2021 (-0.356% for 2020). Hence, in line with prudent accounting principles the non-current outstanding amount of US\$ 22.2 million for the UNAIDS building loan was not discounted. Of the total amount outstanding on the loan totalling US\$ 22.9 million, US\$ 0.7 million will be due in the next 12 months and is shown as a current liability, which is separately disclosed.

#### 4.14 Other current liabilities

As at 31 December 2021, US\$ 0.24 million in other current liabilities (US\$ 0.15 million as at 31 December 2020), those represent accrued pension liability made by UNAIDS on behalf of temporary staff.

|                                 | 31 December 2021 | 31 December 2020 |
|---------------------------------|------------------|------------------|
| Other Current Liability         | (in US dollars)  | (in US dollars)  |
| Accrued Pension Liability       | 222 061          | 147 582          |
| Financial liability             | 13 913           | -                |
| Total - Other Current Liability | 235 975          | 147 582          |

#### 4.15 Changes in net assets/equity

For the financial year ended 31 December 2021, the net assets/equity increased by US\$ 3.4 million, out of which US\$ 38.5 million related to actuarial gain under ASHI and SFFC which was transferred directly to net assets/equity in accordance with IPSAS 39 (Employee benefits) and US\$ 35.1 million related to a deficit in 2021 (compared to a deficit of US\$ 2.6 million in 2020).

In line with the Programme Coordinating Board's approval to fund the annual replenishment of the Building Renovation Fund, in 2021 the Executive Director authorized the transfer of a total of US\$ 0.43 million from the fund balance towards the Building Renovation Fund. The Programme Coordinating Board during its 48th meeting held from 29 June – 2 July 2021 took note of the Executive Director's decision.

The unfunded staff-related liabilities, stood at US\$ 102 million as at 31 December 2021 (US\$ 119.5 million as at 31 December 2020), a net decrease of US\$ 17.5 million. The non-payroll staff entitlements fund stood at US\$ 7.3 million as at 31 December 2021 (US\$ 4.7 million as at 31 December 2020), an increase of US\$ 2.6 million.

#### 4.16 Operating Reserve Fund

Pending receipt of core contributions, implementation of the Unified Budget, Results and Accountability Framework may be financed from the Operating Reserve Fund (ORF), which was established by the Programme Coordinating Board in June 1996. The rules and procedures guiding the use of the ORF by the Executive Director were decided by the Programme Coordinating Board at its sixth meeting held in Geneva in May 1998.

#### 4.17 Building Renovation Fund

The Building Renovation Fund was established by the Programme Coordinating Board at its 30<sup>th</sup> meeting in June 2012. This fund has been set up to meet the future costs of major repairs of, alterations to, and investments in, the UNAIDS office building.

The Programme Coordinating Board also approved the annual replenishment of the fund for an amount equivalent to the accumulated depreciation of the UNAIDS building. In line with the decision of the Programme Coordinating the Building Renovation Fund was increased by US\$ 0.43 million in 2021 (same amount as in the last year).

#### **5. SUPPORTING INFORMATION TO THE STATEMENT OF FINANCIAL PERFORMANCE**

#### 5.1 Statement overview

The Statement of Financial Performance consolidates revenue and expenses for all activities throughout the Programme. The statement segregates operating activities from those arising from financing operations.

#### 5.2 Revenue

Voluntary contributions to the Programme totalled US\$ 241.8 million (US\$ 267.9 million for 2020). Out of which US\$ 231.2 million from governments; US\$ 6 million from UNAIDS Cosponsors; and a net of US\$ 4.6 million from other operating revenue received from intergovernmental organizations, other United Nations Organizations, institutions, as well as the private sector. (included in this figure is an amount of US\$ 2.2 million representing in-service contributions) and miscellaneous income of US\$ 0.3 million There has been no revenue received on account of exchange transactions.

#### 5.3 Expense

UNAIDS recognizes expense at the point when goods have been delivered or services rendered. An encumbrance represents a firm commitment or obligation for goods and services which have not been delivered. Encumbrances are not reported in the Statement of Financial Performance (Statement II).

