2. REGISTRATION PROCESS FOR IN-PERSON & ONLINE PARTICIPATION

Online registration is required for all meeting participants to the 53rd meeting of the PCB (12 to 14 December 2023), pre-meeting sessions (4 and 5 December 2023), and consultation on draft decision points (7 December 2023) via the dedicated online platform INDICO.

**REGISTRATION**: Participants can register through the online registration link on the UNAIDS website by the **deadline of Thursday, 23 November 2023**. On the registration form, participants will be able to indicate which sessions they will take part in: [https://indico.un.org/event/1007951](https://indico.un.org/event/1007951)

**IMPORTANT**: For those requiring a visa support letter, please note that the **deadline to register** is Thursday, 2 November 2023.

In accordance with decision point 3.2 noted during the 40th PCB (2017), and to support the objective of achievement of SDG 5 (Achieve gender equality and empower all women and girls), Member States are invited to consider the incorporation of gender balance within their delegations invited to consider that gender balance be applied to their delegations.

**IN-PERSON & ONLINE PARTICIPATION**:

While the 2023 PCB meetings are expected to take place in person for members, participants and observers, the PCB Bureau acknowledges the unique opportunity for widespread participation facilitated by virtual communication. In recognition of the lessons learned from virtual meetings, the PCB Bureau proposes to provide online access for meeting members, participants and observers who are unable to join the meeting in person.

Online participants would be invited to participate virtually via the Zoom platform during the meeting schedule 09:00-17:00 CET. Online participants would be able to participate during the presentation and discussions on agenda items, including by making an intervention.

In recognition of the technological limitations and security concerns that accompany a meeting with online participation, online participants would not be invited to participate during the adoption
of decisions or in any voting procedures. Kindly note that drafting sessions will not have online participation capacity.

**Online participation will be limited to six participants per delegation.** Exceptions will be granted on a case-by-case basis in consultation with the PCB Chair and the UNAIDS Executive Director. If you wish to make a request for an exception, please submit a Note verbale to pcbgovernance@unaids.org with a rationale for your request.

In accordance with the Modus Operandi, **in-person participation at the PCB meeting is not limited.** Kindly note, however, that the room capacity is 300 participants. All participants from a delegation, including online participants, must register in advance through the online registration portal.

While completing the online registration, all delegations should submit a note verbale to indicate:
- Name(s) and title(s) of in-person participant(s);  
- Name(s) and title(s) of a maximum of six (6) online participant(s), and  
- Name and title of a main and an alternate who will participate in person in the drafting sessions as foreseen in the modalities and procedures for UNAIDS PCB meetings in 2023 (only applicable to PCB members).

Kindly note that the abovementioned limitations for online participants will not be applied for the pre-meeting sessions.

### 3. PRE-PCB MEETING SESSIONS ON PCB AGENDA ITEMS (all participants) and CONSULTATION ON DRAFT DECISIONS (only PCB members)

**PRE-PCB MEETING SESSIONS:** 4 and 5 December 2023 (13:00-16:00 CET)  
**CONSULTATION ON DRAFT DECISIONS:** 7 December 2023 (13:00-15:00 CET)

Informal, virtual sessions to address specific agenda items will be organized by the PCB Chair prior to the PCB meetings. At these pre-meeting sessions, the Secretariat and other agenda item leads will provide detailed presentations and overviews of their papers and the proposed decisions so that PCB participants may be acquainted with the content, seek clarification on any issues, and consider the proposed decision points.

**All pre-meetings will be held virtually** through the Zoom platform. Interpretation in the two working languages of UNAIDS, English and French, will be available.

The presentations for each agenda item will be made available to the registered participants on a secure online platform in advance of the pre-meeting sessions and consultation. Recordings of the presentations given at the pre-meeting sessions will also be added to the secure online platform following the relevant pre-meeting.

### 4. DOCUMENTS

Documents for the 53rd PCB can be easily accessed on the dedicated UNAIDS webpage in English and French, as they become available: [53rd meeting, UNAIDS Programme Coordinating Board, 12-14 December 2023 | UNAIDS](https://www.unaids.org/en)
Delegates who will join the meeting in-person are reminded that in the spirit of ‘Greening the Blue’, PCB meetings are paperless since 2019. Participants are encouraged to consult the documents on the PCB website and download for print only if needed.

**5. DELIVERING STATEMENTS AND SPEAKING IN PLENARY**

To support the accuracy of interpretation, PCB members and observers are requested to submit written statements for each agenda item **in advance of the meetings**. Statements should be submitted to pcbgovernance@unaids.org. These statements will be made available on a secure website. All registered participants will have access to the secure website.

In-person delegates will be able to ask for the floor during the plenary sessions by “raising their nameplate” while online participants will be able to ask for the floor during the plenary sessions by using the “raise hand” feature on the Zoom platform.

In the event of technical difficulties on the Zoom platform, participants can also make their comments through the chat function of the virtual meeting application.

**6. TIPS FOR SPEAKERS IN A MULTILINGUAL MEETING**

Whether you are chairing or participating in a multilingual meeting, it is useful to think about how your message gets across through interpretation. The interpreters are there to help the meeting proceed as if everyone was speaking the same language.

- Speak at a reasonable pace. Rapid delivery risks impeding clarity and accuracy in interpretation.
- Speaking is better than reading.
- If you have to “read” your statement, make sure the Secretariat has a copy of your text in advance.
- For guidance, two minutes is roughly equivalent to 220 words while three minutes to 330 words.
- Quote document references.
- State figures and names clearly.
- Explain acronyms.