#### 5.3.1 Staff and other personnel costs

Staff and other personnel costs represent the total cost of employing staff at all locations, including remuneration of base salary, post adjustment and any other type of entitlements (e.g., pension and insurance) paid by the Programme. Staff costs also include the increase in the SHI actuarial liability which is recognized as expense in the Statement of Financial Performance. It also includes the cost of staff who opted for Separation by Mutual Agreements (SMAs) and termination.

| Description  | 31 December 2021 | 31 December 2020 |
|--|------------------|------------------|
|  | (in US dollars)  | (in US dollars)  |
| Salary cost  | 107 606 613      | 102 008 965      |
| Actuarial cost   | 9 424 466        | 37 596 250       |
| Cost for Seperation by mutual agreement (SMAs) and termination | 16 500 000       | 1 220 630        |
| Other personnel costs  | 10 407 101       | 9 450 963        |
| Total staff cost   | 143 938 180      | 150 276 808      |

#### 5.3.2 Transfers and grants to counterparts

Transfers and grants to counterparts represent grants provided to national counterparts, letters of agreements signed with UN entities, non-profit non-governmental organizations and academic institutions to perform activities to help achieve specific objectives of the UNAIDS Secretariat and transfers to UNAIDS Cosponsors for their share of the Unified Budget, Results and Accountability Framework for 2020-2021. Transfers and grants to governments are referred to as direct financial cooperation. Funds are normally expensed at the time of transfer to the contractual partner.

| Description                                  | 31 December 2021 | 31 December 2020 |
|--|------------------|------------------|
|  | (in US dollars)  | (in US dollars)  |
| Direct financial Cooperation                 | 2 915 587        | 3 204 426        |
| Letter of Agreements                         | 84 287 395       | 75 767 066       |
| Total Transfer and grants to<br>counterparts | 87 202 982       | 78 971 492       |

#### 5.3.3 Contractual services

Contractual services represent expenses for service providers. The main components are Agreements for Performance of Work (APWs), consulting contracts given to individuals to perform activities on behalf of the Programme.

| Description   | 31 December 2021 | 31 December 2020 |  |
|---|------------------|------------------|--|
|   | (in US dollars)  | (in US dollars)  |  |
| Contractual services                                    | 29 447 041       | 25 059 913       |  |
| Security expenses                                       | 1 856 508        | 1 627 505        |  |
| Training  | 1 067 001        | 471 496          |  |
| Direct implementation and<br>Special service agreements | 136 432          | 95 580           |  |
| Total Contractual Services                              | 32 506 982       | 27 254 494       |  |

#### 5.3.4 General operating expenses

General operating expenses represent expenses related to general operations in support of headquarters, regional and country offices. This includes costs such as utilities, telecommunications and rent.

| Description                | 31 December 2021 | 31 December 2020 |
|----------------------------|------------------|------------------|
|                            | (in US dollars)  | (in US dollars)  |
| General operating expenses | 13 725 026       | 13 136 679       |

#### 5.3.5 Travel

Travel of staff, meeting participants and consultants paid by UNAIDS are included in the total travel costs. Travel expenses include airfare, per diem and other travel related costs.

| Description | 31 December 2021 | 31 December 2020 |
|-------------|------------------|------------------|
|             | (in US dollars)  | (in US dollars)  |
| Travel      | 1 856 094        | 1 509 515        |

#### 5.3.6 Equipment vehicles and furniture

Equipment, vehicles, and furniture are charged as expense at the point of delivery. PP&E purchased during 2021 have been recognized and capitalized in accordance with IPSAS 17.

| Description                       | 31 December 2021 | 31 December 2020 |
|-----------------------------------|------------------|------------------|
|                                   | (in US dollars)  | (in US dollars)  |
| Equipment, vehicles and furniture | 167 201          | 405 672          |

#### 5.3.7 Depreciation

Depreciation has been charged on property, plant and equipment (PP&E) using the straight-line method. Depreciation is the expense resulting from the systematic allocation of the amounts on the PP&E over their useful lives. The useful life of the building has been estimated at 60 years. The useful lives of furniture and vehicles have been estimated at 5 years and equipment has been estimated at 3 years.

| Description  | 31 December 2021 | 31 December 2020 |
|--------------|------------------|------------------|
|              | (in US dollars)  | (in US dollars)  |
| Depreciation | 546 760          | 549 510          |

#### 5.4 Finance revenue (cost)

The total interest earnings were US\$ 1.9 million for the financial period ended 31 December 2021; the net realized foreign exchange gains were US\$ 1.6 million; net unrealized foreign exchange losses on revaluation of the accounts receivables and Swiss loan adjustments amounted to US\$ 1.4 million and also includes actuarial interest cost related to valuation of Terminal Payments and Special Fund for Compensation for US\$ 0.3 million. This has resulted in a net total financial revenue amount of US\$ 2.8 million as at 31 December 2021 (US\$ 1.4 million as at 31 December 2020).

#### 7. COMPARISON OF BUDGET AND ACTUAL AMOUNTS

UNAIDS Programme Budget is established on a modified cash basis and is approved by the Programme Coordinating Board.

UNAIDS' budget and financial accounts are prepared using two different accounting basis. The Statement of Financial Position, Statement of Financial Performance, Statement of Changes in Net Assets and Statement of Cash Flow are prepared on a full accrual basis, whereas the Statement of Comparison of Budget and Actual Amounts (Statement V) is prepared on a modified cash basis.

As required by IPSAS 24, reconciliation has been provided between the actual amounts on a comparable basis as presented in Statement V and the actual amounts in the financial accounts identifying separately any basis, timing, presentation and entity differences.

<u>Basis differences</u> - occur when the approved budget is prepared on a basis other than the full accrual accounting basis. Basis differences include the depreciation and capitalization of assets and repayment of the principal on the outstanding loan from the Swiss Confederation.

<u>Timing differences</u> - occur when the budget period differs from the reporting period reflected in the financial statements.

<u>Presentation differences</u> - are due to differences in the format and classification schemes adapted for presentation of Statement of Cash Flow and Statement of Comparison of Budget and Actual Amounts.

<u>Entity differences</u> - include expenses under non-core funds, which are financed from other sources and are not included in the Unified Budget Results and Accountability Framework approved by the Programme Coordinating Board.

Reconciliation between the actual amounts on a comparable basis in the Statement of Comparison of Budget and Actual Amounts (Statement V) and the actual amounts in the Statement of Financial Performance (Statement II) and Statement of Cash Flow (Statement IV) for the year ended 31 December 2021 are presented below.

# Reconciliation of Budget Utilization (Statement V) with Statement of Cash Flow (Statement IV) as at 31 December 2021

#### 8. ADMINISTRATIVE WAIVERS, AMOUNTS WRITTEN OFF AND, EX-GRATIA PAYMENTS

During the financial year ended 31 December 2021, there were no administrative waivers, amounts written off or ex-gratia payments.

#### 9. RELATED PARTY AND SENIOR MANAGEMENT DISCLOSURE

Key management personnel of UNAIDS consists of all staff members graded at the D1 level and above as they have the authority and responsibility for planning, directing and controlling the activities of UNAIDS.

The aggregate remuneration paid to key management personnel includes salaries, allowances, statutory travel and other entitlements paid in accordance with the Staff Rules and Regulations and applicable to all staff.

Key management personnel are members of the UN Joint Staff Pension Fund (UNJSPF) to which the personnel and UNAIDS contribute and are also eligible for participation in the Staff Health Insurance scheme including the after service medical insurance scheme if they meet the eligibility requirements.

During the year, no loans were granted to key management personnel beyond those available to staff outside this group.