**7. DECISION MAKING**

To facilitate consensus on decision making, the pre-meeting sessions will provide an opportunity to raise and address concerns regarding the decision points proposed in the PCB papers.

As agreed in the the modalities and procedures for UNAIDS PCB meetings in 2023 (UNAIDS/PCB (52)/23.2, §14-16), a virtual consultation focused on reviewing all proposed decision points may be held at the discretion of the PCB Bureau with PCB members and participants.

Amendments to the proposed decision points are requested to be made in advance of the PCB meetings to allow for circulation amongst and consideration by PCB members and participants.

In accordance with the modus operandi, if necessary, drafting sessions will be held in person. The PCB Chair will announce the date and timing of drafting sessions if required. Drafting sessions will not be streamed online and PCB members, participants and observers therefore must be present in person to participate.
If necessary, the Chair foresees the following potential drafting sessions with PCB Members, to be held in-person) to reach consensus on the decision points:

- **Tuesday, 12 December 2023:** 19:00 – 21:00 CET
- **Wednesday, 13 December 2023:** 19:00 – 21:00 CET

**8. TECHNICAL REQUIREMENTS AND ASSISTANCE FOR ONLINE PARTICIPANTS**

Registered delegates for online participants will receive a unique Zoom link for each meeting they signed up to through the Indico registration platform. **Participants should not forward or share their unique Zoom links for security reasons.** Participants are also requested to remain connected for the full duration of the sessions, even during the breaks, as additional security checks are required for each connection.

IT support for the testing of the Zoom platform will be available at the following email address: PCBITSupport@unaids.org.

Online participants will be able to test their sound and video in advance of each meeting as follows:

- **53rd PRE-PCB MEETING SESSIONS:** between 12:30 – 13:00 CET
- **53rd PCB CONSULTATION ON DRAFT DECISIONS:** between 12:30 – 13:00 CET
- **53rd PCB MEETING:** between 08:30 – 09:00 CET

To support participants’ access and use of the Zoom platform, kindly see the below tips:

- **Unique link:** Each participant will receive a unique link to join the Zoom meeting. **Participants should not share or forward their link.** This link applies identifying information that allows the Secretariat to cross-check with registration.

- **Naming convention:** The individual link for each participant will enforce a naming convention for the meeting.

  For member states, this will be MS – Country Name – Participant name.
  For observers, it will be denoted as Observer States/NGO – Country/Organization name - Participant name.

- **Requesting the floor:** When the Chair opens the floor following the agreed upon approach (Member states, NGO Delegation, Cosponsors followed by observer states, observer NGOs, and observer intergovernmental organizations), participants will be invited to request the floor using the raised-hand function. To do so, click on the participants button at the bottom center of the screen. Participants who have raised their hand will then be invited by the moderator to unmute to speak on a rolling basis.

- **Taking the floor:** All participants are muted upon entry. When the Chair grants the floor to an online participant, a box will pop up requesting the participant to accept to be un-muted. In order to speak, participants will need to accept this request, at which point they will be able to address the meeting.

- Participants are encouraged to consider the following **tips for remote speakers:**
  
  o Prefer the use of ethernet connection over WiFi;
  o Turn off sound notifications (emails, WhatsApp, etc.);
- Participate from indoors and eliminate background noise by closing doors and windows;
- On video, ensure that you have a solid-colored background and that any visual distractions are kept to a minimum;
- Preferably use individual headsets with high quality microphones; avoid moving the microphone during the virtual sessions; avoid using a Bluetooth headset;
- Use PC or laptop, not a mobile phone or an iPad;
- Ensure that your location is as soundproof and echo-free as possible.

**PART 2: Practical information for in-person participants**

**1. TRAVEL FOR PCB MEMBERS**

In accordance with the PCB ModusOperandi, UNAIDS will cover the travel costs and per diem in connection with the attendance at this meeting for one representative from each developing country, from each country with an economy in transition and a representative from each of the nongovernmental organizations represented on the Board.

Kindly note that in the interest of cost effectiveness and to facilitate the timely provision of a visa, the Secretariat will not be able to fund the travel of delegates unless their names and contact details are received at least five weeks before the start of the meeting. The final deadline for receipt is close of business on **Thursday, 2 November 2023.**

**2. VISAS FOR PCB MEMBERS AND OBSERVERS**

Attention is drawn to the strict provisions in force regarding entry into Switzerland – those not having the required visa will be refused entry. As of 13 December 2008, Switzerland has applied the Schengen visa regulations. Please refer to the Federal Department of Foreign Affairs informative note on the implementation of Schengen regulations, accessible through the following link:  

Since that date, it is no longer sufficient for a participant to present the invitation letter to obtain a visa. A visa support letter signed by one of the recognized WHO/UNAIDS signatories is now required. Furthermore, UNAIDS has been advised that the visa procedure will be more rigorous and may take up to 21 days or longer. The application must be submitted in good time. Before requesting a visa support letter, participants are advised to contact their nearest Swiss embassy or consulate to determine whether they require a visa. It is understood that the decision of whether to issue a visa to any applicant rests with the competent Swiss authorities.

Delegates requiring the assistance of UNAIDS to obtain a Swiss Schengen visa are kindly invited to indicate this during their Indico registration by carefully providing the following information: last name, first name, title, institution, date and place of birth, passport number, expiry date, date and place of issuance, and by attaching a copy of the passport **at the earliest, in order that action can be taken as soon as possible.**

**IMPORTANT:** For those requiring a visa support letter, please note that **the deadline to register is Thursday, November 2, 2023.**