#### Key Management Personnel

(in US dollars)

| Number of individuals   | 24        |
|---|-----------|
| Compensation and post adjustment                              | 5 189 996 |
| Entitlements  | 489 677   |
| Pension and Health Plans                                      | 1 514 841 |
| Total remuneration 2021                                       | 7 194 515 |
| Outstanding advances against entitlements                     | 262 478   |
| Outstanding loans (in addition to normal entitlements if any) | -         |

#### 10. EVENTS AFTER THE REPORTING DATE

The Programme's reporting date is 31 December 2021. On the date of the certifying of these accounts, no material events, favorable or unfavorable, occurred between the balance sheet date and the date when the financial statements have been authorized for issue that would have impacted these statements.

#### 11. CONTINGENT LIABILITIES, COMMITMENTS AND CONTINGENT ASSETS

#### Contingent Liabilities

As at 31 December 2021, two outstanding appeals were pending before the WHO Global Board of Appeal (GBA) in respect of UNAIDS former and serving staff. The respective recommendations from the GBA for decision by the UNAIDS Executive Director are expected during the course of 2022. Furthermore, 19 (nineteen) outstanding personnel matters (complaints), submitted during the period of 2019-2021, were pending with the ILO Administrative Tribunal as at the above-referenced and therefore are not practicable to disclose as the likelihood of repayment has been determined to be remote. There are no cases involving contractual disputes that are to be considered contingent liabilities.

#### **Operating leases**

The Secretariat enters into operating lease arrangements for the use of country, regional and liaison offices premises. Some of the operating lease agreements contain renewal clauses which enable the Secretariat to extend the terms of the leases at the end of the original lease terms and escalation clauses that may increase annual rent payments based on increases in the relevant market price indexes in the respective countries where country, regional and liaison offices are located. Future minimum lease rental payments for the following periods are:

|   | 31 December 2021 | 31 December 2020 |
|---|------------------|------------------|
| Operating leases                                  | (in US dollars)  | (in US dollars)  |
| Within one year                                   | 3 779 450        | 960 622          |
| Later than one year but not later than five years | 2 506 983        | 4 577 638        |
| Later than five years                             |                  | 505 236          |
| Total operating leases                            | 6 286 433        | 6 043 496        |

#### **Commitments**

As at 31 December 2021, UNAIDS had commitments for the acquisition of good and services contracted but not yet delivered totalling US\$ 11.3 million.

Commitments are not recognized as expense in the statement of financial performance (Statement II) on the basis of IPSAS 1, and on the basis of the delivery principle.

#### Contingent Assets

In accordance with IPSAS 19, contingent assets will be disclosed for cases where an event will give rise to a probable inflow of economic benefits. As at 31 December 2021, there were no material contingent assets to disclose.

#### **PART IV**

#### **MANAGEMENT INFORMATION**

#### I. Funds made available for the financial period ended 31 December 2021

During the period under review, revenue totalling US\$ 171.4 million was made available towards the UBRAF. Twenty-seven governments contributed 96.8% of this amount. The remaining 3.2% was made up of financial revenue (primarily interest earnings) received and apportioned during the reporting period as well as miscellaneous income, including funds received from private contributors and public institutions other than governments, as well as miscellaneous donations and honoraria. Schedule 2 on page 58 provides the details of this revenue.

Furthermore, non-core resources amounting to US\$ 75.9 million were made available to UNAIDS to provide support to a number of global, regional and country activities that are designated for specific countries or purposes. Details on the sources of these funds are presented in Schedules 3 and 4 on pages 59 and 60.

#### **II.** Funds expended for the financial period ended 31 December 2021

The total expense for the financial period ended 31 December 2021 against the core UBRAF for 2020–2021 amounted to US\$ 182.6 million and expenses against the non-core funds amounted to US\$ 71.2 million (excluding encumbrances).

#### A. Unified Budget, Results and Accountability Framework

During the year ended 31 December 2021, expense and encumbrance (including transfers to Cosponsors) totalling US\$ 185 million were incurred against the core budget of US\$ 187 million approved for the 2020–2021 UBRAF which corresponded to a financial implementation of 98.9%.

The total expense and encumbrance for the implementation of the activities contained in the Unified Budget, Results and Accountability Framework were distributed as follows:

- US\$ 45 million was transferred to the Cosponsors and
- US\$ 137.6 million was expended and US\$ 2.3 million encumbered for Secretariat activities and staff costs.

Total UBRAF core expenses and encumbrances for 2020-2021 amounted to US\$ 364.4 million representing a financial implementation of 97.4% (US\$179.4 million expended in 2020 and US\$ 182.6 million expended and US\$ 2.3 million encumbered in 2021). Table 4 provides details on the 2020-2021 UBRAF approved core budget, expense and encumbrances, broken down by result area, and the Secretariat core functions for the biennium 2020-2021.

#### i) Funds transferred to Cosponsors

In 2021, a total amount of US\$ 45 million has been transferred to the Cosponsors. This represents 95.7% of the Cosponsors' share for year 2021 of the 2020-2021 biennium core budget. US\$ 2 million has been transferred to each of the eleven Cosponsors to cover their core activities with the exception of the World Bank and a further US\$ 25 million has been transferred to Cosponsors at country level in the form of country envelopes.

The country envelope funding modality was first introduced in the 2018-2019 biennium following the approval of the refined UNAIDS Joint Programme operating model by the Programme Coordinating Board (PCB) at its 40th meeting in June 2017.

This approach serves three overarching objectives: to deploy human and financial resources where they are needed most; to reinvigorate country-level joint work and collaborative action; and to reinforce accountability and results for people.

The country envelopes were established for seventy-one countries through a process which entailed engagement of the Cosponsor at all levels to reach consensus on the formula, process, deliverables and allocations. (Table 8 on pages 68 to 69 provides details of funds transferred to Cosponsors at country level).

Figure 4 illustrates the dynamic and differentiated resource allocation model and provides information on the proportion of funds transferred to each individual Cosponsor).

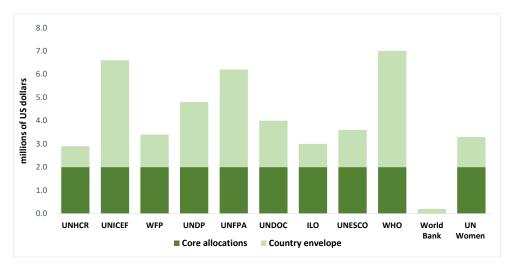

Figure 4 Funds transferred to the Cosponsors in 2021

#### ii) Funds expended and encumbered against the Secretariat budget

During the year ended on 31 December 2021, a total amount of US\$ 137.6 million was expended and US\$ 2.3 million encumbered for Secretariat activities and staff costs against the Secretariat 2021 core budget of US\$ 140 million which together represent a financial implementation rate of 100% of the Secretariat part of the 2021 core budget.

Total Secretariat core expenses and encumbrances for the 2020-2021 biennium amounted to US\$ 272.3 million representing a financial implementation of 97.3% (US\$132.4 million expended in 2020 and US\$ 136.6 million expended in 2021 and US\$ 2.3 million encumbered in 2021).

Table 4 provides details on the 2020–2021 UBRAF approved core budget, expense and encumbrances, broken down by result area, and the Secretariat core functions for the biennium 2020–2021.

#### B. Expense incurred against the non-core funds

During the year ended 31 December 2021, a total amount of US\$ 77.2 million was expended by the Secretariat against non-core funds (US\$ 46.9 million was expended against supplemental funds and US\$ 30.3 million was expended against extra-budgetary funds). In addition to the above, US\$ 7.3 million and US\$ 1.4 million were encumbered against supplemental and extra-budgetary funds, respectively, as indicated in Table 5 and Table 6 on pages 64 and 65.

#### C. Country and regional expense against all sources of funds

As recommended by the PCB at its 22<sup>nd</sup> meeting, held in Chiang Mai, Thailand from 23–25 April 2008, the report in Table 7 on pages 66 to 67 presents a breakdown of expense and encumbrances of the Secretariat by country and region for both the UBRAF and non-core funds. Country and regional expense amounted to US\$ 94.8 million for the financial period ended 31 December 2021. In addition to the above expense, a total of US\$ 4.4 million was encumbered during the same period, which together totalled US\$ 99.2 million for the financial period period ended 31 December 2021.
